INTRODUCTION

It is the mission of the Paterson Public School District to prepare each student to be successful in the institution of higher education of their choosing and in their chosen career. The District’s vision is to be a leader in educating New Jersey’s urban youth. This Student Code of Conduct Handbook is aligned with Priority II of the District’s Brighter Futures Strategic Plan for 2014-2019: Safe, Caring and Orderly Schools.

The District recognizes that students have a fundamental right to a thorough and efficient public education, and that students have a corresponding duty to cooperate with teachers and administrators in fostering a school environment that is conducive to learning. Because school attendance and good discipline are essential to an orderly and effective learning environment, it is the duty of the school community to ensure that its members respect one another. Students, families, and schools must work together to achieve this goal.

The District acknowledges its legal and moral responsibility to provide an atmosphere for a sound educational program promoting optimum conditions for learning. Violations of school rules and District policies by students are addressed in accordance with the Code of Conduct. The Code of Conduct provides guidelines for school responses to misconduct that take into account, at a minimum, the severity of the offenses, the developmental ages of the student offenders, and students’ histories of inappropriate behaviors.

This Handbook is designed to give students, parents, teachers, and school administrators an easily understandable set of expectations for conduct and standards for correction that will ensure due process and accountability throughout the District.

Please familiarize yourself with this Handbook. We appreciate your understanding and support in ensuring that our schools are an educationally sound and safe place to learn.

**Guidance Counselor**

The guidance counselor at the school will be available to advise students and parents regarding courses, course-level selection, required course distribution, credit requirements, and issues of promotion and graduation.
Academic Integrity
Grades will be based on each student’s academic performance and may only be lowered as a direct penalty for plagiarism or other forms of academic dishonesty.

Homework
Homework is an opportunity to extend student learning beyond the school day and may be assigned to promote the development of study skills, effective time management, independence, responsibility, and academic confidence. Teachers may not assign homework as a form of disciplinary action.

Failure to complete homework on time may negatively affect a student's grades. If there is a good reason why homework cannot be completed on time, the student or their parent should contact the teacher in advance. Students are expected to complete missed homework assignments in the event of absence for any reason.

Report Cards & Progress Reports
Report cards will be distributed four (4) times per year, at the end of each marking period. Additionally, progress reports will be distributed approximately every forty-five (45) days, in the middle of each marking period.

Retention/Promotion
The Paterson Public School District is taking many steps to significantly improve student achievement. One of these steps includes putting an end to “social promotion” (promoting students from one grade level to the next when the child has not demonstrated sufficient educational growth during the school year).

It is important for all parents to understand that if their child’s educational performance does not meet the District’s promotion policy, the student will be retained. The student will be required to attend a mandatory summer school program and show adequate growth, based on District guidelines, before being promoted to the next grade level.

This means that the District will not promote students to the next grade level until they clearly demonstrate proficiency in language arts and mathematics or growth in these subject areas as measured by District-wide multiple measures.

Student Attendance
Students are expected to attend school every day and to arrive on time. Regular attendance is essential for a student to make the most of his or her education. Every effort should be made to avoid unnecessary absences and instances of lateness. Students who are chronically late to school or class, or skip instructional or non-instructional periods, or are absent from school or class without prior excuse will be subject to consequences, which are described in the charts of attendance penalties attached at the end of this Handbook.

Students who are absent from school will be excluded from that day’s athletic and/or after-school activities. Additionally, unexcused absences from school or class may result in disciplinary action. All disciplinary actions shall be subject to the availability of school resources and supervisory personnel.

Each time a student is absent from school or class without prior excuse, the student’s parent will receive an automated telephone call. The parent may be asked to explain the reason for the student’s absence.
Students who are chronically absent or late will be referred to the school Intervention and Referral Team to determine appropriate interventions and to the school attendance officer to determine if a truancy investigation is warranted. Students who reach twenty (20) or more unexcused absences in any one class may not receive course credit for that class. Twenty (20) or more unexcused absences from school may result in a loss of credit for the school year and grade retention.

After the twentieth unexcused absence from school, the school will hold a hearing to determine whether credit recovery should be made available through an alternative education program.

**High School Students (only)**

**Attendance Steps for Students 16 Years Old and Younger**

If a student has 20 unexcused absences at the end of 2ND marking period, the building Principal may recommend placement in SILK City Academy or another alternative placement pending funding and availability.

