R 5111  ELIGIBILITY OF RESIDENT/NONRESIDENT PUPILS

A. Definitions

1. "Affidavit pupil" means a pupil attending, or seeking to attend, school pursuant to N.J.S.A. 18A:38-1(b) and N.J.A.C 6A:22-3.1(a)2.

2. "Commissioner" means the Commissioner of Education or his/her designee.

3. "Parent" means the natural or adoptive parent, legal guardian, foster parent, surrogate parent, and person acting in the place of a parent such as the person with whom the child legally resides or a person legally responsible for the child's welfare.

B. Eligibility to Attend School - Pupils Domiciled in the District

1. A pupil over five and under twenty years of age pursuant to N.J.S.A. 18A:38-1, or such younger or older pupil as is otherwise entitled by law to a free public education, is eligible to attend school in this school district if the pupil is domiciled within the district:

   a. A pupil is domiciled in the district when he or she is living with a parent(s) or legal guardian(s) whose permanent home is located within the district. A home is permanent when the parent(s) or legal guardian(s) intends to return to it when absent and has no present intent of moving from it, notwithstanding the existence of homes or residences elsewhere.

   (1) Where a pupil's parent(s) or legal guardian(s) are domiciled within different districts, and where there is no court order or written agreement between the parent(s) or legal guardian(s) designating the district for school attendance, the pupil's domicile is the district of the parent with whom the pupil lives for the majority of the school year, regardless of which parent has legal custody.
Eligibility of Resident/Nonresident Pupils

(2) Where a pupil’s physical custody is shared on an equal-time, alternating week/month or other similar basis such that the pupil is not living with one parent for a majority of the school year, and where there is no court order or written agreement between the parents designating the district for school attendance, the pupil’s domicile is the present domicile of the parent with whom the pupil resided on the last school day prior to October 16 preceding the date of the application.

(a) If a pupil resided with both parents, or with neither parent, on the last school day prior to the preceding October 16, the pupil’s domicile is the domicile of the parent with whom the parents indicate the pupil will be residing on the last school day prior to the ensuing October 16. Where the parents do not designate, or cannot agree upon, the pupil’s likely residence as of that date, or if on that date the pupil is not residing with the parent previously indicated, the pupil will attend school in the district where the parent with whom the pupil is actually living as of the last school day prior to October 16 is domiciled.

(b) The district shall not be required to provide transportation for a pupil residing outside the district for part of the school year, other than that based upon the home of the parent domiciled within the district to the extent required by law, as a result of being the district of domicile for school attendance purposes pursuant to the provisions of this section.

b. A pupil is domiciled in the district when he or she has reached the age of eighteen or is emancipated from the care and custody of a parent or legal guardian and has established a permanent home within the district. A home is permanent when the pupil intends to return to it when absent
Eligibility of Resident/Nonresident Pupils

and has no present intent of moving from it, notwithstanding the existence of homes or residences elsewhere.

c. A pupil is domiciled in the district when the pupil has come from outside the state and is living with a person domiciled in the district who will be applying for legal guardianship of the pupil upon expiration of the six-month "waiting period" of State residency required pursuant to N.J.S.A. 2A:34-30(e) and N.J.S.A. 2A:34-31. However, any such pupil may later be subject to removal proceedings if application for legal guardianship is not made within a reasonable period of time following expiration of the mandatory waiting period.

d. A pupil is domiciled in the district when his or her parent(s) or legal guardian(s) resides within the district on an all-year-round basis for one year or more, notwithstanding the existence of a domicile elsewhere.

e. A pupil is domiciled in the district if the Division of Youth and Family Services in the Department of Human Services is acting as the pupil's legal guardian and has placed the pupil in the district.

2. When a pupil's dwelling is located within two or more local school districts, or bears a mailing address that does not reflect the dwelling's physical location within a municipality, the district of domicile for school attendance purposes will be that of the municipality to which the resident pays the majority of his or her property tax, or to which the majority of property tax for the dwelling in question is paid by the owner of a multi-unit dwelling.

a. Where property tax is paid in equal amounts to two or more municipalities, and where there is no established assignment for pupils residing in the affected dwellings, the district of domicile for school attendance purposes will be determined through assessment of individual proofs as provided pursuant to N.J.A.C. 6A:22-3.4 et seq. This provision shall not preclude the attendance
Eligibility of Resident/Nonresident Pupils

of currently enrolled pupils who were permitted to attend school in the district prior to the provision’s initial promulgation on December 17, 2001.

C. Eligibility to Attend School - Other Pupils Eligible to Attend School

1. A pupil is entitled by law to a free public education in the district if that pupil is kept in the home of a person other than the pupil’s parent(s) or legal guardian(s), where the person is domiciled in the school district and is supporting the pupil without remuneration as if the pupil were his or her own child;

a. A pupil is not eligible to attend school in this district pursuant to this provision unless:

   (1) The pupil’s parent(s) or legal guardian(s) has filed, together with documentation to support its validity, a sworn statement that he or she is not capable of supporting or providing care for the pupil due to family or economic hardship and that the pupil is not residing with the other person solely for the purpose of receiving a free public education; and

   (2) The person keeping the pupil has filed, when required by the district:

      (a) A sworn statement that he or she is domiciled within the district, is supporting the child without remuneration and intends to do so for a longer time than the school term, and will assume all personal obligations for the pupil relative to school requirements; and

      (b) A copy of his or her lease if a tenant, or a sworn landlord’s statement if residing as a tenant without a written lease.

b. A pupil shall not be deemed ineligible under this section because required sworn statements(s) cannot be obtained, where evidence is presented
Eligibility of Resident/Nonresident Pupils

that the underlying requirements of the law are being met notwithstanding the inability of the resident or pupil to obtain the sworn statement(s).

d. A pupil shall not be deemed ineligible under this section solely because a parent(s) or legal guardian(s) gives gifts or makes limited contributions, financial or otherwise, toward the welfare of the pupil, provided the resident keeping the pupil receives no payment or other remuneration from the parent(s) or legal guardian(s) for regular maintenance of the pupil.

2. A pupil is entitled by law to a free public education in the district if the pupil is kept in the home of a person domiciled in the district, other than the parent(s) or legal guardian(s), where the parent(s) or legal guardian(s) is a member of the New Jersey National Guard or the reserve component of the United States armed forces and has been ordered into active military service in the United States armed forces in time of war or national emergency. Eligibility under this provision shall cease at the end of the current school year upon the parent(s) or legal guardian(s) return from active military duty.

3. A pupil is entitled by law to a free public education in the district if the pupil’s parent(s) or legal guardian(s) temporarily resides within the district, notwithstanding the existence of a domicile elsewhere:

a. The parent or legal guardian, when required by the district, shall demonstrate that such temporary residence is not solely for purposes of a pupil’s attending school within the district of temporary residence;

b. Where one of a pupil’s parents temporarily resides in the district while the other is domiciled or temporarily resides elsewhere, eligibility to
attend school will be determined in accordance with N.J.A.C. 6A:22-3.1(a)1i. However, no pupil shall be eligible to attend school based upon a parent’s temporary residence in a district unless the parent(s) or legal guardian(s) demonstrates, when required by the district, that such temporary residence is not solely for purposes of a pupil’s attending school within the district.

4. A pupil is entitled by law to a free public education in the district:
   a. If the pupil’s parent(s) or legal guardian(s) moves to another district as the result of being homeless, subject to the provisions of N.J.A.C. 6A:17-2, Education of Homeless Children;
   b. If the pupil is placed in the home of a district resident by court order pursuant to N.J.S.A. 18A:38-2;
   c. If the pupil previously residing in the district parent(s) or legal guardian(s) is a member of the New Jersey National Guard or the United States reserves and has been ordered to active service in time of war or national emergency pursuant to N.J.S.A. 18A:38-3(b); and
   d. If the pupil resides on federal property within the State pursuant to N.J.S.A. 18A:38-7.7 et seq.

D. Housing and Immigration Status

1. The physical condition of an applicant’s housing, or an applicant’s compliance with local housing ordinances or terms of lease will not affect eligibility to attend school.

2. Immigration/visa status shall not affect eligibility to attend school for a pupil who is domiciled in the district or otherwise eligible to attend school in the district pursuant to N.J.A.C. 6:22-3.2 and the pupil shall be enrolled without regard to, or inquiry concerning, immigration status. However, the provisions of N.J.S.A. 18A:38-1 shall not apply to pupils who have obtained or are seeking to obtain a Certificate of Eligibility for Nonimmigrant Status (INS form I-20)
Eligibility of Resident/Nonresident Pupils from the district in order to apply to the INS for issuance of a visa for the purpose of limited study on a tuition basis in a United States public secondary school ("F-1 Visa").

E. Nothing in Policy and Regulation 5111 or N.J.A.C. 6A:22-1.1 et seq. will be construed to limit the discretion of the Board to admit nonresident pupils, or the ability of a nonresident pupil to attend school with or without payment of tuition, with the consent of the district Board pursuant to N.J.S.A. 18A:38-3(a).

F. Proof of Eligibility

1. The district shall accept a combination of any of the following or similar forms of documentation from persons attempting to demonstrate a pupil’s eligibility for enrollment in the district:

   a. Property tax bills, deeds, contracts of sale, leases, mortgages, signed letters from landlords and other evidence of property ownership, tenancy or residency;

   b. Voter registrations, licenses, permits, financial account information, utility bills, delivery receipts, and other evidence of personal attachment to a particular location;

   c. Court orders, State agency agreements and other evidence of court or agency placements or directives;

   d. Receipts, bills, cancelled checks, insurance claims or payments, and other evidence of expenditures demonstrating personal attachment to a particular location, or, where applicable, to support of the pupil;

   e. Medical reports, counselor or social worker assessments, employment documents, unemployment claims, benefit statements, and other evidence of circumstances demonstrating, where applicable, family or economic hardship, or temporary residency;
f. Affidavits, certifications and sworn attestations pertaining to statutory criteria for school attendance, from the parent, legal guardian, person keeping an "affidavit pupil," adult pupil, person(s) with whom a family is living, or others as appropriate;

g. Documents pertaining to military status and assignment; and

h. Any other business record or document issued by a governmental entity.

2. The district may accept forms of documentation not listed above, and shall not exclude from consideration any documentation or information presented by a person seeking to enroll a pupil.

3. The district shall consider the totality of information and documentation offered by an applicant, and shall not deny enrollment based on failure to provide a particular form of documentation, or a particular subset of documents, without regard to other evidence presented.

4. The district shall not require or request, as a condition of enrollment in school, any information or document protected from disclosure by law, or pertaining to criteria which are not legitimate bases for determining eligibility to attend school. These include:

a. Income tax returns;

b. Documentation or information relating to citizenship or immigration/visa status, except as set forth in N.J.A.C. 6A:22-3.3(b);

c. Documentation or information relating to compliance with local housing ordinances or conditions of tenancy; and

d. Social security numbers.

5. Documents or information of the type referenced in paragraph 4 above, or pertinent parts thereof, may be voluntarily disclosed by the person seeking enrollment.
However, the district may not, directly or indirectly, require or request such disclosure as a condition of enrollment.

G. Initial Assessment and Enrollment

1. The district shall use registration forms provided by the Commissioner, or locally developed forms that:
   a. Are consistent with the forms provided by the Commissioner;
   b. Do not seek information prohibited by any provision of statute, Code or rule;
   c. Summarize the criteria for attendance set forth in N.J.S.A. 18A:38-1 for applicant reference, and specify the nature and form of any sworn statements to be filed;
   d. Clearly state the purpose, in relation to such criteria, for which requested information is being sought; and
   e. Provide notice to applicants that any initial determination of eligibility is subject to a more thorough review and re-evaluation, and that there is a potential for assessment of tuition in the event that an initially admitted applicant is later found ineligible.

2. The district shall ensure that sufficient numbers of registration forms, and sufficient numbers of trained registration staff, are available to ensure prompt determinations of eligibility and enrollment.
   a. If the district uses separate forms for "affidavit pupil" applications, rather than a single form for all types of application for enrollment, such forms shall comply in all respects with the provisions of G.1. above. Where such forms are used, the district shall provide them to any person attempting to register a pupil of whom he or she is not the parent(s) or legal guardian(s), whether or not they are specifically requested. The district shall not demand or suggest that legal guardianship or custody shall be obtained before enrollment will be considered for a pupil
living with a person other than the parent(s) or legal guardian(s), nor shall they demand or suggest that "affidavit pupil" proofs be produced by an applicant seeking to enroll a pupil of whom the applicant has legal guardianship or custody.

b. The district level school administrator designated by the Superintendent shall be available, and clearly identified to applicants, to assist persons who are experiencing difficulties with the enrollment process.

3. Initial determinations of eligibility shall be made upon presentation of an application for enrollment, and enrollment shall take place immediately in all cases except those of clear, uncontested denials.

a. Where an applicant has provided incomplete, unclear or questionable information, enrollment shall take place immediately, but the applicant shall be placed on notice that removal will result if defects in the application are not corrected, or an appeal is not filed, in accordance with subsequent notice to be provided pursuant to N.J.A.C. 6A:22-4.2.

b. Where an applicant appears ineligible based on information provided in the initial application, a preliminary written notice of ineligibility shall be provided, including an explanation of the right to appeal to the Commissioner of Education. Enrollment shall take place immediately if the applicant clearly indicates disagreement with the district’s determination and an intent to appeal to the Commissioner.

(1) A pupil enrolled pursuant to this provision will be notified that he or she will be removed, without a hearing before the Board, if no appeal is filed within the twenty-one day period established by N.J.S.A. 18A:38-1.

4. Where enrollment is denied and no intent to appeal is indicated, applicants shall be advised that they shall comply with compulsory education laws and shall, where the pupil is between the ages of six and sixteen, be asked to complete a written statement indicating the pupil will be attending school in another district,
Eligibility of Resident/Nonresident Pupils

attending a nonpublic school, or receiving instruction elsewhere than at a school pursuant to N.J.S.A. 18A:38-25. In the absence of this written statement from the parent or legal guardian, the district level school administrator designated by the Superintendent shall notify the school district of actual domicile or residence, or the Division of Youth and Family Services based on “neglect” pursuant to N.J.S.A. 9:6-1, with the pupil’s name, the name(s) of the parent/guardian/resident, address to the extent known, denial of admission to the district based on residency or domicile, and absence of evidence of intent to attend school or receive instruction elsewhere, for purposes of ensuring compliance with such laws.

5. Where enrollment is denied and an intent to appeal is indicated, or where enrollment is provisional subject to further review or information, enrollment or attendance at school will not be conditioned on advance payment of tuition in whole or part.

6. The Superintendent or designee, shall ensure that information suggesting an applicant may be homeless is identified during the registration process, so that, where appropriate, procedures may ensue in accordance with N.J.A.C. 6A:17-2 - Education of Homeless Children.

7. Enrollment or attendance in the district shall not be denied based upon absence of the certified copy of birth certificate or other proof of a pupil’s identity required within thirty days of initial enrollment pursuant to N.J.S.A. 18A: 36-25.1.

8. Enrollment in the district shall not be denied based upon absence of pupil medical information, although actual attendance at school may be deferred as necessitated by compliance with rules regarding immunization of pupils, N.J.A.C. 8:57-4.

9. Enrollment in the district, attendance at school, or educational services where attendance in the regular education program appears inappropriate, shall not be denied based upon absence of a pupil’s prior educational record. However, the applicant shall be advised that the initial educational placement of the pupil may be subject to revision upon receipt of records or further assessment of the pupil by the district.
H. Notice of Ineligibility

1. If the district finds the applicant ineligible to attend the schools of the district pursuant to N.J.A.C. 6A:22-1.1 et seq., or the application initially submitted is found to be deficient upon subsequent review or investigation, notice shall immediately be provided to the applicant consistent with sample form(s) to be provided by the Commissioner. Notices shall be in writing, in English and in the native language of the applicant, issued by the Superintendent and directed to the address at which the applicant claims to reside.

2. Notices of ineligibility shall include:

a. In cases of denial, a clear description of the specific basis on which the determination of ineligibility was made, sufficient to allow the applicant to understand the basis for the decision and determine whether to appeal. Such description shall identify the specific section of N.J.S.A. 18A:38-1 under which the application was decided;

b. In cases of provisional eligibility, a clear description of the missing documents or information that shall be provided in order to attain final eligibility status under the applicable provision of N.J.S.A. 18A:38-1;

c. A clear statement of the applicant’s right to appeal to the Commissioner of Education within twenty-one days of the date of the notice, along with an informational document provided by the Commissioner describing how to file an appeal;

d. A clear statement that the pupil is entitled to attend school for the twenty-one day period during which an appeal can be made to the Commissioner, but that, if missing information is not provided or an appeal is not filed, the pupil shall not be permitted to attend school beyond the 21st day following the date of the notice;

e. A clear statement that the pupil is entitled to continue attending school during the pendency of an appeal to the Commissioner;
f. A clear statement that, if an appeal is filed with the Commissioner and the applicant does not sustain the burden of demonstrating entitlement to attend the schools of the district, or the applicant abandons the appeal through withdrawal, failure to prosecute or any means other than settlement, the applicant may be assessed, by order of the Commissioner enforceable in Superior Court, tuition for any period of ineligible attendance, including the initial twenty-one day period and the period during which the appeal was pending before the Commissioner;

g. A clear statement of the approximate rate of tuition, pursuant to N.J.A.C. 6A:22-6.3, that an applicant may be assessed for the year at issue if the applicant does not prevail on appeal, or elects not to appeal;

(1) If removal is based on the pupil having moved from the district, the notice of ineligibility shall also provide information as to whether district policy permits continued attendance, with or without tuition, for pupils who move from the district during the course of the school year.

h. The name of a contact person in the district who can provide assistance in explaining the contents of the notice; and

i. Notice that, where no appeal is filed, the parent(s) or legal guardian(s) must still comply with compulsory education laws, and that, in the absence of a written statement from the parent(s) or legal guardian(s) that the pupil will be attending school in another district, attending a nonpublic school, or receiving instruction elsewhere than at a school, the district level administrator designated by the Superintendent shall notify the school district of actual domicile/residence, or the Division of Youth and Family Services based on “neglect” pursuant to N.J.S.A. 9:6-1, of the pupil’s name, the name(s) of the parent/guardian/resident, address to the extent known, denial of admission to the district based on residency or domicile, and absence of
Eligibility of Resident/Nonresident Pupils

I. Removal of Currently Enrolled Pupils

1. Nothing in N.J.A.C. 6A:22-1.1 et seq. and this Regulation shall preclude the Board from seeking to identify, through further investigation or periodic requests for current validation of previously determined eligibility status, pupils enrolled in the district who may be ineligible for continued attendance due to error in initial assessment, changed circumstances or newly discovered information.

2. When a pupil, enrolled and attending school in the district, is later determined to be ineligible for continued attendance, the Superintendent may apply to the Board for removal of the pupil.

   a. The Superintendent shall issue a preliminary notice of ineligibility meeting the requirements of N.J.A.C. 6A:22-4.2. However, such notice shall also provide for a hearing before the Board prior to a final decision on removal.

3. No pupil shall be removed from school unless the parent, legal guardian, adult pupil or resident keeping an "affidavit pupil," as the case may be, has been informed of his or her entitlement to a hearing before the Board of Education.

4. Once the hearing is held, or if the parent, legal guardian, adult pupil or resident keeping an "affidavit pupil," as the case may be, does not respond to the Superintendent’s notice within the designated time frame or appear for hearing, the Board shall make a prompt determination of the pupil’s eligibility or ineligibility and shall immediately provide notice thereof in accordance with the requirements of N.J.A.C. 6A:22-4.2.

5. Hearings required pursuant to N.J.A.C. 6A:22-4.3 et seq. may be conducted by a committee, at the discretion of the full Board, which will make a recommendation to the full Board for action. No pupil may be removed
Eligibility of Resident/Nonresident Pupils

except by vote of the Board taken at a meeting duly convened and conducted pursuant to N.J.S.A. 10:4-6 et seq., the Open Public Meetings Act.

J. Appeal to the Commissioner

1. A district determination that a pupil is ineligible to attend the schools of the district may be appealed to the Commissioner by the parent, legal guardian, adult pupil or resident keeping an "affidavit pupil," as the case may be. Such appeals shall proceed in accordance with N.J.S.A. 18A:38-1 and N.J.A.C. 6A:3-8.1 et seq. Appeals of "affidavit pupil" eligibility determinations shall be filed by the resident keeping the pupil.

K. Assessment and Calculation of Tuition

1. If no appeal to the Commissioner is filed following notice of a determination of ineligibility, the Board may assess tuition for any period of a pupil’s ineligible attendance, including the twenty-one day period provided by N.J.S.A. 18A:38-1 for appeal to the Commissioner.

The district may obtain an order of the Commissioner of Education for tuition, enforceable pursuant to N.J.S.A. 2A:58-10 through recording on the judgment docket of the Superior Court, Law Division, by filing a petition of appeal pursuant to N.J.A.C. 6A:3.

2. If an appeal to the Commissioner is filed, where the appellant does not sustain the burden of demonstrating entitlement to attend the schools of the district, or abandons the appeal through withdrawal, failure to prosecute or any means other than settlement agreeing to waive or reduce tuition, the Commissioner may order assessment of tuition for any period of a pupil’s ineligible attendance in a district, including the twenty-one day period for filing of an appeal and the period during which the hearing and decision on appeal were pending.

An order of the Commissioner is enforceable through recording on the judgment docket of the Superior Court, Law Division, pursuant to N.J.S.A. 2A:58-10.
3. Tuition assessed pursuant to the provisions of this section shall be calculated on a per pupil basis for the period of a pupil’s ineligible enrollment, by applicable grade/program category and consistent with the provisions of N.J.A.C. 6A:23-3.1. The individual pupil’s record of daily attendance shall not impact on such calculation.

4. Nothing in N.J.A.C. 6A:22-1.1 et seq. precludes an equitable determination, by the Board or the Commissioner, that, when the particular circumstances of a matter so warrant, tuition shall not be assessed for all or part of any period of a pupil’s ineligible attendance in the district.

**PROVISIONAL ADMISSION:**
Provisional admission allows a child to enter/attend school but must have a minimum of one dose of each of the required vaccines. Pupils must be actively in the process of completing the series. If a pupil is less than 5 years of age, they have 17 months to complete the immunization requirements. If a pupil is 5 years of age and older, they have 12 months to complete the immunization requirements.

**GRACE PERIODS:**
- 4-day grace period: All vaccines doses administered less than or equal to four days before either the specified minimum age or dose spacing interval shall be counted as valid and shall not require revaccination in order to enter or remain in a school, pre-school or child care facility.
- 30-day grace period: Those children transferring into a New Jersey school, pre-school, or child care center from out of State/out of country may be allowed a 30-day grace period in order to obtain past immunization documentation before provisional status shall begin.
F. Emergency Powers of the Commissioner of Health and Senior Services

1. If a threatened outbreak, or outbreak of disease, or other public health immunization emergency exists, as determined by the State Commissioner of Health and Senior Services or designee, all pupils with provisional, religious, or medical exemptions (which relate to the specific disease threatening or occurring) shall be excluded from school. If these pupils become immunized or produce serologic evidence of immunity to the specific disease the pupil may immediately be readmitted to school.

