

## IMMUNIZATION INFORMATION

**New Jersey state law requires all public school students to have complete immunization records on file at their school.**

**A child who has an incomplete record of immunizations may not be permitted to attend public school. Also, all sixth grade students require two additional immunizations.**

**If you have received notification that your child's immunization records are incomplete, or if your child will enter the sixth grade in September, please contact your family doctor or clinic so your child may receive the needed immunizations.**

**If you do not have a family doctor or clinic, please contact:**