**Attendance Steps For Students 17 Years Old and Older**

If the student has accumulated 20 unexcused absences, they may be referred to attend SILK City Academy, the Adult School or another alternative placement pending funding and availability.

If all measures have been exhausted and recommended by the building Principal, after the student has accumulated 40 days of unexcused absences they will be dropped from roll and referred to NJ Youth Core, Youth Build or another alternative placement.

*Students who lose credit for the year or are dropped from roll for attendance purposes may re-enroll at their home school the following year.*

**Excused Absences**

Parents/guardians who expect their child will be absent from school are asked to call the school’s Main Office to notify the school secretary. Absences from school or class due to religious observance, illness, family emergency, or participation in a school-approved activity will be excused only if verified by appropriate documentation. Documentation must be presented in the Main Office within two days after a student returns to school.

Students who are absent due to religious observance must provide written notice signed by their parent prior to the day of absence. For absences due to family emergencies, students must provide written notice signed by the parent. For absences lasting five (5) or more days due to illness, the student must provide a doctor’s note.

**Late Arrivals**

Students who arrive late to school will not be turned away and will be permitted to enter the school building regardless of their time of arrival. Students who are late to school will receive credit for classes attended but will not receive credit for any classes missed that day. Any student who arrives late must
report directly to the school’s designated sign-in location to be processed for purposes of attendance and to avoid being marked absent for the day.

**Cutting Class**

Students must attend scheduled classes on a regular basis in order to keep up with coursework, achieve course objectives, learn skills and acquire knowledge, and earn the course credits required for grade promotion graduation from high school. Absences from class can seriously disrupt the learning process. Cutting class means being absent from a scheduled class without permission. This includes instructional periods as well as lunch and activities such as assemblies.

**Student Arrival and Dismissal**

Students may be picked up from school only by their parent or by another non-student adult who has been authorized by the student’s parent in writing or by designation on the school’s emergency contact form. Prior authorization must be submitted to the Main Office and signed by the student’s parent. Authorized adults must come to the Main Office with photo identification.

Students must be in school for at least four hours per day in order for the day not to be counted as an absence. No student will be released by telephone request.

Additionally, the District has updated its arrival and dismissal procedures and is introducing two (2) new forms that students, parents, and staff should know about. These forms are described below and are attached at the end of this Handbook.

**Arrival:**

- Students may enter the school building only after the first school bell rings, at 8:15 a.m. Therefore, parents should be sure NOT to drop their children off at school prior to 8:15 a.m., as no certificated staff will be available to supervise students before that time. If a student is dropped off earlier, he or she will remain outside, unsupervised, even in the event of inclement weather such as rain, snow, or falling temperatures.
- The school may notify local law enforcement and/or DCPP if we believe that a child’s early arrival at school endangers their health and well-being.

**Dismissal:**

- Students should leave school promptly when dismissed, or else face consequences such as written warnings, referrals to local law enforcement and/or DCPP, and home address verification.
- Students in grades Pre-K through 6 will be released only to their parent/guardian at dismissal time, unless the parent/guardian has submitted either (a) an Unaccompanied Dismissal Permission Form, or (b) a Pick-Up Permission Form.
- Parents must submit the Unaccompanied Dismissal Permission Form if they wish to allow their child to walk home alone after school, without an escort. Only students in grades 2 through 6 may walk home alone. Students in Pre-K and grade 1 will not be released without an escort.
- Parents must submit the Pick-Up Permission Form if they wish to allow someone other than a parent to escort their child from school. Only individuals named as “emergency contacts” on this form may escort the student. Students will not be released to any individual who is not listed on this form, or who is unable to provide photo ID.
**Grievances**

Student grievances are complaints that arise out of the acts or policies of the District or its employees. It is the right of every student to seek a redress of grievances without fear of retaliation or reprisal.

A student or their parent must first attempt to resolve a grievance directly and informally by making the grievance known to a guidance counselor or to the staff member who is the subject of the grievance. If the grievance cannot be resolved informally, the student must prepare a written statement describing the nature of the specific grievance, the facts that gave rise to it, the resolution sought by the student, and the reasons why such a resolution is appropriate. The student must then submit his or her written grievance to the school principal for an opportunity to be heard.

If an appropriate resolution is not reached, the student may then submit the written grievance to the Superintendent for hearing, and then to the Board. The student will have an opportunity to appeal any decision by the Board to the State Commissioner of Education.