2. If a threatened outbreak, or outbreak of disease or other public health immunization emergency exists, as determined by the State Commissioner of Health and Senior Services or designee, the State Commissioner or designee may issue either additional immunization requirements to control the outbreak or threat of an outbreak or modify immunization requirements to meet the emergency.

   a. All children failing to meet the additional immunization requirements of N.J.A.C. 8:57-4.22 shall be excluded from school until the outbreak or threatened outbreak is over. These requirements shall remain in effect as outlined in N.J.A.C. 8:57-4.22(c).

3. The Commissioner of Health and Senior Services or designee may temporarily suspend an immunization requirement in accordance with the reasons as outlined in N.J.A.C. 8:57-4.22(d).

Such individuals shall report all administrations and any side effects reported or observed to the school nurse within twenty-four hours.

5. When a pupil attends a school-sponsored event at which medication may be required (such as an outdoor field trip or athletic competition) and the school nurse cannot be in attendance, the pupil's parent(s) or legal guardian(s) will be invited to attend. If neither the school nurse nor the parent(s) or legal guardian(s) can attend and the pupil does not have permission to self-administer medication and there is a risk that the pupil may suffer injury from lack of medication, the pupil must be excused from the event.

G. Emergencies

Any medical emergency requiring medication of pupils will be handled in accordance with Policy No. 8441 and implementing regulations on first aid and, as appropriate, the school physician’s standing orders for school nurses. Arrangements will be made to transport a pupil to a hospital emergency room after the administration of epinephrine in accordance with N.J.S.A. 18A:40-12.5.e.(3).

Adopted: 17 June 2009
R 5331 MANAGEMENT OF LIFE-THREATENING ALLERGIES IN SCHOOLS

A. Definitions

1. Anaphylaxis - A serious allergic reaction that is rapid in onset and may cause death.

2. Epinephrine (adrenaline) - A drug that can be successfully utilized to counteract anaphylaxis.

3. Food Allergy - A group of disorders characterized by immunologic responses to specific food proteins. In the United States, the most likely common allergens in adults and children are cow’s milk, eggs, peanuts, wheat, soy, fish, shellfish, and nuts.

4. Individualized Emergency Healthcare Plan (IEHP) - A personalized healthcare plan written by the certified school nurse that specifies the delivery of accommodations and services needed by a pupil in the event of an emergency.

5. Individualized Healthcare Plan (IHP) - A plan written by the certified school nurse that details accommodations and/or nursing services to be provided to a pupil because of the pupil’s medical condition based on medical orders written by a health care provider in the pupil’s medical home.

6. School-Sponsored Function - Any activity, event, or program occurring on or off school grounds, whether during or outside of regular school hours, that is organized and/or supported by the school.

B. Policy and Regulation Development

1. Policy and Regulation 5331 address different allergens, varying ages and maturity levels of pupils, and the physical properties and organizational structures of schools in this school district. The components below were critical in developing Policy and Regulation 5331.

   a. The school district nursing staff, in consultation with the school physician, if needed:
(1) Assessed the overall health needs of the pupil population at risk for anaphylaxis, particularly pupils with food allergies; and

(2) Assessed current and relevant policies and/or protocols regarding the care of pupils with life-threatening allergies and identified areas in need of development or improvement.

2. Policy and Regulation 5331 were developed using a multidisciplinary team that included various school district administrators, teachers, and support staff members.

3. Additional factors need to be regarded at the secondary school level in order to provide the best care for food-allergic teens. The multidisciplinary team should consider the factors below when developing Policy and Regulation 5331 as it pertains to food-allergic teens.

a. Pupils move to different classrooms, frequently in larger buildings and campuses, presenting needs for updated avoidance strategies, epinephrine availability, and designated assistance.

b. Pupils may have open lunch periods and accompany friends to local eateries.

c. Pupils may have access to vending machines.

d. Certain classes give rise to new avoidance issues, e.g., chemistry/biology labs, home economics/culinary class, etc.

e. The number of off-site school-sponsored functions increases, e.g., travel, sometimes to other States and foreign countries; athletic games and competitions, sometimes in other towns; dances; etc.

f. Risk-taking behaviors frequently accompany the independence of adolescent years.

g. N.J.S.A. 18A:40-12.6 provides for a delegate for the emergency administration of epinephrine even when a pupil is able to self-administer life-saving medication. Although teenage pupils will
more than likely be permitted to carry and self-administer emergency medications, those pupils are not to be expected to have complete responsibility for the administration of epinephrine. A severe allergic reaction can completely incapacitate a pupil and inhibit the ability to self-administer emergency medication. Therefore, the school nurse or volunteer delegate shall be available during school and school-sponsored functions to administer epinephrine in an emergency in accordance with the provisions of N.J.S.A. 18A:40-12.5.e.(2).

4. The Principal and/or the school nurse will educate staff and the community regarding Policy and Regulation 5331; obtain feedback on the implementation and effectiveness of the Policy and Regulation; and annually review, evaluate, and update the Policy and Regulation, as needed or required by law.

C. Prevention Measures

1. Considerations for the Cafeteria

The Principal, in consultation with the school nurse, teaching staff members, food service staff members, and other appropriate staff members, will work to make the cafeteria environment as safe as possible for food-allergic pupils. This process includes making determinations about serving foods with known allergens and identifying steps that can be taken to reduce the chance of accidental exposure. The steps may include:

a. Training to food service personnel on food label reading and safe handling, as well as safe meal substitutions for food-allergic children.

b. Educating cafeteria staff and monitors about food-allergy management and make them aware of the pupils who have life-threatening food allergies.

c. Developing and implementing standard procedures for cleaning tables, chairs, and trays, particularly those designated as allergen-safe, after lunch periods using dedicated and disposable supplies to avoid cross contact.
d. When possible, sharing ingredient/allergen information for food provided by the school to pupils and parent(s) or legal guardian(s).

e. Making allergen-safe table(s) an available option for allergic pupils.

f. Considering allergen-full table(s) (i.e., all those eating peanut butter sit together).

g. Discouraging pupils from sharing or trading food/snack items, drinks, straws, or utensils.

h. Encouraging pupils to wash hands before and after eating.

i. Considering the benefits and ramifications of serving and/or removing allergen-containing foods or removing a particular food item from the school menu.

j. Making accommodations in the event a pupil cannot be in direct proximity to certain allergens that are being cooked/boiled/steamed.

2. Considerations for the Classroom

Provisions will be made to develop safeguards for the protection of food-allergic pupils in the classroom. The school nurse will work with the classroom teacher(s) so the teacher understands and is able to initiate the pupil’s IEHP, as necessary.

a. If possible, consider prohibiting the use or consumption of allergen-containing foods in the classroom.

b. Conduct training for teachers, aides, volunteers, substitutes, and pupils about food allergies.

c. Develop and implement a procedure that will alert substitute teachers to the presence of any pupils with food allergies and any accompanying instructions.

d. Develop and implement a letter to parent(s) or legal guardian(s) of classmates of the food-allergic pupil (without identifying the pupil), particularly in lower grades, explaining any prohibitions on food in the classroom.
Management of Life-Threatening Allergies in Schools

e. Discourage the use of food allergens for classroom projects/activities, classroom celebrations, etc.

f. Encourage the use of non-food items for all classroom events/activities, as a way to avoid the potential presence of major food allergens.

g. Notify parent(s) or legal guardian(s) of classroom celebrations that involve food with particular attention to notification of parent(s) or legal guardian(s) of food-allergic children.

h. Encourage pupils to wash hands before and after eating.

i. Develop and implement standard procedures for cleaning desks, tables, and the general classroom area.

3. General Considerations for the School Environment

The Principal, in consultation with the school nurse, teaching staff members, food service staff members, and other appropriate staff members, will work to make the school environment as safe as possible for the food-allergic pupil to include:

a. Developing and implementing cleaning procedures for common areas (i.e., libraries, computer labs, music and art rooms, hallways, etc.).

b. Developing and implementing guidelines for food fundraisers (i.e. bake sales, candy sales, etc.) that are held on school grounds.

c. Avoiding the use of food products as displays or components of displays in hallways.

d. Developing protocols for appropriate cleaning methods following events held at the school, which involve food.

4. Field Trips and Other School Functions

N.J.S.A. 18A:40-12.6 requires a nurse or delegate to be available during school and school-sponsored functions in the event of anaphylaxis. Pupils with food allergies should participate in all school activities and will not be excluded based on their condition. The appropriate school staff member(s) should:
Management of Life-Threatening Allergies in Schools

a. Communicate (with parent(s) or legal guardian(s) permission) relevant aspects of the IEHP to staff, as appropriate, for field trips, school-sponsored functions, and before- and after-school programs.

b. Encourage long-term planning of field trips in order to ensure that food-allergic pupils receive needed services while away from school.

c. Evaluate appropriateness of trips when considering the needs of pupils e.g., a trip to a dairy farm should not be scheduled for a class with a milk-allergic pupil.

d. Encourage, but do not require, parent(s) or legal guardian(s) of food-allergic pupils to accompany their child on school trips.

e. Implement the district’s procedure for the emergency administration of medications.

f. Implement the district’s procedure for emergency staff communications on field trips.

g. Inform parent(s) or legal guardian(s), when possible, of school events at which food will be served or used.

5. Bus Transportation

The district administrative staff and transportation personnel will consider the needs of pupils with life-threatening allergies while being transported to and from school and to school-sponsored activities. The appropriate school staff member(s) should:

a. Advise bus drivers of the pupils that have food allergies, symptoms associated with food-allergic reactions, and how to respond appropriately.

b. Assess the emergency communications systems on buses.

6. Preparing for an Emergency

The Principal and school nurse will establish emergency protocols and procedures in advance of an emergency. These protocols and procedures should:

c. Provide written medical documentation, instructions, and medications as directed by a physician, using the Food Allergy Action Plan as a guide. Include a photo of the child on written form.

d. Provide properly labeled medications and promptly replace medications after use or upon expiration.

e.    d. Coordinate with the school nurse to ensure medications are appropriately stored and ensure an emergency kit is available that contains a physician’s standing order for epinephrine. Epinephrine should be kept in a secure but unlocked location that is easily accessible to delegated school personnel.
   e. Pupils who are permitted to self-administer should be permitted to carry their own epinephrine in accordance with State regulations and district policy.
   f. Designate school personnel who volunteer to administer epinephrine in an emergency.
   g. Be prepared to handle a reaction and ensure there is a staff member available who is properly trained to administer medications during the school day, regardless of time or location.
Management of Life-Threatening Allergies in Schools

h. Review policies and prevention plans with the core team members, parent(s) or legal guardian(s), pupil (age appropriate), and physician after a reaction has occurred.

R 5350  PUPIL SUICIDE PREVENTION

The following regulations are established for guidance of staff members in recognizing the pupil who contemplates suicide, in responding to threatened or attempted suicide, and in preventing contagion when a pupil commits suicide. Because a prompt response may be essential to a pupil's life, the designation of a district position in these regulations includes the person who holds that position and, if the position holder is absent or unavailable, the person temporarily charged with the responsibilities of the position.

A. Recognition of Potential Suicide

All school personnel, both teaching staff members and support staff members, shall be alert to any sign that a pupil may be contemplating suicide. Such signs include, but are not necessarily limited to, a pupil's:

1. Overt suggestion, regardless of its context, that he/she is considering or has considered suicide or has worked out the details of a suicide attempt;

2. Evidence of preparation of a will, intention to dispose of his/her effects and belongings, or otherwise get life "in order";

3. Obsession with death or afterlife;

4. Possession of a weapon or other means of suicide or obsession with such means;

5. Sense of hopelessness or unrelieved sadness;

6. Lethargy or despondency, or, conversely, a tendency to become more impulsive or aggressive than usual;

7. Drop in academic achievement, slacking off of energy and effort, or inability to focus on studies;

8. Isolation from others by loss of friends, withdrawal from friends, lack of companionship, or family disintegration;

9. Preoccupation with nonexistent physical ills;

10. Loss of weight, appetite, and/or sleep;
11. Substance abuse; and

12. Loss of economic resources.

B. Response to Potential Suicide

1. Any indication of a potential suicide, whether personally witnessed or received by report from another, must be taken seriously and must be reported to the Principal immediately.

