Supplemental ESL I

Living Things
Reading: Fiction & Non Fiction
Writing: Poetry

Grades 2/3:
Unit 4
(1-2.4)
Course Description
(Workshop Model)

Supplemental English as a Second Language consists of developing reading, writing, speaking, and listening skills. During Supplemental ESL instruction, students will learn to use reading and writing strategies to help them become effective English language readers and writers. ESL teachers will use the appropriate leveled language objectives to build lessons for ELLs, which reflects what is covered in the general education program. In this way, all teachers work on the same Student Learning Objectives connected to the Common Core standards. The design of language objectives are based on the alignment of the World-Class Instructional Design Assessment (WIDA) Consortium’s English Language Development (ELD) standards with the Common Core State Standards (CCSS). WIDA’s ELD standards advance academic language development across content areas, ultimately leading to academic achievement for English learners. As English learners are progressing through the six developmental linguistic stages, this course will assist all teachers working with English learners to appropriately identify the language needed to meet the requirements of the content standard. At the same time, the language objectives recognize the cognitive demand required to complete educational tasks. The teachers will instruct students using the workshop model philosophy with the use of the “I DO, WE DO, YOU DO” method of instruction. Other skills such as grammar, vocabulary, listening, and speaking are infused in the exploration of effective reading and writing. The Common Core State Standards are designed to provide a clear understanding of what students are expected to learn, providing teachers and parents the knowledge of what they need to do to help them. The standards are designed to be robust and relevant to the real world, reflecting the information and skills that our young learners need for success in college and careers. It is our goal to establish a community of learners to become productive citizens in society striving towards pursuing their life-long goals. Through an enriching and rigorous education and with on-going support, our students will be fully prepared for the future to compete successfully in the global economy.

- **Technology Operations and Concepts**
  - Identify the basic features of a computer and explain how to use them effectively.
  - Use technology terms in daily practice.
  - Discuss the common uses of computer applications and hardware and identify their advantages and disadvantages.
  - Create a document with text using a word processing program.

- **Creativity and Innovation**
  - Illustrate and communicate original ideas and stories using digital tools and media-rich resources.

- **Communication and Collaboration**
  - Engage in a variety of developmentally appropriate learning activities with students in other classes, schools, or countries using electronic tools.

- **Digital Citizenship**
  - Model legal and ethical behaviors when using both print and non-print information by citing resources.

- **Research and Information Literacy**
  - Use digital tools and online resources to explore a problem or issue affecting children, and discuss possible solutions.

- **Critical Thinking, Problem Solving, and Decision-Making**
  - Use mapping tools to plan and choose alternate routes to and from various locations.

## Computer Skills

### Basic Computer Skills
- Turn the monitor and computer on and off
- Log on and off of the computer
- Log on to the computer with user ID
- Verbally identify and use all computer parts

### Word Processing Skills
- Locate and use Function Keys
- Type, edit and print simple sentences
- Capital letter at beginning of sentence
- Spacebar once between words and sentences
- Period/Question Mark at the end of sentence

### Keyboarding Skills
- Demonstrate awareness of home row keys
- Demonstrate proper fingering of home row keys

### Programs
- Microsoft Word
Career Ready Practices

Career Ready Practices describe the career-ready skills that all educators in all content areas should seek to develop in their students. They are practices that have been linked to increase college, career, and life success. Career Ready Practices should be taught and reinforced in all career exploration and preparation programs with increasingly higher levels of complexity and expectation as a student advances through a program of study.

- **CRP1.** Act as a responsible and contributing citizen and employee.
- **CRP2.** Apply appropriate academic and technical skills.
- **CRP3.** Attend to personal health and financial well-being.
- **CRP4.** Communicate clearly and effectively and with reason.
- **CRP5.** Consider the environmental, social and economic impacts of decisions.
- **CRP6.** Demonstrate creativity and innovation.
- **CRP7.** Employ valid and reliable research strategies.
- **CRP8.** Utilize critical thinking to make sense of problems and persevere in solving them.
- **CRP9.** Model integrity, ethical leadership and effective management.
- **CRP10.** Plan education and career paths aligned to personal goals.
- **CRP11.** Use technology to enhance productivity.
- **CRP12.** Work productively in teams while using cultural global competence.

| **6- Reaching** | - Specialized or technical language reflective of the content areas at grade level  
- A variety of sentence lengths of varying linguistic complexity in extended oral or written discourse as required by the specified grade level  
- Oral or written communication in English comparable to proficient English peers |
| **5- Bridging** | - Specialized or technical language of the content areas  
- A variety of sentence lengths of varying linguistic complexity in extended oral or written discourse, including stories, essays or reports  
- Oral or written language approaching comparability to that of proficient English peers when presented with grade level material. |
| **4- Expanding** | - Specific and some technical language of the content areas  
- A variety of sentence lengths of varying linguistic complexity in oral discourse or multiple, related sentences or paragraphs  
- Oral or written language with minimal phonological, syntactic or semantic errors that may impede the communication, but retain much of its meaning, when presented with oral or written connected discourse, with sensory, graphic or interactive support |
| **3- Developing** | - General and some specific language of the content areas  
- Expanded sentences in oral interaction or written paragraphs  
- Oral or written language with phonological, syntactic or semantic errors that may impede the communication, but retain much of its meaning, when presented with oral or written, narrative or expository descriptions with sensory, graphic or interactive support |
| **2- Beginning** | - General language related to the content area  
- Phrases or short sentences  
- Oral or written language with phonological, syntactic, or semantic errors that often impede the communication when presented with one to multiple-step commands, directions, or a series of statements with sensory, graphic or interactive support |
| **1- Entering** | - Pictorial or graphic representation of the language of the content areas  
- Words, phrases or chunks of language when presented with one-step commands directions, WH-, choice or yes/no questions, or statements with sensory, graphic or interactive support |