**Student Records**

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of students’ educational records and affords certain rights for parents and eligible to access, and dispute, the contents of these records. These rights belong to parents only with respect to their children’s educational records, and they transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

Parents or eligible students have the right to inspect and review the student's educational records. Schools do not have to provide copies of records unless extenuating circumstances make it too difficult to review the records at the location designated by the school. Schools may charge a fee for copies.

Parents and eligible students have the right to request that school correct records, which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to include a statement in the record describing his or her view about the contested information.

Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions:

- School officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific state law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them.
Infinite Campus

Infinite Campus is a web-based student information system, which is designed to improve access to student data and communication between faculty, parents and students. Commencing in the 2018-2019 school year, we will be launching the district wide Campus Student Portal and Campus Parent Portal that provides access to Infinite Campus student information. Parents and students can use the portal to check grades, attendance, view their schedule, and other tasks. It is important that contact information is current throughout the year in order to ensure access to our system. Please contact your child(ren) school secretary to ensure that your contact information is current.
Use of Technology, Social Media, and Electronic Devices

Policy & Regulation 2361 (Acceptable Use of Technology and Social Media), 5516 (Use of Electronic Communication and Recording Devices), 5770 (Pupil Right of Privacy), 7441 (Electronic Surveillance in School Buildings and on School Grounds)

The District is committed to supporting and facilitating the responsible use of technology and social media for educational purposes but reserves the right to limit in-school use to educationally appropriate materials. Our district 1:1 initiative will afford all high school students an opportunity to receive a device to aid them in their academic programs.

Students are required at all times to comply with District policies and regulations regarding the acceptable use of technology, social media and the Internet. Guidelines for acceptable use are included in the “Student/Parent Agreement” attached at the end of this Handbook. All students must carefully review, sign and return (with their parent’s signature) a copy of the agreement in order to use technology and the Internet at school.

For safety purposes, students are permitted to have personal cellular phones in school, but these devices must remain turned off during instructional class time, including all testing, unless they are being used for approved instructional purposes. Other kinds of privately owned technology are prohibited in school, except as permitted by the school principal. The District does not provide access to its computer network(s) for such devices, and assumes no responsibility for students’ privately owned technology. In the unlikely event that a student is responsible for the loss or theft of District-issued technology, the District may impose disciplinary sanctions or enforce financial obligations against the student.

Students must exercise reasonable care and good judgment when using technology or engaging in electronic communications. Websites visited or electronic files stored on District devices and networks can be reviewed by administrators. Additionally, students should be aware that all school buildings and school grounds may be monitored with electronic surveillance systems that the District has installed to enhance the safety and security of the school community. Therefore, while the expectation of privacy in school and on school grounds should be limited, none should exist when using the District’s technology.

Video or audio recordings of students or staff members that are made without permission may violate legitimate privacy interests and can disrupt the educational process. Moreover, students’ names, photos or images, residential addresses, e-mail addresses, phone numbers and locations of students constitute personally identifiable information that cannot be recorded or published without the consent of students and their parents.

Accordingly, students are prohibited from turning on or using audio/video recording devices or transmitters on school grounds during the school day, on school transportation, and at school events or school-sponsored activities, except in emergency situations or with permission from school staff and with proper parental consent.

In the event that a student obtains permission from a school staff member to capture or transmit any audio and/or video recording of a curricular or school-sponsored activity where other students or staff members are present, the student must also obtain permission for the recording from every other student and their parents and/or staff members whose voice or image may appear in the recording.

Parents who wish to permit their children to participate in publicity opportunities must complete and return the Media Release and Permission for Student Publicity form, which is attached at the end of this Handbook.
Expectations for Student Conduct

The District recognizes the vital role of parents in the welfare and education of their children and the pivotal part they play in shaping character and values. It is the responsibility of parents to ensure student punctuality, attendance, cleanliness and propriety of dress.

Students are expected to demonstrate courtesy and respect to all members of the school community, to avoid behaviors that are offensive, and to stop those behaviors when asked or told to stop. Additionally, they must at all times comply with Federal and State laws, District policies and regulations, and instructions from school authorities.

