Superintendent Defined

0100 SUPERINTENDENT DEFINED

These Bylaws recognize the school district's status as a State Operated School District as of the adoption of this Policy. The District will conduct its business in accordance with New Jersey Statutes and New Jersey Administrative Code adopted by the New Jersey Department of Education.

In accordance with the State Takeover Report to the State Board of Education prepared by the Commissioner of Education dated June 19, 2002, the District acknowledges the Commissioner's intentions to return the Paterson School District to local control with new legislation.

Consistent with this New Jersey Department of Education goal, the school district's Policies and Regulations have been prepared and approved by the State District Superintendent using the term Superintendent to mean State District Superintendent and/or "regular" Superintendent following return to local District control. Therefore, policies and regulations will not need to be revised to reflect a change in the Superintendent's title upon return to local control. However, policies and regulations may need to be revised to reflect changes in district practices and legislation at the time of return to local control.

Adopted: 31 October 2002