2. The Principal shall immediately inform the Child Study Team, which shall investigate the matter promptly and conduct such evaluations as may be appropriate.

3. The Principal will inform the pupil's parent(s) or legal guardian(s), in a conference if possible, of the signs demonstrated by the pupil and of the district's concern and seek parental approval of the pupil's evaluation. In the event parental abuse or neglect is suspected, as a possible cause, the parent(s) or legal guardian(s) are not to be contacted. Instead, the Principal or the employee who forms the suspicion will immediately so inform the Division of Youth and Family Services in accordance with Policy No. 8462.

4. If the threat of suicide appears to be immediate and very serious, the Principal should contact the school nurse and ascertain whether immediate hospitalization may be required. If, however, the Principal determines to appoint teaching staff members and/or Child Study Team members to a suicide intervention team, which shall determine the seriousness of the threat by directly questioning the pupil, the committee may determine:

   a. Whether any suicide plans have been made, how detailed the plans are, and whether any preliminary actions have been taken,

   b. The pupil's feelings of hopelessness and the length of time the pupil has had such feelings,

   c. The pupil's thoughts of suicide and how persistent and strong those thoughts are, and

   d. Whether the pupil has considered alternative courses of action to resolve his/her problems.
5. After gathering information, the suicide intervention team shall determine the life-threatening risk of the situation based on the pupil's signs of possible suicide (¶A1) and the pupil's responses to questioning.

6. If it is determined that a substantial risk of suicide exists, the Suicide Intervention Team shall:
   a. Assign staff members as required to assure that the pupil is never out of the presence of an adult who has been fully informed that the pupil may be in danger of self-destruction,
   b. Refer the pupil to the Child Study Team for comprehensive evaluation,
   c. Notify the pupil’s parent(s) or legal guardian(s) immediately and strongly recommend consultation with a licensed mental health professional or agency,
   d. Request the parent(s) or legal guardian(s) to sign a release of information form authorizing the chosen mental health professional or agency to share with appropriate district personnel such relevant information as premature termination of treatment, additional threats and/or attempts of suicide, and continuing warning signs.

7. A member of the Suicide Intervention Team will be appointed to follow up on the pupil’s progress and to determine whether the pupil’s parent(s) or legal guardian(s) has consulted a mental health professional or agency. Follow up reports will be made to the Principal.

8. If the pupil’s parent(s) or legal guardian(s) does not sign the release of information form or does not cooperate in a comprehensive Child Study Team evaluation or does not seek treatment for the pupil, the Principal shall inform the Division of Youth and Family Services.

C. Response to Suicide Attempt

1. Any attempted suicide, whether or not on school premises or during the school day, must be reported immediately to the Principal.
2. The staff member who witnesses a suicide attempt on school premises or at a school sponsored event or in the course of school-related travel shall render first aid in accordance with Policy No. 8441 and summon medical assistance as appropriate.

3. Procedures outlined at ¶B2 through ¶B8 above will be followed.

D. Prevention of Suicide Contagion

1. All district Principals will be promptly informed by the office of the Superintendent when a pupil of this district commits suicide.

2. Each Principal will assemble teaching staff members prior to the opening of school to provide them with accurate information, plans for the school day, and guidelines for handling the concerns of pupils.

3. The Principal of the school or building that the victim attended will seek the assistance of a crisis team from the pupil personnel staff to assist the staff in dealing with the general school situation and any individual problems that may arise.

4. The suicide will not be given prominence by public announcement or a school-wide assembly. School will not be closed in order to permit pupils and staff members to attend the victim's funeral.

5. Teachers will respond to the needs of pupils with as little interruption of the educational program as possible.

6. Pupils will be provided with accurate information and will be given the opportunity to discuss their feelings of loss and their memories of the victim, both good and bad, without penalty.

7. All school personnel shall be especially alert to signs of contemplated suicide among the victim's peers.

8. Teaching staff members, under the direction of the Principal, shall attempt to prevent social contagion by:
a. Preventing glorification or romanticization of the suicide,

b. Helping pupils recognize that suicide is irreversible and permanent and does not truly resolve problems,

c. Encouraging pupils to ask probing questions when a fellow pupil suggests suicide and to report such suggestions to a teaching staff member, and

d. Discussing ways of handling depression and anxiety without resort to self-destruction.

9. Pupils who were close to the victim, and their parent(s) or legal guardian(s), shall be offered special counseling services and notified of available community mental health services.
The following rules are promulgated in accordance with the policy of the Board of Education dealing with the promotion and retention of pupils.

A. Standards for Pupil Promotion

6. Extenuating circumstances as determined by the Building Principal can waive the 160-day attendance requirements for grades PreK-8 after discussion and approval by the appropriate Assistant Superintendent. In the high school, an attendance appeal route is available for pupils whose attendance does not meet the 160-day requirement as specified in the attendance policy.

7. Classroom teachers shall provide input to the Principal who makes the final decision concerning the promotion or retention of each pupil who meets the 160-day attendance requirement.

School Uniforms

The Board of Education permits the schools to implement a school uniform policy.

2. The Board believes the cost for pupils to wear a school uniform to school every school day will be less expensive for parent(s) or legal guardian(s) than the cost for students not wearing uniforms. In the event a parent(s) or legal guardian(s) is economically disadvantaged and unable to afford the cost of a uniform for their pupil, the school may provide two uniforms to such pupils, excluding shoes, for each year the pupil is economically disadvantaged.

3. The parent(s) or legal guardian(s) may be required to provide the Building Principal with the following information to determine if a pupil is economically disadvantaged:
a. A written statement from the parent(s) or legal guardian(s) requesting to have their pupil receive assistance in complying with the school uniform policy,

b. A copy of the most recent three years' federal and State income tax returns, and

c. A copy of the family's Free and Reduced Lunch Application for the last three years.

The Building Principal shall determine if the pupil is economically disadvantaged based on the information provided by the parent(s) or legal guardian(s).

This school uniform policy does not prohibit students who participate in nationally recognized youth organizations, which are approved by the Board, from wearing organization uniforms to school on days that the organization has a scheduled meeting.

C. Physical Education

1. Pupils shall wear the following types of clothing for physical education classes:
   a. Athletic type boxer shorts without pockets or fringes and marked on the outside of the lower.

4. The Principal may waive strict application of the dress code on a day especially scheduled for pupils’ free expression in dress and grooming.

5. A pupil whose dress or grooming has been found by the Principal to violate this regulation may appeal the Principal’s determination to the Superintendent, whose decision will be final.

Issued: 17 June 2009
The Board of Education recognizes the need for a procedure to be in place for persons to report and investigate allegations of hazing and/or harassment, intimidation, or bullying behavior. For the purposes of this Regulation, “behavior” shall mean acts, or planned acts, of hazing as defined in Policy 5512 and/or acts of harassment, intimidation, or bullying as defined in Policy 5512.01. Unless otherwise noted, “Building Principal” means the Principal and/or designee, of the school building.

The following complaint procedures shall be used for an allegation(s) of hazing and/or harassment, intimidation, or bullying behavior:

1. Reporting Hazing and/or Harassment, Intimidation, or Bullying Behavior

   a. Any person with any information regarding actual and/or planned hazing and/or information regarding acts of harassment, intimidation, or bullying of a pupil by any school employee or other pupils must report the information to the Building Principal.

      (1) If the Building Principal deems it appropriate, he/she may immediately notify the parents/legal guardians of the alleged pupil(s) who may be, or was, the victim of this behavior and the accused pupil(s) who may have done or did this behavior.

      (2) The Building Principal will not disclose the name(s) of the person(s) accused or alleged victim(s) to the other party prior to completing a preliminary investigation.

      (3) The Building Principal will notify the district’s Affirmative Action Officer of the report prior to conducting a preliminary investigation. Nothing in Policies 5512 and 5512.01 or in this Regulation prohibits the school district’s Affirmative Action Officer from complying with the requirements of the district’s Affirmative Action Program as outlined in Policy 1550. In the event the
Affirmative Action Officer believes an affirmative action plan violation may be present, the Affirmative Action Officer may conduct an investigation in accordance with Policy 1550.

b. The school district can learn of this behavior through other means such as from a witness to an incident, an anonymous letter or telephone call, web-based reporting systems, and/or locked boxes throughout the school where a report can be submitted without fear of being observed. Formal disciplinary action may not be taken solely on the basis of an anonymous report.

c. Nothing in Policies 5512 and 5512.01 and this Regulation shall preclude the Building Principal and/or designee, from complying with the provisions of Policy No. 5600 - Pupil Discipline in order to maintain the health, safety and welfare of staff and/or pupils.

d. In the event the Building Principal determines, after a preliminary investigation, that hazing and/or harassment, intimidation, or bullying behavior may have been present, the Building Principal shall notify the parent(s) or legal guardian(s) of all involved pupils and any other involved individuals of the process to be followed in investigating a report or complaint.

2. Building Principal’s In-depth Investigation

a. The Building Principal will begin an immediate in-depth investigation in the event he/she believes, after the preliminary investigation, prohibited behavior may have been present. The Building Principal, at his/her discretion, may request the Affirmative Action Officer assist in the investigation. The Building Principal will promptly investigate all alleged complaints, whether or not a formal complaint is filed, and steps will be taken to resolve the situation, if needed. This investigation will be prompt, thorough, and impartial. The investigation will be completed by the Building Principal no more than ten working days after receiving notice.
b. When a pupil or the parent/legal guardian of a pupil provides information or complains about hazing and/or harassing, intimidating, or bullying behavior of a pupil, the Building Principal will initially discuss what actions the pupil or parent(s) or legal guardian(s) is seeking in response to the behavior.

c. The Building Principal’s investigation may include, but is not limited to, interviews with all persons with potential knowledge of the alleged behavior, interviews with any pupils who may have been hazed and/or harassed, intimidated, or bullied by any school employee or other pupils and any other reasonable methods to determine if this behavior existed.

d. The Building Principal will request, if relevant to an investigation, the parent(s) or legal guardian(s) of any pupil involved in the investigation to assist in the investigation to determine if the behavior existed.

e. The Building Principal will provide a copy of the Board Policies and the Regulation on Hazing and Harassment, Intimidation, and Bullying to all persons who are interviewed with potential knowledge and to any other person the Building Principal feels would be served by a copy of such documents.

f. The Building Principal will explain the avenues for formal and informal action, including a description of the complaint procedure that is available for hazing and/or harassment, intimidation, or bullying complaints and an explanation on how the procedure works.

g. Any person interviewed by the Building Principal may be provided an opportunity to present witnesses and other evidence.

h. The Building Principal and/or Superintendent may contact law enforcement agencies if there is potential criminal conduct by any party.
i. The school district administration may take interim measures during a Building Principal’s investigation of a complaint in order to alleviate any conditions that prohibits the pupil from assisting in the investigation.

If there is a dispute about whether behavior occurred the following types of information may be helpful in resolving the dispute:

(1) Statements made by any witnesses to the alleged incident.

(2) Evidence about the relative credibility of the alleged accused or alleged victim.

(3) Evidence that the alleged accused has been found to have hazed and/or harassed, intimidated or bullied others may support the credibility of the pupil claiming the behavior.

(4) Evidence of the alleged victim’s reaction or behavior after the alleged behavior.