Students are required to adhere to the following guidelines:

- Come to school on time every day
- Focus on academics above all else
- Be prepared for class, take pride in your work, and complete all classwork and homework on time
- Be honest and trustworthy and honor your commitments
- Be courteous, kind, and polite
- Be sensitive to the needs and concerns of others
- Be considerate of other people’s differences
- Be careful, cautious, and think before you speak or act
- Be a good sport whether you win or lose
- Respect others and their property
- Respect yourself and stay away from drugs, alcohol, and tobacco
- Take responsibility for your own conduct and accept its consequences
- Ask for help when you need it
- Follow school rules and expectations

SEXTING
The taking disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal images of photographs, whether by electronic data transfer or otherwise (commonly called texting, sexting, emailing, etc.) may constitute a CRIME under state and/or federal law. Any person taking, disseminating, transferring, or sharing obscene, pornographic, lewd or otherwise illegal images or photographs will be subject to the disciplinary procedures of the school district; and reported to law enforcement and/or other appropriate state or federal agencies, which may result in arrest, criminal prosecution, and LIFETIME inclusion on sexual offender registries.

Harassment, Intimidation, Bullying, and Hazing
If a student believes that he or she has experienced harassment, intimidation, bullying (including cyberbullying), or hazing or has witnessed another student experience these acts, it is important for the student or parent to notify a teacher, counselor, or administrator as soon as possible. The school will investigate the allegations and will take disciplinary action if necessary.

Students who engage in acts of harassment, intimidation, bullying, and hazing will be disciplined according to the Student Code of Conduct. Any retaliation against students who report such incidents is prohibited and will be punished.
Dress Code

Students are required to wear school uniforms as a condition of school acceptance and participation. Students whose parents cannot afford to purchase a school uniform may be eligible to receive up to two uniforms per school year, excluding shoes. The school may request documentation of financial hardship. Principals will make all arrangements with parents.

The District recognizes that styles of grooming and dress communicate individual preferences and can influence student behavior and enhance a school’s learning environment. Students are expected to dress appropriately for school – this means wearing their school’s uniform, being clean and well groomed in appearance and avoiding styles of grooming that disrupt the school environment or distract other students. Such limitations on a student’s taste and individuality are necessary to achieve the educational goals of the school.

Styles that interfere with the school’s educational program and mission of the school will not be tolerated. Clothing or accessories that pose a danger to the health or safety of students, staff, or are injurious to school property are prohibited. Students who do not follow their school’s requirements regarding uniforms may be disciplined.

The following articles may not be worn to school: skirts, dresses, and pants that end higher than mid-thigh; pin curlers and other hair curling aids; outdoor jackets, coats, or hats except when entering or leaving the building and when there is a defect in the heating system; bare feet, unsafe footwear, cleated shoes, flip-flops, and footwear intended for the beach; patches and decorations that are offensive or obscene; clothing that is overly soiled, torn, worn, or defaced; sunglasses except as prescribed by the student’s doctor; apparel and/or accessories which indicate affiliation with any gang, or have references to alcohol or tobacco, or contain profanity or sexual references or innuendoes, or promote racial or ethnic violence; and hats, hoods, visors, headbands and other non-religious headgear.

High school students who participate in various clubs and/or extracurricular groups who have a different uniform shirt may be worn during the day of the event and/or competition. This option is at the discretion of the building principal.

School specific uniforms notification

Lockers and Assigned Storage Areas

Hall and gym lockers and other assigned space may be used as temporary storage for clothes and schoolbooks only. Each student will be held responsible for the condition, cleanliness, and contents of their assigned storage space.

Assigned spaces, including lockers, are the property of the District and may be searched and/or inspected by law enforcement or school authorities at any time and for any reason or no reason. Prohibited items will be confiscated and may be reported to the proper authorities.

In order to avoid theft, loss, or damage, and potential disciplinary action or criminal consequences, students should adhere to the following guidelines:
Keep assigned storage spaces locked at all times
Do not share combinations, keys, or space with other students
Avoid storing money, jewelry, or other valuables

Neither the District, nor school, nor staff members will assume any obligation for the possible theft, loss, or damage of stored contents.

**Alcohol, Tobacco, and Illicit Drugs**
Students, parents, and staff are prohibited from possessing or using alcohol, tobacco, or illicit drugs on school grounds at all times. Any student who is suspected of being under the influence of alcohol or drugs will be referred for a mandatory drug and alcohol screening.
The District aims to foster the health, safety, social, and emotional well-being of all students while supporting civil, safe, secure, supportive, and disciplined school environments that are conducive to learning. Each student will be held responsible for his or her own behavior. Unacceptable conduct will be corrected and, at times, disciplinary action may be imposed to prevent or remediate problem behaviors and promote the achievement of high academic standards.

