### MEMORANDUM

To: PPS Principals and Site Based Administrators  
RE: Paterson Museum Student Art Exhibition (PMSAE)  
Date: 1/26/18

This memo is forwarded to request permission for the arts educators to assist as listed in the table below; to further communicate information regarding the most celebrated school-to-community partnerships in our historic city! Now in its sixth year renaissance under the auspices of a most dynamic scholarly team of visual arts educators, this exhibit is the forerunner of trans-disciplinary learning and 21<sup>st</sup> century skills for many local and collegiate art exhibits. PMSAE of Paterson, New Jersey continues its success because of your collaboration and support. Together, the approvals will assure continued participation in our city wide arts event for our teachers, students and our visiting stakeholders (parents, family, and community friends). As always your help is appreciated!

The proposed time frame of requested approvals is as follows:
