8710 PROPERTY INSURANCE

The Board of Education recognizes its responsibility under law to insure the replacement value of the property of this school district, both real and personal, against loss or damage by fire and expressly extends such insurance coverage to loss or damage caused by theft, water, glass breakage, explosion, boiler failure, smoke, windstorm, vandalism, and other hazards.

In placing property insurance coverage, the Board shall be guided by the price of the coverage, the ability of the insurer to meet obligations promptly and fully and the reputation and past performance of the insurer's agent.

The Superintendent shall annually recommend to the Board for appointment an insurance advisor who shall review the insurance program of the district, consider alternatives, and report recommendations to the Board; recommend specific insurance placement and prepare specifications; assist the Board in the establishment and maintenance of property valuation and insurance records and recommend such measures as may reduce the cost of insurance premiums.

To be eligible to represent this Board an insurance agent must write all insurance through a company whose minimum financial status, so far as loss paying ability is concerned, is rated by A.M. Best and Company to be no less than A+; and must derive over fifty percent of his/her income from insurance premium commissions or receive no less than \$100,000 annually in premium income from sources other than this school district.

The Board may, in accordance with law, enter a joint contract with the local school districts for the purchase of property insurance.