Code of Conduct
The Code of Conduct provides guidelines for school responses to misconduct that take into account, at a minimum, the severity of the offenses, the developmental ages of the student offenders, and students’ histories of inappropriate behaviors. Students will be subject to appropriate disciplinary action for violations of the Code of Conduct that occur on or off school grounds, including on a school bus or at a school-sponsored function. Approved disciplinary sanctions include:

- Admonishment
- Before/After-School Detention
- Lunch Detention
- Saturday Detention
- Early Dismissal Day Detention
- In-School Suspension
- Out-of-School Suspension
- Expulsion

Where the discipline is greater than an admonishment, the student’s parent will be notified of the offense and of the discipline imposed and will be offered an opportunity to speak with the building Principal. For incidents of misconduct that occur outside of school, disciplinary action may be imposed if it is reasonably necessary for the physical or emotional safety, security, and well-being of the student or for reasons relating to the safety, security, and well-being of other students, staff, or school property. Discipline will be applied without regard to race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability or by any other distinguishing characteristic.

Infractions and Offenses
Appropriate corrective and/or disciplinary measures will be determined based on the nature and severity of the offense and frequency of infraction. Conduct offenses generally fall into three categories of severity, with Category 3 infractions being subject to mandatory and serious disciplinary action. If a student repeatedly commits a Category 1 offense, the next occurrence may be elevated to a Category 2 offense and will be subject to more severe forms of discipline. Charts of specific offenses and disciplinary sanctions are attached at the end of this Handbook.

Special education students are subject to the same disciplinary procedures as non-classified students and may be disciplined in accordance with their IEP or 504 Plan. Prior to suspending a classified student for ten (10) days or more, a Manifestation Determination hearing must be held to determine if the offensive conduct was caused by, or had a direct and substantial relationship to the disability, or was the direct result of a failure to implement the student’s IEP or 504 Plan. In addition, the child’s case manager must be notified prior to the imposition of discipline.
District Commencement Activities: (Please refer to Board Policy 5461 Commencement Activities).
The Board of Education endorses high school graduation activities and ceremonies. The date of high school graduation shall annually be recommended by the Superintendent and approved by the Board of Education.

High school graduation shall not occur prior to completion of the required one hundred eighty days of pupil instruction.

Guidelines for Graduation Year Activities

Pupil participation in special graduation year activities will require conduct of the highest caliber in all school situations.

Criteria for exclusion from these activities concern consistent behavioral patterns and shall include, but not be limited to:

1. Consistent involvement in disciplinary action(s);
2. Suspension; and
3. Collaborative evaluation by the staff.

Graduation Procedures and Ceremonies

No pupil shall be barred from participation in graduation ceremonies for arbitrary or discriminatory reasons. A pupil and parent(s) or legal guardian(s) who may be prevented from participation shall be so notified in advance in a timely manner prior to commencement.

The Superintendent and/or designee will make the final decision regarding who can participate in elementary/high school graduation ceremonies as well as 8th and 12th grade class activities which includes school proms, dances and trips.

Schools who use a student point system or another process to determine student eligibility to participate in school events must have prior written approval from superintendent and/or designee before the program is implemented.
The safety and well-being of all students is important to a successful educational experience. In order to maintain a safe school environment for students, parents, and staff members, the school will cooperate closely with law enforcement and emergency personnel. Any parent who reasonably believes that a student has been or may be abused or neglected must immediately notify a school staff member and call the State Child Abuse Hotline at 1-877-NJ-ABUSE (1-877-652-2873).

Visitors
Parents and others are welcome to visit District schools. For the safety of students and staff, and to avoid disruption of instructional time, all visitors must first report to the Main Office and sign the Visitor’s Book upon entering and exiting the building. Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and only so long as their duration or frequency does not interfere with instruction or disrupt the normal school environment.

Visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted. Teacher conferences should be scheduled in advance so as not to disrupt classes or disturb the schools’ daily routine. All visitors are required to carry and display a visitor’s pass at all times during their visit.

