Academic Registry

2220.1 ACADEMIC REGISTRY

It shall be the policy of this district that a comprehensive registry of every academic program or project (special and/or capital, Federal, State or local grant) offered in the district be established by the Board Secretary, kept updated and made readily available for review. The registry should include such information as will facilitate an understanding of at least the following:

1. Purpose of the program
2. Target population
3. Slots available
4. Success rate

The registry should include any additional information that will facilitate appropriate monitoring by the district, placement in the program by persons requiring or desiring the service being performed and permit appropriate oversight by the Board.

Adopted: 19 December 2007