(5) Evidence about whether the pupil claiming behavior against them filed a complaint or took other action to protest the conduct soon after the alleged incident occurred.

j. The scope of a reasonable response also may depend upon whether a pupil or parent/legal guardian reporting the behavior asks that the pupil’s name not be disclosed to the accused or that nothing be done about the behavior. The Building Principal:

(1) Will provide an overview of the Harassment, Intimidation, and Bullying Policy to the pupil, parent and/or legal guardian. In the event the pupil, parent(s) or legal guardian(s), request the pupil’s name remain confidential, the Building Principal will inform the pupil, parent and/or legal guardian that the request may limit the school district’s ability to respond.
(2) Will evaluate the confidentiality request in the context of its responsibility to provide a safe environment for all pupils. The factors to be considered shall be the seriousness of the alleged behavior, the age of the pupils involved, whether there have been any other complaints or reports and the rights of the accused individual to receive information about the accuser and the allegations if a formal proceeding with sanctions may result.

(3) May use other means available to address the behavior. Steps may be taken to limit the effects of the alleged behavior and prevent its reoccurrence without initiating a formal complaint and revealing the identity of the complainant. These steps may require training at the site where the problem occurred, taking a pupil survey concerning any problems that may exist, or other systematic measures where the alleged behavior occurred.

(4) By conducting a limited investigation without revealing the name of the victim, the Building Principal may be able to learn about or confirm a pattern of behavior based on claims of different pupils that were hazed and/or harassed, intimidated, or bullied by the same individual. The Building Principal may place an individual on notice of allegation of behavior and counsel appropriately without revealing, even indirectly, the identity of the pupil who notified the school district.

3. Investigation Results

a. Upon the conclusion of the investigation, but not later than ten working days after reported, the Building Principal will prepare a summary of findings to the parties. At the least, this shall include the person(s) providing notice to the school district, the pupil(s) who was alleged to be the victim of hazing and/or harassing, intimidating, or bullying behavior, and the Affirmative Action Officer.
Reporting Procedure – Hazing and/or Harassment, Intimidation or Bullying

b. The Building Principal shall make a determination whether hazing and/or harassing, intimidating, or bullying behavior was present.

c. If the Building Principal concludes the behavior was not, or is not present, the investigation is concluded.

d. If the Building Principal determines the behavior has occurred, the school district administrators shall implement procedures that ensure both the appropriate consequences and remedial responses for pupils who have committed one or more acts of hazing or harassment, intimidation, or bullying are consistent with the code of pupil conduct and Policy 5512.01.

e. The school district administrators will take steps to avoid any further hazing and/or harassment, intimidation, or bullying behavior and to prevent any retaliation against the pupil who made the complaint, was the subject of the behavior, or against those who provided the information or were witnesses. The Building Principal will inform the victim pupil and his/her parent(s) or legal guardian(s) how to report any subsequent problems and make follow-up inquiries to see if there has been any new incidents or retaliation.

f. All grievances and accompanied investigation notes will be maintained in a confidential file by the Building Principal.

4. Building Principal’s Investigation Appeal Process

a. Any person found by the Building Principal’s investigation to be guilty of hazing and/or harassment, intimidation, or bullying behavior, or any pupil who believes they were hazed and/or harassed, intimidated, or bullied, but not supported by the Building Principal’s investigation, may appeal to the Superintendent. The Superintendent will review the Building Principal’s report and any other information he/she deems appropriate to make a determination. The Superintendent will make his/her determination within ten working days of receiving the appeal.
b. Any person who is not satisfied with the Superintendent’s determination may appeal to the Board. The Board will review the Building Principal’s report and the Superintendent’s determination, along with any other information the Board deems appropriate to make a Board determination. The Board will make its determination within forty-five calendar days of receiving an appeal from the Superintendent’s determination.

Office Of Civil Rights (OCR) Case Resolution

Parents or pupils not satisfied with the resolution by the school district officials or the Board may request the Office of Civil Rights (OCR) of the United States Department of Education to investigate the allegations.

C. Identification and Remediation of Pupils Involved with Substances.

1. Teaching staff members shall be alert to the signs of a pupil's involvement with substances, in accordance with the training offered in in-service training sessions.

2. A teaching staff member who suspects that a pupil is involved with substances, but not under the influence of them, should refer the pupil to the School Nurse, the Substance Awareness Coordinator, a Guidance Counselor, the Child Study Team, or another professional staff member or trained resource person, as appropriate. The staff member shall notify the Principal of the referral; if appropriate, the Principal should notify the pupil's parent(s) or legal guardian(s) of the referral and discuss with the parent(s) or legal guardian(s) the possibility of medical or therapeutic treatment.

3. When a pupil involved with substances has discussed his/her involvement with a teaching staff member with an expectation of confidentiality, the staff member may respect that confidence. The teaching staff member should encourage the pupil to seek aid from a professional trained in counseling and to confide in his/her parent(s) or legal guardian(s). When the staff member believes that the pupil requires professional counseling or intervention that the pupil will not seek
on his/her own, the staff member may report the pupil to the Principal, who shall determine whether to notify the pupil's parent(s) or legal guardian(s) and may report the pupil to an appropriate district professional or trained resource person or to an appropriate agency for evaluation and possible treatment.

D. Reporting and Examination of Pupils Under the Influence of Anabolic Steroids

1. Whenever any teaching staff member, certified or non-certified nurse or other educational personnel have reason to believe that a pupil has used or may be using anabolic steroids that person must report the matter as soon as possible to the Principal (or, in the Principal's absence, to a person designated by the Principal) and either the certified or non-certified school nurse or the school physician or the Substance Awareness Coordinator.

2. The Principal or designee, in response to every report, shall immediately notify the pupil's parent(s) or legal guardian(s) and the Superintendent.

3. The Principal shall arrange for the immediate examination of the pupil by a physician licensed to practice medicine or osteopathy selected by the parent(s) or legal guardian(s). If the physician selected by the parent is not available to perform the examination, the examination will be conducted by the school physician or another physician identified by the Principal. An examination conducted, at parental request, by a physician other than the school physician or another physician identified by the Principal shall not be at the district's expense.

4. The pupil shall be examined as soon as possible for the purpose of determining whether the pupil has been using anabolic steroids.

5. The Superintendent or designee may, but need not, disclose to law enforcement authorities the identity of a pupil suspected or have used or who may be using anabolic steroids. The Superintendent shall disclose to law enforcement authorities the identity of a pupil reasonably believed to be in possession of anabolic steroids or related paraphernalia or a pupil reasonably believed to be involved or implicated in distribution activities involving anabolic steroids.
6. A written report of the examination of the pupil shall be furnished by the examining physician to the pupil's parent(s) or legal guardian(s), the Principal, and to the Superintendent.

7. If it is determined that the pupil has used anabolic steroids, an individual who holds the Educational Services Certificate with the substance awareness coordinator endorsement issued by the New Jersey State Board of Examiners or an individual who holds either the school nurse, school nurse/non-instructional, school psychologist, school counselor, school social worker or student personnel services endorsement on the Educational Services Certificate and is trained to assess alcohol and other drug abuse shall interview the pupil and others, as necessary, for the purpose of determining the extent of the pupil’s involvement with and use of anabolic steroids and the possible need for referral for treatment. To make this determination, the school staff member(s) identified above may conduct a reasonable investigation, which may include interviews with the pupil’s teachers and parents and consultation with experts in pupil alcohol or other drug abuse, as may be appropriate and necessary.

8. If the results of a referral for evaluation have positively determined that the pupil's use of anabolic steroids represents a danger to the pupil's health and well-being, the school staff member(s) identified in 7. above shall initiate a referral for treatment to appropriate community agencies as defined in N.J.A.C. 6A:16-4.1(b), to out-of-State agencies licensed by the appropriate State regulatory agency for alcohol and other drug services, or to private practitioners certified by appropriate drug and alcohol licensing board.

E. Evaluation and Treatment of Pupils Under the Influence of a Substance Other Than Anabolic Steroids

1. Any educational staff member or other professional to whom it appears that a pupil may be currently under the influence of alcohol or other drugs on school grounds, including on a school bus or at a school-sponsored function, shall report the matter as soon as possible to the Principal and either the certified school nurse, non-certified school nurse, the school physician, or the substance awareness coordinator pursuant to N.J.S.A. 18A:40A-12. In the absence of the Principal,
his or her designee shall be notified. In instances where the Principal and either the certified school nurse, non-certified school nurse, the school physician or the substance awareness coordinator are not in attendance, the staff member responsible for the school function shall be immediately notified. The referring staff member shall complete the Violence, Vandalism and Substance Abuse Incident Report, according to N.J.S.A. 18A:17-46 and N.J.A.C. 6A:16-5.3.

2. The Principal or designee, in response to every report, shall immediately notify the pupil's parent(s) or legal guardian(s) and the Superintendent and/or designee.

3. The Superintendent or designee may, but need not, disclose to law enforcement authorities the identity of a pupil suspected to be under the influence of alcohol or other drugs. The Superintendent shall disclose to law enforcement authorities the identity of a pupil reasonably believed to be in possession of a controlled dangerous substance or related paraphernalia or a pupil reasonably believed to be involved or implicated in distribution activities regarding controlled dangerous substances.

4. The Principal or designee, in response to every report, must arrange for an immediate medical examination of the pupil for the purposes of providing appropriate health care for the pupil and for determining whether the pupil is under the influence of alcohol, or other drugs, other than anabolic steroids. The medical examination shall be performed by a physician licensed to practice medicine or osteopathy that is selected by the parent(s) or legal guardian(s). If the parent’s or legal guardian’s physician licensed to practice medicine or osteopathy is not immediately available, the medical examination shall be conducted by the school physician. If neither the parent’s or legal guardian’s physician nor the school physician is immediately available, the pupil shall be taken to the emergency room of the nearest hospital for examination. The pupil shall be accompanied by the pupil’s parent(s) or legal guardian(s) if available and by a member of the school staff appointed by the Principal. Parental or legal guardian permission is not required for the school’s physician or emergency room examination. The parent(s) or legal guardian(s) may, but is not required to accompany the pupil to the school physician and/or
emergency room. The Principal and/or designee will supervise the pupil while the pupil is waiting for the parent(s) or legal guardian(s) to take the pupil to the physician selected by the parent, or waiting for and receiving the examination by the school physician or in the emergency room. An examination conducted by a physician selected by the parent(s) or legal guardian(s) shall be at the expense of the parent and shall not be at the expense of the school district. An examination conducted by the school physician or by a physician at the emergency room of the nearest hospital shall be at the expense of the school district.

5. The school district, in cooperation with the medical professional licensed to practice medicine or osteopathy will establish the minimum requirements to be used for these medical examinations conducted in accordance with N.J.A.C. 6A:16-4.3 et seq. The minimum requirements for the examination will be periodically reviewed and updated as needed. Any substance screening conducted by the school nurse and/or other staff is not a substitute for the required medical examination required in N.J.S.A. 18A:40A-12.

6. A written report of the examination of the pupil shall be furnished by the examining physician to the pupil's parent(s) or legal guardian(s), the Principal, and to the Superintendent within twenty-four hours of the referral of the pupil for suspected drug or alcohol use. The findings of the report shall verify whether the pupil’s alcohol or other drug use interferes with his or her physical and mental ability to perform in school.

7. When the medical examination is performed by a physician other than the school physician or at the emergency room of the nearest hospital, the parent is required to verify within twenty-four hours of the notification that the pupil is suspected of alcohol or other drug use that the medical examination in accordance with this Policy was performed. The verification shall include, at a minimum, the printed name, address and phone number, date and time of the medical examination, signature of the examining physician and the date by which the written report of the examination will be provided.
8. If the written report of the examination is not submitted to the parent, Principal or Superintendent within twenty-four hours of the referral of the pupil, the pupil will be allowed to return to school until such time a positive determination of alcohol or other drug use is received from the physician.

9. If the written report of the medical examination verifies that alcohol or other drugs do not interfere with the pupil’s physical and mental ability to perform in school, the pupil will be immediately returned to school.