Building Security Surveillance Systems, (if applicable)
[Mr./Ms. School administrators name(s)] and our dedicated security staff will actively monitor student behavior and work cooperatively with all stakeholders to create a safe and orderly school environment. The use of video monitoring devices will be used to monitor school security. The recording of inappropriate student behavior may be used in the determination of appropriate disciplinary actions. In some cases, the video recordings may be forwarded to law enforcement agencies when deemed necessary. All recorded data will be used at the discretion of the Executive Director of School Safety. Staff, students, parents and school administrative personnel are prohibited from viewing and disseminating video footage without written consent of the Executive Director of School Safety.

Student ID Cards
It is our responsibility to create and maintain a safe and orderly environment for all our stakeholders. All high school students will be issued school ID cards that must be visible at all times while within their schools. All students will be responsible to pay for lost and/or damage ID cards at a minimum cost of $5.00.
Any student who becomes ill during school hours must obtain a pass from a teacher or administrator and report to the school nurse in the health office. If a student must be sent home due to illness during the school day, the nurse will contact the student’s parent. No student will be permitted to leave without his or her parent.

**Medication**
Students who require medication during school hours must inform the school nurse. All medication must be stored at the school nurse’s office and consumed under the supervision of the school nurse unless the student’s parent has submitted a signed written authorization permitting the student to self-administer the medication and a written certification from the student’s doctor identifying the particular medication and stating the student is capable of and has been instructed in proper self-administration of the medication.

If a student requires epinephrine via epi-pen during school hours, the student’s parent must submit written authorization for the administration of epinephrine by the school nurse along with written orders from the student’s doctor stating that the student may require epinephrine and does not have the capability to self-administer.

If a student requires the use of a nebulizer during school hours, the student’s parent must submit a treatment plan prepared by the student’s doctor, which identifies asthma triggers.

In all cases, a signed authorization from the student’s parent must state that the school and District will not be held liable for any injury that may arise from the student’s self-administration of medication and that the student and student’s parent will hold harmless the District and its employees and agents against any claims arising from self-administration of medication by the student.

**Healthy Eating and Food Allergies**
The health and well-being of children can significantly affect academic achievement. For students to achieve their full academic potential, full physical and mental growth, and lifelong health and well-being, it is essential that they learn and adopt healthy eating patterns early in life. Students are encouraged to bring only healthy foods to school.

In an effort to protect students who may have dietary restrictions or severe allergies to certain foods or food ingredients, parents and students are prohibited from bringing food or treats to share with the class for holidays and other celebrations.

The Paterson Public School District recognizes that the responsible use of technology and the Internet will enrich teaching and learning in the 21st Century and will prepare students for success in higher education and in their chosen careers. While it is important to ensure that schools have access to these resources, it is equally important for students to use them responsibly and for families to understand that some of the information accessible on-line may be inaccurate or even offensive. Our district 1:1 initiative will afford all high school students an opportunity to receive a device to aide them in their academic programs.

Before allowing your child to access technology and the Internet in school, please review this form with him or her and acknowledge that you each understand and agree to the following terms:

- Students may use technology and the Internet in school for educational purposes only, under the supervision of a teacher or other staff member. The District has no obligation to give students access to these resources.
- Students are expected to avoid inappropriate content on the Internet. If a student accidentally gains access to an inappropriate web site, they must use their browser’s “BACK” button to quickly escape the site. The student must immediately inform the teacher so that the situation may be handled appropriately.
- Students are expected to exercise due care and good judgment when viewing, posting, and sharing information and social media content on computers and mobile devices. Students are advised to follow the attached Internet safety guidelines.
- Students are expected to treat all members of the school community with respect, in person and on-line. Students must not use or transmit inappropriate language or hateful messages on-line, or respond to such messages if they are received. District policy also prohibits students from using technology to harass, intimidate, bully, defame, or otherwise discriminate against any individual on or off school grounds.
- Students are expected to be considerate of the work of others when using technology and the Internet. Students must not violate copyright laws, plagiarize information found on-line, or interfere with the work of other technology users.
- Students must not download, install or modify any software on District technology devices without the permission and supervision of a teacher or other staff member.
- Students who misuse technology or the Internet for illegal, inappropriate, offensive, or unapproved purposes will face appropriate disciplinary sanctions under the Pupil Code of Conduct, mandatory loss of technology privileges, and possible prosecution by law enforcement. Additionally, the student and their parent or guardian may be held liable for monetary damages that result from misuse.

**STUDENTS:** Please sign below only if you agree to use technology and the Internet according to the above terms and to accept consequences for misuse that may be assigned by the school faculty/administration and/or your parents.