Interdisciplinary Connections

**Science**: Grow a Plant
At [www.bbc.co.uk/schools/science_clips/ages/5_6/growing_plants_fs.shtml](http://www.bbc.co.uk/schools/science_clips/ages/5_6/growing_plants_fs.shtml) students can grow a plant, labeling the parts of the plant, and take a quiz on their knowledge of plant growth. Comprehension Clubs- “Living Things”

**Science/Literacy**: Who Eats What?
Fountas & Pinnell, “Comprehension Clubs Implementation Guide” p. 95. Invite children to work in pairs to make a game that matches predators and prey from the reading. Have them use 12 index cards to draw and label six different predators and their prey. When the card are ready, children can place them facedown and invite other children to turn cards over and make matches. Comprehension Clubs- “Living Things”

**Technology**
Have students use Microsoft Word to type and edit one of this unit’s writing activities. Assist students in utilizing the cut and paste commands to move whole highlighted sentences or blocks of text. If the drag and drop function is available, have students practice highlighting and using that function.

**Art**
Have students make a wall spider. Students draw or paint individual spiders to place on the classroom bulletin board.
Comprehension Clubs- “A House Spider’s Life”
## Enrichment

### Seeking to build each learner’s capacity to do the following:

- Show a high degree of intellectual, creative and/or artistic ability and demonstrate this ability in multiple ways.
- Pose questions and exhibit sincere curiosity about principles and how things work.
- The ability to grasp concepts and make real world and cross-curricular connections.
- Generate theories and hypotheses and pursue methods of inquiry.
- Produce products that express insight, creativity, and excellence.
- Possess exceptional leadership skills.
- Evaluate vocabulary
- Elevate Text Complexity
- Inquiry based assignments and projects
- Independent student options
- Tiered/Multi-level activities
- Purposeful Learning Center

### Open-ended activities and projects
- Form and build on learning communities
- Providing pupils with experiences outside the ‘regular’ curriculum
- Altering the pace the student uses to cover regular curriculum in order to explore topics of interest in greater depth/breadth within their own grade level.
- A higher quality of work than the norm for the given age group.
- The promotion of a higher level of thinking and making connections.
- The inclusion of additional subject areas and/or activities (cross-curricular).
- Using supplementary materials in addition to the normal range of resources.
### Required District/State Assessments

- Star Early Literacy or STAR Reading (Students with CPL ≥3.5)
- NJDOE Model Curriculum Unit Assessment (Students with CPL ≥3.5)
- ESL Unit Level 1-2 Assessment (Students with CPL ≤3.4)
- W-APT oral language proficiency test / ACCESS

### Suggested Formative/Summative Classroom Assessments

- Short constructed response questions
- Multiple Choice questions
- Academic/Domain specific vocabulary
- Quizzes Summative chapter tests
- Journals
- Essays
- Quick writes
- Accountable Talk
- Projects
- Portfolio
- Observation
- Exit Slips
- Graphic Organizers
- Presentations (incorporating Web 2.0 tools)

Guided Reading Program

GUIDED READING: Nonfiction

Guided reading is an instructional approach that involves a teacher working with a small group of students who demonstrate similar reading behaviors and can all read similar levels of texts.

**Student in Grades 2 and 3 should work towards displaying the following reading behaviors by the end of the school year:**

- Uses multiple sources of information to figure out words rapidly while focusing on meaning
- Flexibly applies word-solving strategies to more-complex, multisyllabic word
- Demonstrates facility in interpreting text while reading orally, with fluency and phrasing
- Reads orally with high accuracy in most instances, not stopping to self-correct errors in the interest of fluency and phrasing
- Reads silently, except during assessment or to demonstrate text interpretation
- After reading longer sections of text, predicts outcomes, problem resolutions, and character changes
- Remembers details and sustains attention to meaning through a longer text
- Demonstrates understanding and facility at interpretation after silent reading
- Makes connections between the text read and other books
- Goes beyond the text to make more sophisticated interpretations
Guided Reading Program

Running Records

A running record is a tool used to assess students’ reading behaviors and comprehension. A benchmark book and a running record form, with text from the book, are used for assessment. Analyzing students’ performance will help teachers identify students’ reading levels, check their fluency, find weaknesses in comprehension and plan effective guided reading instruction.

Notes to Teacher:

- Benchmark books, identified in the guided reading program, are to be utilized for assessment purposes only.
- Running records will be administered to students as part of the ESL Unit assessments.

*School based resources can be used in addition to the above required resources, but cannot replace the resources in the unit.*
