8464 MISSING CHILDREN

**This policy abolished In February 2008**

Recent revisions to Administrative Code, N.J.A.C. 6A:16-11 - Reporting Potentially Missing or Abused Children, incorporate "missing" children. Previously, the term "missing" children was only incorporated in statute, N.J.S.A. 18A:36-25. As there was no Administrative Code section that addressed "missing" children, Strauss Esmay Associates developed Policy and Regulation Guide 8464 - Missing Children. Policy and Regulation Guides 8462 have been revised to incorporate the new N.J.A.C. 6A:16-11 and because the new Administrative Code and Guides include "missing" children there is no longer a need for a separate Policy and Regulation Guide 8464 - Missing Children. Therefore, existing Policy and Regulation Guides 8464 should be abolished. The new Policy and Regulation Guides 8462, which now incorporate "missing children," should replace the existing Policy and Regulation Guides 8462.

**THIS POLICY IS TO BE DELETED**

Adopted: 31 October 2002

Effective Date: 20 August 2008