10. If there is a positive determination from the medical examination, indicating the pupil’s alcohol or other drug use interferes with his or her physical or mental ability to perform in school the pupil will be returned to the parent’s care as soon as possible. Attendance at school will not resume until a written report has been submitted to the parent(s) or legal guardian(s), Principal and Superintendent from the physician who has examined the pupil to determine whether alcohol or other drug use interferes with his or her physical or mental ability to perform in school. The report must verify the pupil’s alcohol or other drug use no longer interferes with the pupil’s physical and mental ability to perform in school. Removal of a pupil with a disability shall be made in accordance with N.J.A.C. 6A:14.

12. While the pupil is home because of the medical examination or after the pupil returns to school, an individual who holds the Educational Services Certificate with the substance awareness coordinator endorsement issued by the New Jersey State Board of Examiners or an individual who holds either the school
nurse, school nurse/non-instructional, school psychologist, school counselor, school social worker or student personnel services endorsement on the Educational Services Certificate and is trained to assess alcohol and other drug abuse shall:

a. Conduct an alcohol and other drug assessment of the pupil and a reasonable investigation of the situation, which may include interviews with the pupil’s teachers and parents and consultation with experts in pupil alcohol or other drug abuse as may be appropriate and necessary, for the purpose of making a preliminary determination of the pupil’s need for educational programs, supportive services or treatment which extend beyond the general school program by virtue of the use of alcohol or other drugs by the pupil. The findings of the assessment alone shall not prevent a pupil from attending school; and

b. Cooperate with community agencies as defined in N.J.A.C. 6A:16-4.1(b) and juvenile justice officials in providing evaluation, referral and continuity of care for substance abuse treatment.

13. While the pupil is at home because of the medical examination or after the pupil returns to school, the Principal or Superintendent may recommend or require alcohol and other drug assessment of the pupil or evaluation by appropriately certified or licensed professionals to make a positive determination of a pupil’s need for programs and services which extend beyond the general school program, as necessary. The findings of these additional evaluations alone shall not be used to prevent a pupil from attending school.

14. If at any time it is determined a pupil’s use of substances presents a danger to the pupil’s health and well-being, an individual who holds the Educational Services Certificate with the substance awareness coordinator endorsement issued by the New Jersey State Board of Examiners or an individual who holds either the school nurse, school nurse/non-instructional, school psychologist, school counselor, school social worker or student personnel services endorsement on the Educational Services Certificate and is trained in alcohol and other drug abuse treatment referral shall initiate a referral for substance abuse treatment.
15. Any educational or non-educational school staff member who in good faith reports a pupil to the Principal or Principal’s designee in compliance with N.J.A.C. 6A:16-4.3 and this Policy shall not be liable in civil damages as a result of making such a report, as specified in N.J.S.A. 18A:40A-13 and 14.

16. The district may provide additional intervention and referral services for the pupil according to the requirements of N.J.S.A. 18A:40A-10 and N.J.A.C. 6A:16-7.1 through 7.3.

F. Presence of Substances on School Premises

1. A pupil's person, effects, or school storage places may be searched for substances in accordance with Policy No. 5770.

2. The Principal or other school officer conducting the search shall confiscate as evidence any substance found in the pupil's possession.
   a. Any controlled dangerous substance as defined in N.J.S.A. 24:21-1 or at N.J.S.A. 2C:35-2, including controlled dangerous analogs and drug paraphernalia, shall be handled in accordance with Policy No. 9322 and implementing regulations.
   b. Any substance or evidence of the use of a substance other than a controlled dangerous substance shall be sealed in an appropriate container and labeled with the date, name of the pupil, and name of the school official who conducted the search and found the drug. The evidence shall be locked in a secure place until it is no longer required for a determination of the pupil's involvement with a substance other than a controlled dangerous substance.

G. Outreach to Parents

1. An outreach program will be provided for the parent(s) or legal guardian(s) of pupils enrolled in the district. The program will be conducted at times, including evenings and weekends, convenient to parent(s) or legal guardian(s) and on school premises or at suitable facilities closer to pupil's residences or parents' workplaces.

   e. Information on the State and local organizations available to assist in the prevention of substance abuse and the early intervention, treatment, and rehabilitation of substance abusers; and
   f. Review of Board policy and administrative regulations on substance abuse with attention to the role of parents.

H. Records

1. Notations concerning a pupil's involvement with substances may be entered on his/her records, subject to Policy No. 8330 regarding confidentiality and limited access. All such notations shall be expunged when they are no longer required for the counseling or discipline of the pupil or when the pupil leaves school.

2. Information regarding a pupil's involvement in a school intervention or treatment program shall be kept strictly confidential in accordance with §408 of the Drug Abuse Prevention, Treatment, and Rehabilitation Act, 42 U.S.C. 290 ee-3, and implementing regulations, 42 CFR Part 2.
3. If an elementary or secondary pupil involved in a school-based drug and alcohol counseling program provides information during the course of a counseling session in that program which indicates that the pupil’s parent(s) or legal guardian(s) or other person residing in the pupil’s household is dependent upon or illegally using a substance as that term is defined in N.J.S.A. 18A:40A-9, that information shall be kept confidential and may be disclosed only under the circumstances expressly authorized as follows:

   a. Subject to the pupil’s written consent, to another person or entity whom the pupil specifies in writing in the case of a secondary pupil, or to a member of the pupil’s immediate family or the appropriate school personnel in the case of an elementary pupil;

   b. Pursuant to a court order;

   d. To the Division of Youth and Family Services or to a law enforcement agency, if the information would cause a person to reasonably suspect that the elementary or secondary pupil or another child may be an abused or neglected child.

Any disclosure made pursuant to a. and b. above shall be limited to that information which is necessary to carry out the purpose of the disclosure, and the person or entity to whom the information is disclosed shall be prohibited from making any further disclosure of that information without the pupil’s written consent. The disclosure must be accompanied by a written statement from the Substance Awareness Coordinator advising the recipient that the information is being disclosed from the records the confidentiality of which is protected by P.L. 1997,362 (N.J.S.A. 18A:40A-7.1 et seq.) and that this law prohibits any further disclosure of this information without the written consent of the person from whom the information originated.
Nothing in this policy prevents the Division of Youth and Family Services or a law enforcement agency from using or disclosing the information in the course of conducting an investigation or prosecution. Nothing in this policy shall be construed as authorizing a violation of any federal law.

The prohibition on the disclosure of information provided by a pupil shall apply whether the person to whom the information was provided believes that the person seeking the information already has it, has other means of obtaining it, is a law enforcement or other public official, has obtained a subpoena, or asserts any other justification for the disclosure of this information.

A person who discloses or willfully permits the disclosure of information provided by a pupil in violation of this policy is subject to fines in accordance with N.J.S.A. 18A:40A-7.2.

C. Violations - Return of Pupils to General Education Program

1. The Superintendent will determine whether the pupil is prepared to return to the regular education program or whether the pupil will remain in the alternative education program or receive home or other out-of-school instruction. This decision will be based on the nature and severity of the offense; the Board’s removal decision; the results of any relevant testing, assessments or evaluation of the pupil; and the recommendation of the Principal or director of the alternate education program in which the pupil has been placed.
2. The Superintendent’s decision must be made in accordance with school district policy and New Jersey Administrative Code.

3. If the pupil is disabled, the pupil’s placement is determined by the Child Study Team and the pupil’s parent(s) or legal guardian(s) in accordance with N.J.A.C. 6A:14-1.1 et seq., Special Education.

Issued: 17 June 2009
Sexual harassment of pupils is prohibited by the Board of Education. The Superintendent and school district staff will use the following methods to investigate and resolve allegations of sexual harassment of pupils engaged in by school employees, other pupils (peers), or third parties.

A. Definitions

1. Quid Pro Quo Harassment - When a school employee explicitly or implicitly conditions a pupil's participation in an educational program or activity or bases an educational decision on the pupil's submission to unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature. Quid Pro Quo Harassment is equally unlawful whether the pupil resists and suffers the threatened harm or submits and thus avoids the threatened harm.

2. Hostile Environment Sexual Harassment - Sexual harassing conduct (which can include unwelcome sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature) by an employee, by another pupil, or by a third party that is sufficiently severe, persistent, or pervasive to limit a pupil's ability to participate in or benefit from an educational program or activity, or to create a hostile or abusive educational environment.

3. Notice - The school district has notice if it actually "knew, or in the exercise of reasonable care, should have known" about the harassment. If an agent or responsible employee of the school district received notice, the school district is deemed to have notice. The school district may receive notice in many different ways:

   a. A pupil may have filed a grievance or complained to a teacher about fellow pupils harassing him/her.

   b. A pupil, parent, or other pupil may have contacted other appropriate school personnel.
c. An agent or a responsible employee of the school district may have witnessed the harassment.

d. The school district may obtain information in an indirect manner such as staff, community members, newspapers, etc.

4. Constructive Notice - A school district will be in violation if the school district has “constructive notice” of a sexually hostile environment and fails to take immediate and appropriate corrective action. Constructive notice exists if the school district “should have” known about the harassment and if the school district would have found out about the harassment through a “reasonable diligent inquiry.”

5. Gender-based Harassment - Gender-based harassment that includes acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on gender, but not involving conduct of a sexual nature, may be a form of sex discrimination if it is sufficiently severe, persistent, or pervasive and directed at individuals because of their gender.

6. Title IX of the Education Amendments of 1972 - Title IX applies to all public school districts that receive federal funds and protects pupils in connection with all the academic, educational, extra-curricular, athletic, and other programs of the school district, whether they take place in the school facilities, on the school bus, at a class or training program sponsored by the school at another location, or elsewhere. Title IX protects any “person” from sex discrimination; accordingly both male and female pupils are protected from sexual harassment engaged in by school district employees, other pupils, or third parties. Title IX prohibits sexual harassment regardless of the gender of the harasser even if the harasser and the pupil being harassed are members of the same gender. Although Title IX does not specifically prohibit discrimination on the basis of sexual orientation, sexual harassment directed at gay or lesbian pupils may constitute sexual harassment as prohibited by Title IX. Harassing conduct of a sexual nature directed toward gay or lesbian pupils may create a sexually hostile environment and therefore be prohibited under Title IX.
7. Grievance Procedure - The grievance procedure provides for prompt and equitable resolution of discrimination complaints, including complaints of sexual harassment. The grievance procedure provides the school district with a mechanism for discovering sexual harassment as early as possible and for effectively correcting problems.

8. Office Of Civil Rights (OCR) - The OCR of the United States Department of Education has federal government’s enforcement authority of Title IX.

9. Unwelcomeness - In order to be actionable as harassment, sexual conduct must be unwelcomed. Conduct is unwelcomed if the pupil did not request or invite it and “regarded the conduct as undesirable or offensive.” The school district will be concerned about the issue of welcomeness if the harasser is in a position of authority.

10. Acquiescence - Acquiescence in the conduct or the failure to complain does not always mean the conduct was welcome. The fact that a pupil may have accepted the conduct does not mean that he/she welcomed it. The fact that a pupil willingly participated in conduct on one occasion does not prevent him/her from indicating that the same conduct has become unwelcome on a subsequent occasion. On the other hand, if a pupil actively participates in sexual banter and discussions and gives no indication he/she objects, then the evidence generally will not support a conclusion that the conduct was unwelcomed.

11. Sufficiently Severe, Persistent, or Pervasive Conduct - In determining whether conduct is sufficiently severe, persistent, or pervasive, the conduct should be considered from a subjective and objective perspective. In making this determination, all relevant circumstances should be considered:

a. The degree to which the conduct affected one or more pupils’ behavior. The conduct must have limited a pupil’s ability to participate in or benefit from his/her education or altered the conditions of the pupils educational environment.
b. The type, frequency, and duration of the conduct.

c. The identity of and relationship between the alleged harasser and the subject or subjects of the harassment.

d. The number of individuals involved.

e. The age and gender of the alleged harasser and the subject or subjects of the harassment.

f. The size of the school, location of the incidents, and context in which they occurred.

g. Other incidents at the school.

h. Incidents of gender-based, but non-sexual harassment.

