Unit 3-Compare & Contrast Writing
Composition focuses on students’ writing skills and develops their ability to compose different types writing assignments for a range of purposes and audiences. This course enables students to explore and practice expository, narrative, compare and contrast as well as refine the art of letter writing, applications and formal documents. Although the course presents some opportunities for creative writing, the focus will remain on nonfiction, scholarly, or formal writing. ESL teachers will use the appropriate leveled language objectives to build lessons for ELLs, which reflects what is covered in the general education program. In this way, all teachers work on the same Student Learning Standards. The design of language objectives are based on the alignment of the World-Class Instructional Design Assessment (WIDA) Consortium’s English Language Development (ELD) standards with the Common Core State Standards (CCSS). WIDA’s ELD standards advance academic language development across content areas, ultimately leading to academic achievement for English learners. As English learners are progressing through the six developmental linguistic stages, this course will assist all teachers working with English learners to appropriately identify the language needed to meet the requirements of the content standard. At the same time, the language objectives recognize the cognitive demand required to complete educational tasks. The teachers will instruct students using the workshop model philosophy with the use of the “I DO, WE DO, YOU DO” method of instruction. Other skills such as grammar, vocabulary, listening, and speaking are infused in the exploration of effective reading and writing. The New Jersey Student Learning Standards are designed to provide a clear understanding of what students are expected to learn, providing teachers and parents the knowledge of what they need to do to help them. The standards are designed to be robust and relevant to the real world, reflecting the information and skills that our young learners need for success in college and careers. It is our goal to establish a community of learners to become productive citizens in society striving towards pursuing their life-long goals. Through an enriching and rigorous education and with on-going support, our students will be fully prepared for the future to compete successfully in the global economy.
### Pacing Chart – Unit 3

Educational Technology Standards

- **Technology Operations and Concepts**
  - Create a personal digital portfolio which reflects personal and academic interests, achievements, and career aspirations by using a variety of digital tools and resources.
  - Produce and edit a multi-page digital document for a commercial or professional audience and present it to peers and/or professionals in that related area for review.

- **Creativity and Innovation**
  - Apply previous content knowledge by creating and piloting a digital learning game or tutorial.

- **Communication and Collaboration**
  - Develop an innovative solution to a real world problem or issue in collaboration with peers and experts, and present ideas for feedback through social media or in an online community.

- **Digital Citizenship**
  - Demonstrate appropriate application of copyright, fair use and/or Creative Commons to an original work.
  - Evaluate consequences of unauthorized electronic access and disclosure, and on dissemination of personal information.
  - Compare and contrast policies on filtering and censorship both locally and globally.

- **Research and Information Literacy**
  - Produce a position statement about a real world problem by developing a systematic plan of investigation with peers and experts synthesizing information from multiple sources.

- **Critical Thinking, Problem Solving, Decision Making**
  - Evaluate the strengths and limitations of emerging technologies and their impact on educational, career, personal and or social needs.
Computer Skills

- **Keyboarding - Demonstrate mastery of:**
  - Home Row
  - Upper Row and Lower Row
  - Number Row
  - Shift Key

- **Basic Computer Skills – Demonstrate mastery of:**
  - Acceptable Use Policies
  - Symbols of Technology
  - Dramatic Digital Video
  - Printer and Scanner
  - Identifying Computer Devices
  - Audience and Media

- **Word Processing- Demonstrate mastery of:**
  - Creating and Organizing Content
  - Revising, Formatting, Proofreading, and Editing
  - Page Layout and Desktop Publishing
  - Copy, Cut, and Paste
  - Insert Clip Art, Columns, and Chart/Table
  - Headers/Footers
  - Bold/Alignment

- **Stamina - In accordance with CCSS.ELA-Literacy.W.8.6**
  - Use technology, including the Internet, to produce and publish writing and **present relationships between information and ideas efficiently** as well as to interact and collaborate with others.
Career Ready Practices describe the career-ready skills that all educators in all content areas should seek to develop in their students. They are practices that have been linked to increase college, career, and life success. Career Ready Practices should be taught and reinforced in all career exploration and preparation programs with increasingly higher levels of complexity and expectation as a student advances through a program of study.

- **CRP1.** Act as a responsible and contributing citizen and employee.
- **CRP2.** Apply appropriate academic and technical skills.
- **CRP3.** Attend to personal health and financial well-being.
- **CRP4.** Communicate clearly and effectively and with reason.
- **CRP5.** Consider the environmental, social and economic impacts of decisions.
- **CRP6.** Demonstrate creativity and innovation.
- **CRP7.** Employ valid and reliable research strategies.
- **CRP8.** Utilize critical thinking to make sense of problems and persevere in solving them.
- **CRP9.** Model integrity, ethical leadership and effective management.
- **CRP10.** Plan education and career paths aligned to personal goals.
- **CRP11.** Use technology to enhance productivity.
- **CRP12.** Work productively in teams while using cultural global competence.
### WIDA Proficiency Levels
At the given level of English language proficiency, English language learners will process, understand, produce or use:

<table>
<thead>
<tr>
<th>Level</th>
<th>Proficiency</th>
</tr>
</thead>
</table>
| 6- Reaching | - Specialized or technical language reflective of the content areas at grade level  
- A variety of sentence lengths of varying linguistic complexity in extended oral or written discourse as required by the specified grade level  
- Oral or written communication in English comparable to proficient English peers |
| 5- Bridging | - Specialized or technical language of the content areas  
- A variety of sentence lengths of varying linguistic complexity in extended oral or written discourse, including stories, essays or reports  
- Oral or written language approaching comparability to that of proficient English peers when presented with grade level material. |
| 4- Expanding | - Specific and some technical language of the content areas  
- A variety of sentence lengths of varying linguistic complexity in oral discourse or multiple, related sentences or paragraphs  
- Oral or written language with minimal phonological, syntactic or semantic errors that may impede the communication, but retain much of its meaning, when presented with oral or written connected discourse, with sensory, graphic or interactive support |
| 3- Developing | - General and some specific language of the content areas  
- Expanded sentences in oral interaction or written paragraphs  
- Oral or written language with phonological, syntactic or semantic errors that may impede the communication, but retain much of its meaning, when presented with oral or written, narrative or expository descriptions with sensory, graphic or interactive support |
| 2- Beginning | - General language related to the content area  
- Phrases or short sentences  
- Oral or written language with phonological, syntactic, or semantic errors that often impede the communication when presented with one to multiple-step commands, directions, or a series of statements with sensory, graphic or interactive support |
| 1- Entering | - Pictorial or graphic representation of the language of the content areas  
- Words, phrases or chunks of language when presented with one-step commands directions, WH-, choice or yes/no questions, or statements with sensory, graphic or interactive support |

Health: “Water and an Apple”

- This article makes a connection to healthy eating habits. Students can compare and contrast the importance of having a healthy diet and developing healthy eating habits versus eating junk food.

Social Studies: “Manhattan, New York City”

- Students will be exposed to the transformation of New York City’s landscape (architecture – Empire State Building, Chrysler Building), population (immigration and establishment of ethnic neighborhoods), and transportation (NYC subway, bridges / tunnels). Students can develop skills relating to social studies, math and art by analyzing map of New York City. Students can compare and contrast various landscape in NYC.

Social Studies: “The Wedding Reception”

- Students will be exposed to the topic of wedding customs and traditions. Students can compare and contrast American customs to that of their native country.
**Enrichment**

The goal of Enrichment is to provide learners the opportunity to participate in extension activities that are differentiated and augment the district’s curriculum. Teachers are to accommodate based on student individual needs.

| Seeking to build each learner’s capacity to do the following: | • Open-ended activities and projects  
• Form and build on learning communities  
• Providing pupils with experiences outside the ‘regular’ curriculum  
• Altering the pace the student uses to cover regular curriculum in order to explore topics of interest in greater depth/breadth within their own grade level.  
• A higher quality of work than the norm for the given age group.  
• The promotion of a higher level of thinking and making connections.  
• The inclusion of additional subject areas and/or activities (cross-curricular).  
• Using supplementary materials in addition to the normal range of resources. |
| --- | --- |
| • Show a high degree of intellectual, creative and/or artistic ability and demonstrate this ability in multiple ways.  
• Pose questions and exhibit sincere curiosity about principles and how things work.  
• The ability to grasp concepts and make real world and cross-curricular connections.  
• Generate theories and hypotheses and pursue methods of inquiry.  
• Produce products that express insight, creativity, and excellence.  
• Possess exceptional leadership skills.  
• Evaluate vocabulary  
• Elevate Text Complexity  
• Inquiry based assignments and projects  
• Independent student options  
• Tiered/Multi-level activities  
• Purposeful Learning Center |

# Writing Rubric of the WIDA Consortium (Grades 1-12)

<table>
<thead>
<tr>
<th>Task Level</th>
<th>Linguistic Complexity</th>
<th>Vocabulary Usage</th>
<th>Language Control</th>
</tr>
</thead>
<tbody>
<tr>
<td>Entering</td>
<td>Single words, set phrases or chunks of simple language; varying amounts of text may be copied or adapted; adapted text contains original language.</td>
<td>Usage of highest frequency vocabulary from school setting and content areas.</td>
<td>Generally comprehensible when text is copied or adapted from model or source text; comprehensibility may be significantly impeded in original text.</td>
</tr>
<tr>
<td>Emerging</td>
<td>Phrases and short sentences; varying amount of text may be copied or adapted; some attempt at organization may be evidenced.</td>
<td>Usage of general language related to the content area; lack of vocabulary may be evident.</td>
<td>Generally comprehensible when text is adapted from model or source text, or when original text is limited to simple text; comprehensibility may be often impeded by errors.</td>
</tr>
<tr>
<td>Developing</td>
<td>Simple and expanded sentences that show emerging complexity used to provide detail.</td>
<td>Usage of general and some specific language related to the content area; lack of needed vocabulary may be evident.</td>
<td>Generally comprehensible when writing in sentences; comprehensibility may from time to time be impeded by errors when attempting to produce more complex text.</td>
</tr>
<tr>
<td>Expanding</td>
<td>A variety of sentence lengths of varying linguistic complexity; emerging cohesion used to provide detail and clarity.</td>
<td>Usage of specific and some technical language related to the content area; lack of needed vocabulary may be occasionally evident.</td>
<td>Generally comprehensible at all times, errors don’t impede the overall meaning; such errors may reflect first language interference.</td>
</tr>
<tr>
<td>Bridging</td>
<td>A variety of sentence lengths of varying linguistic complexity in a single organized paragraph or in extended text; cohesion and organization</td>
<td>Usage of technical language related to the content area; evident facility with needed vocabulary.</td>
<td>Approaching comparability to that of English proficient peers; errors don’t impede comprehensibility.</td>
</tr>
<tr>
<td>Reaching*</td>
<td>A variety of sentence lengths of varying linguistic complexity in a single tightly organized paragraph or in well-organized extended text; tight cohesion and organization</td>
<td>Consistent use of just the right word in just the right place; precise Vocabulary Usage in general, specific or technical language.</td>
<td>Has reached comparability to that of English proficient peers functioning at the “proficient” level in state-wide assessments.</td>