B. Grievance Procedure

The following Grievance Procedure shall be used for an allegation(s) of Harassment of Pupils by School Employees, Other Pupils, or Third Parties:

1. Reporting of Sexual Harassment Conduct

   a. Any person with any information regarding actual and/or potential sexual harassment of a pupil by any school employee, other pupils, or third parties must report the information to the school Building Principal, his/her immediate supervisor or the Building-based Affirmative Action Representative.

      (1) If the Building Principal deems it appropriate, he/she may immediately notify the parent(s) or legal guardian(s) of the alleged harasser(s) or alleged victim(s) upon receipt of any information prior to notifying the Building-based Affirmative Action Representative.

      (2) The Building Principal will not disclose the name(s) of the alleged harasser(s) or alleged victim(s) to the other party.
b. The school district can learn of sexual harassment through other means such as from a witness to an incident, an anonymous letter or telephone call.

c. Nothing in the Policy and Regulation on Pupil Sexual Harassment shall preclude the Building Principal, or designee, from complying with the provisions of Policy No. 5600 - Pupil Discipline in order to maintain the health, safety and welfare of staff and/or pupils.

d. A report from the school Building Principal or an immediate supervisor will be forwarded to the school district Building-based Affirmative Action Representative within one working day, even if the school Building Principal or immediate supervisor feels sexual harassment conduct was not present.

e. Upon receipt of an allegation and/or report, the Building-based Affirmative Action Representative shall immediately notify the parent(s) or legal guardian(s) of any alleged harasser(s) and victim(s) for which a report has been filed even if the Building Principal has previously notified the parent(s) or legal guardian(s).

f. The Building-based Affirmative Action Representative shall notify the parent(s) or legal guardian(s) of all involved pupils and any other involved individuals of the process to be followed in investigating a report or complaint.

2. Affirmative Action Investigation

a. Upon receipt of any report of potential sexual harassment conduct, the Building-based Affirmative Action Representative will begin an immediate investigation. The Building-based Affirmative Action Representative will promptly investigate all alleged complaints of sexual harassment, whether or not a formal grievance is filed and steps will be taken to resolve the situation, if needed. This investigation will be prompt, thorough, and impartial. The investigation will be completed no more than ten working days after receiving notice.
b. When a pupil or the parent(s) or legal guardian(s) of a pupil provides information or complains about sexual harassment of the pupil, the Building-based Affirmative Action Representative will initially discuss what actions the pupil or parent(s) or legal guardian(s) is seeking in response to the harassment.

c. The Building-based Affirmative Action Representative investigation may include, but is not limited to, interviews with all persons with potential knowledge of the alleged conduct, interviews with any pupils who may have been sexually harassed by any school employee, other pupils, or third parties and any other reasonable methods to determine if sexual harassment conduct existed.

d. The Building-based Affirmative Action Representative will request, if relevant to an investigation, the parent(s) or legal guardian(s) of any pupil involved in the investigation to assist in the investigation to determine if sexual harassment conduct existed.

e. The Building-based Affirmative Action Representative will provide a copy of the Board Policy and Regulation to all persons who are interviewed with potential knowledge and to any other person the Building-based Affirmative Action Representative feels would be served by a copy of such documents.

f. The Building-based Affirmative Action Representative will explain the avenues for formal and informal action, including a description of the grievance procedure that is available for sexual harassment complaints and an explanation on how the procedure works.

g. Any person interviewed by the Building-based Affirmative Action Representative may be provided an opportunity to present witnesses and other evidence.
h. The school district administrators may take interim measures during a Building-based Affirmative Action Representative investigation of a complaint in order to alleviate any conditions which prohibit the pupil from assisting in the investigation.

i. If elementary or middle school pupils are involved, it may become necessary to determine the degree to which they are able to recognize that certain sexual conduct is conduct to which they can or should reasonably object and the degree to which they can articulate an objection. The Building-based Affirmative Action Representative will consider the age of the pupil, the nature of the conduct involved, and other relevant factors in determining whether a pupil had the capacity to welcome sexual conduct.

j. The Building-based Affirmative Action Representative will consider particular issues of welcomeness if the alleged harassment relates to alleged “consensual” sexual relationships between a school employee and a pupil.

(1) If elementary or middle school (grades K-8) pupils are involved, welcomeness will not be an issue. Sexual conduct between a school employee and an elementary pupil will not be viewed as consensual.

(2) If secondary (grades 9-12) pupils are involved, there is a strong presumption that sexual conduct between a school employee and a secondary pupil is not consensual.

(3) In cases involving older secondary and post-secondary pupils and older secondary and post-secondary special education pupils, the Building-based Affirmative Action Representative will consider the following to determine whether a school employee’s sexual advances or other sexual conduct could be considered welcome:

(a) The nature of the conduct and the relationship of the school employee to the pupil, including the degree of influence, authority, or control the employee has over the pupil.
(b) Whether the pupil was legally or practically unable to consent to the sexual conduct in question.

k. If there is a dispute about whether harassment occurred or whether it was welcome (in a case which it is appropriate to consider whether the conduct could be welcome) determinations should be based on the totality of the circumstances. The following types of information may be helpful in resolving the dispute:

(1) Statements made by any witnesses to the alleged incident.

(2) Evidence about the relative credibility of the alleged harassed pupil and the alleged harasser.

(3) Evidence that the alleged harasser has been found to have harassed others may support the credibility of the pupil claiming harassment.

(4) Evidence of the allegedly harassed pupil’s reaction or behavior after the alleged harassment.

(5) Evidence about whether the pupil claiming harassment filed a complaint or took other action to protest the conduct soon after the alleged incident occurred.

(6) Other contemporaneous evidence such as did the pupil write about the conduct and his/her reaction to it soon after it happened in a diary or letter and/or tell friends or relatives.

1. The scope of a reasonable response also may depend upon whether a pupil, or parent(s) or legal guardian(s) reporting harassment asks that the pupil’s name not be disclosed to the harasser or that nothing be done about the harassment. The Building-based Affirmative Action Representative:
(1) Will provide an overview of harassment policy [and Title IX if applicable] to the pupil, parent(s) or legal guardian(s) which shall include the prohibition of retaliation. In the event the pupil, parent(s) or legal guardian(s) request the pupil’s name remain confidential, the Building-based Affirmative Action Representative will inform the pupil, parent(s) or legal guardian(s) that the request may limit the school district’s ability to respond.

(2) Will evaluate the confidentiality request in the context of its responsibility to provide a safe and nondiscriminatory environment for all pupils. The factors to be considered shall be the seriousness of the alleged harassment, the age of the pupil harassed, whether there have been any other complaints or reports against the alleged harasser and the rights of the accused individual to receive information about the accuser and the allegations if a formal proceeding with sanctions may result.

(3) May use other means available to address the harassment. Steps that may be taken to limit the effects of the alleged harassment and prevent its reoccurrence without initiating a formal complaint and revealing the identity of the complainant. These steps may require sexual harassment training at the site where the problem occurred, taking a pupil survey concerning any harassment problems that may exist, or other systematic measures where the alleged harassment occurred.

(4) By conducting a limited investigation without revealing the name of the pupil sexually harassed, may be able to learn about or confirm a pattern of harassment based on claims of different pupils that were harassed by the same individual. The Building-based Affirmative Action Representative may place an individual on notice of allegation of harassing behavior and counsel appropriately without revealing, even indirectly, the identity of the pupil who notified the school district.
3. Investigation Results
   a. Upon the conclusion of the investigation, but not later than ten working days after reported, the Building-based Affirmative Action Representative will prepare a summary of findings to the parties. At the least this shall include the person(s) providing notice to the school district and the pupil(s) who were alleged to be sexually harassed.
   b. The Building-based Affirmative Action Representative shall make a determination whether sexual harassment conduct was present.
   c. If the Building-based Affirmative Action Representative concludes sexual harassment conduct was not, or is not present, the investigation is concluded.
   d. If the Building-based Affirmative Action Representative determines that sexual harassment has occurred, the school district administrators and staff shall take reasonable, age-appropriate, and effective corrective action, including steps tailored to the specific situation. Appropriate steps will be taken to end the harassment such as counseling, warning, and/or disciplinary action, as specified in pupil and/or staff discipline policies and regulations. The steps will be based on the severity of the harassment or any record of prior incidents or both. A series of escalating consequences may be necessary if the initial steps are ineffective in stopping the harassment.
   e. In the event the Building-based Affirmative Action Representative determines a hostile environment exists, the school district administrators and staff shall take steps to eliminate the hostile environment. The school district administrators may need to deliver special training or other interventions to repair the educational environment. Other measures may include directing the harasser to apologize to the harassed pupil, dissemination of information, distribution of new policy statements or other steps to communicate the message that the Board does not tolerate harassment and will be responsive to any pupil that reports such conduct.
f. In some situations, the school district administrators may need to provide other services to the pupil that was harassed if necessary to address the effects of the harassment on that pupil. Depending on the type of harassment found, these additional services may include an independent re-assessment of the harassed pupil’s work, re-taking a course with a different instructor, tutoring and/or other measures that are appropriate to the situation.

g. The school district administrators will take steps to avoid any further sexual harassment and to prevent any retaliation against the pupil who made the complaint, was the subject of the harassment, or against those who provided the information or were witnesses. The Building-based Affirmative Action Representative will inform the sexually harassed pupil and his/her parent how to report any subsequent problems and make follow-up inquiries to see if there has been any new incidents or retaliation.

h. All sexual harassment grievances and accompanying investigation notes will be maintained in a confidential file by the Building-based Affirmative Action Representative.

i. The Building-based Affirmative Action Representative and/or Superintendent may contact law enforcement agencies if there is potential criminal conduct by any party.

4. Affirmative Action Investigation Appeal Process

a. Any person found by the Building-based Affirmative Action Representative investigation to be guilty of sexual harassment conduct, or any pupil who believes they were sexually harassed but not supported by the Building-based Affirmative Action Representative investigation, may appeal to the Superintendent. The Superintendent will make his/her determination within ten working days of receiving the appeal.

b. Any person who is not satisfied with the District’s Affirmative Action Officer’s determination may appeal to the Superintendent. The Superintendent will make his/her determination within ten calendar days of receiving an appeal from the District’s Affirmative Action Officer’s determination.
C. Office Of Civil Rights (OCR) Case Resolution

Parents or pupils not satisfied with the resolution of an allegation of sexual harassment by the school district officials may request the Office of Civil Rights (OCR) of the United States Department of Education to investigate the allegations.

1. Any alleged victim of sexual harassment may appeal a decision of the District Affirmative Action Officer, or the Superintendent, to the Office of Civil Rights (OCR).

2. Any person may report an allegation of sexual harassment to the OCR at any time. If the OCR is asked to investigate or otherwise resolve incidents of sexual harassment of pupils, including incidents caused by employees, other pupils, or third parties, OCR will consider whether:

   a. The school district has a policy prohibiting sex discrimination under Title IX and an effective Title IX grievance procedure;

   b. The school district appropriately investigated or otherwise responded to allegations of sexual harassment; and

   c. The school district has taken immediate and appropriate corrective action responsive to Quid Pro Quo or Hostile Environment Harassment.

3. If the school district officials have taken the steps described in 2 above, the OCR will consider the case against the school district resolved and take no further action other than monitoring compliance with any agreement between the school district and the OCR. This shall apply in cases in which the school district was in violation of Title IX, as well as those in which there has been no violation of Title IX.

Every New Jersey school district, with the exception of any district that obtains a waiver of the requirements of N.J.A.C. 6A:23A-5.3 pursuant to the procedures set forth at N.J.A.C. 6A:23A-5.3(b), shall take appropriate steps to maximize its revenue from the Special Education Medicaid Initiative (SEMI) Program by following policies and procedures to maximize participation in the program as set forth in N.J.A.C. 6A:23A-5.3(d) and to comply with all program requirements as set forth in N.J.A.C. 6A:23A-5.3(e). The Assistant Superintendent at Pupil Services shall be responsible for the complete implementation of this regulation and compliance.

A. Waiver

1. The school district may seek, in the prebudget year, a waiver of the requirements of N.J.A.C. 6A:23A-5.3 upon demonstration that for the subsequent school year:

   a. The district projects, based on reliable evidence, that it will have thirty or fewer Medicaid eligible classified pupils; or

   b. The district demonstrates that efforts to participate in SEMI would not provide a cost benefit to the district, based on the projection of the district’s available SEMI reimbursement for the budget year as set forth in N.J.A.C. 6A:23A-5.3 (c) and B. below.

2. For the 2008-2009 school year, the waiver request must be submitted to the Executive County Superintendent by September 1, 2008. The Executive County Superintendent or Acting Executive County Superintendent shall promptly review the request and render a decision no later than September 30, 2008.

3. Beginning with the 2009-2010 school year, the application for a waiver of the requirements of N.J.A.C. 6A:23A-5.3 shall be made to the Executive County Superintendent no less than forty-five days prior to the submission of the district’s proposed budget for the school year to which the waiver request applies. The Executive County Superintendent shall notify the district of the decision on the waiver application within twenty days of receipt of the waiver request.
Special Education Medicaid Initiative (SEMI) Program request. If the waiver is not granted, the district shall submit a SEMI action plan to the Executive County Superintendent as required by N.J.A.C. 6A:23A-5.3(f) as part of its annual school district budget submission or demonstrate to the Executive County Superintendent the district has achieved maximum participation in the SEMI program in the prebudget year.

B. Projection of Available SEMI Reimbursement

1. As part of the annual budget information, the New Jersey Department of Education shall provide each school district with a projection of available SEMI reimbursement for the budget year, as determined by the State Department of Treasury’s third party administrator for SEMI. The projection shall be based on the following:

   a. Number of Medicaid eligible pupils;

   b. Assumption of twenty services per eligible pupils per year;

   c. One IEP meeting per eligible pupil per year; and

   d. Applicable SEMI reimbursement rates.

2. Beginning with the 2009-2010 school year, the school district shall recognize as revenue in its annual school district budget no less than ninety percent of the projection of available SEMI reimbursement. The district may seek approval from the Executive County Superintendent to use its own projection of SEMI reimbursement upon demonstration that the numbers it used in calculating the projection are more accurate than the projection provided.

C. SEMI Program Requirements

1. The school district shall strive to achieve maximum participation in the SEMI program. “Maximum participation” means obtaining a ninety percent return rate of parental consent forms for all SEMI eligible pupils. Districts shall enter all pupils following their evaluations into the third-party system to identify the district’s universe of eligible pupils. This can be done without parental consent.
2. Districts participating in the SEMI reimbursement program shall comply with program requirements as follows:

   a. The school district shall implement Policy and Regulation 6111 concerning the effective and efficient administration of the SEMI reimbursement program consistent with the requirements of N.J.A.C. 6A:23A-5.3.

   b. Any service submitted to Medicaid for reimbursement shall be rendered by a Medicaid qualified practitioner, or rendered by a provider under the supervision of a Medicaid qualified practitioner. The following outlines the required documentation for each related service provider:

      (1) Nurses – copy of license (DOE certification is not required for SEMI);

      (2) Occupational Therapist – copy of license and DOE certification;

      (3) Physical Therapist – copy of license and DOE certification;

      (4) Psychologist – copy of DOE certification;

      (5) Social Worker – copy of DOE certification;

      (6) Speech Therapist – copy of license, DOE certification, and ASHA certification or Masters Degree in Speech Pathology on or after January 1, 1993.

3. Practitioners who are not Medicaid qualified can deliver services under the direction of Medicaid qualified practitioners. These include certified occupational therapist assistants (COTAs), physical therapist assistants (PTAs) and speech correctionists.
Special Education Medicaid Initiative (SEMI) Program

4. Any direct therapy or other related service shall be prescribed in the related services section of the pupil’s IEP prior to submitting a claim to Medicaid for reimbursement. Delivery of nursing services and dispensing of medication must be referenced in the IEP and supported by physicians’ orders or prescriptions. These documents must be maintained on file. The supporting documentation to be maintained by the school district shall be the cover/signature page, related services section of the IEP, therapy logs, and the evaluations and assessments conducted by the Medicaid-qualified practitioners.

5. Entities where the school district has placed SEMI eligible pupils shall take steps to enable school districts to maximize participation, including either logging the eligible services provided directly through the vendor or the sending school district, as mutually agreed upon with the school district, and obtaining SEMI provider qualification certifications. Every out-of-district placement must provide copies of SEMI provider qualifications, certifications and licenses. This provision applies to the following out-of-district placement options:

a. Approved private schools for pupils with disabilities;
b. Educational services commissions;
c. Jointure commissions;
d. Vocational half-time programs;
e. Department of Education Regional Day Schools; and
f. Special Service School Districts.

6. All supporting documentation for a Medicaid claim shall be maintained on file and available for audit or State review for at least seven years from the date of service. Supporting documentation shall include provider certification (current and historical for each provider), provider service logs, licenses and certifications, physician authorizations for nursing services, parental consent forms, attendance records, and copies of the pupil’s IEP.
D. SEMI Action Plan

1. Each school district that has less than ninety percent participation of SEMI eligible pupils in the 2007-2008 school year or has failed to comply with all program requirements set forth in C. above, shall demonstrate a good faith effort to achieve maximum participation and to maximize available SEMI revenue during the 2008-2009 school year by submitting a SEMI action plan to the Executive County Superintendent for review and approval by September 1, 2008. In subsequent years, each school district that has less than ninety percent participation of SEMI eligible pupils in the prebudget year or that has failed to comply with all program requirements set forth in C. above shall submit a SEMI action plan to the Executive County Superintendent for review and approval as part of the school district’s proposed budget submission.

2. The SEMI action plan shall include the following components:

   a. Procedures for obtaining parental consent forms including the Parental Consent Best Practices which are available from the New Jersey Department of Education.

   b. Establishment of a benchmark for the 2008-2009 school year or for the first year the district does not have an approved waiver pursuant to the provisions of N.J.A.C. 6A:23A-5.3(b), whichever is applicable, for obtaining maximum participation of all SEMI eligible pupils by the start of the subsequent school year:

      (1) The benchmarks for the 2008-2009 school year or for the first year that the district does not have an approved waiver pursuant to N.J.A.C. 6A:23A-5.3(b), whichever is applicable, for achieving maximum participation shall at a minimum close the gap between current participation and maximum participation by fifty percent by the beginning of the subsequent school year; and
(2) The benchmarks shall be based on the percentage of parental consent forms collected from eligible pupils. The number of parental consent forms shall reflect one parental consent form for each eligible pupil. This should include documentation of parental refusal to give consent.

c. Procedures to ensure that all IEP meetings are documented in the third-party administrator’s system. IEPs are only claimable if a Medicaid qualified practitioner is present.

d. Procedures to ensure that all SEMI eligible services, including services provided by entities where the school district has placed SEMI eligible pupils, are documented in the third-party administrator’s system.

e. Procedures to ensure that a valid IEP is on file and the IEP date is on file in the third-party administrator’s system for each SEMI eligible pupil for whom parental consent has been obtained.

f. Procedures to ensure that service providers used by the school district and entities where the school district has placed SEMI eligible pupils have valid licenses and certifications documenting SEMI provider qualifications on file in the third-party administrator’s system.

E. Districts that did not achieve ninety percent participation or achieve their approved benchmarks in the SEMI program for a given budget year and cannot demonstrate they fully implemented their New Jersey Department of Education approved SEMI action plan required above shall be subject to review for the withholding of State aid by the Commissioner pursuant to N.J.S.A. 18A:55-3 in an amount equal to the SEMI revenue projection based on their approved benchmark for the budget year, if applicable, less actual SEMI reimbursements for the budget year. The State aid deduction shall be made in the second subsequent year after the budget year.

The Superintendent is ever mindful of the sensitivity of adhering to solid purchasing practices and balancing the need for timely purchases to support the educational programs. Pursuant to the authority granted the Commissioner of Education under N.J.S.A. 18A:55-2 and N.J.S.A. 18A:7F-60, the Commissioner shall withhold State funds on school districts that fails to obey the provisions of the Public Contract law, N.J.S.A. 18A:18A-1 et seq. The amount of funds to be withheld could equal as much as the amount of the goods and services contracted or awarded that are in violation of the provisions of N.J.S.A. 18A:18A-1 et seq.

In order to minimize any exposure to the district, the Supervisor of Purchasing shall develop a purchasing manual incorporating the requirements of district policies and Regulations of 6320, 6340, 6350, 6360, 6361, 6362, 6421, and 6422 and procedures for the day-to-day purchasing processes. 9. When a contractor fails to perform the terms of the contract promptly, the administration shall give written notice of default. If the contractor fails to cure the default within the time permitted by the notice, the Board may terminate the contract and, at the expense of the contractor or the surety, complete the contract or cause the contract to be completed.

F. Bidder Disqualification

1. The Board may, by resolution approved by a majority of the Board, and pursuant to N.J.S.A. 18A:18A-4 disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the Board finds that it has had prior negative experience with the bidder.

   a. As used in this section, "prior negative experience" means any of the following:
(1) The bidder has been found, through either court adjudication, arbitration, mediation, or other contractually stipulated alternate dispute resolution mechanism, to have: failed to provide or perform goods or services; or failed to complete the contract in a timely manner; or otherwise performed unsatisfactorily under a prior contract with the Board;

(2) The bidder defaulted on a contract, thereby requiring the Board to utilize the services of another contractor to provide the goods or perform the services or to correct or complete the contract;

(3) The bidder defaulted on a contract, thereby requiring the Board to look to the bidder's surety for completion of the contract or tender of the costs of completion; or

(4) The bidder is debarred or suspended from contracting with any of the agencies or departments of the executive branch of the State of New Jersey at the time of the contract award, whether or not the action was based on experience with the Board.

b. The following conditions apply if the Board is contemplating a disqualification based on prior negative experience:

(1) The existence of any of the indicators of prior negative experience set forth in this section shall not require that a bidder be disqualified. In each instance, the decision to disqualify shall be made within the discretion of the Board and shall be rendered in the best interests of the Board.

(2) All mitigating factors shall be considered in determining the seriousness of the prior negative experience and in deciding whether disqualification is warranted.

(3) The bidder shall be furnished by the Board with a written notice.
Purchases Subject to Bid

(a) Stating that a disqualification is being considered;

(b) Setting forth the reason for the disqualification; and

(c) Indicating that the bidder shall be accorded an opportunity for a hearing before the Board if the bidder so requests within a stated period of time. At the hearing, the bidder shall show good cause why the bidder should not be disqualified by presenting documents and testimony. If the Board determines that good cause has not been shown by the bidder, it may vote to find the bidder lacking in responsibility and, thus, disqualified.

(4) Disqualification shall be for a reasonable, defined period of time which shall not exceed five years.

(5) A disqualification, other than a disqualification pursuant to which a Board is prohibited by law from entering into a contract with a bidder, may be voided or the period thereof may be reduced, in the discretion of the Board, upon the submission of a good faith application under oath, supported by documentary evidence, setting forth substantial and appropriate grounds for the granting of relief, such as reversal of a judgment, or actual change of ownership, management or control of the bidder.

(6) An opportunity for a hearing need not be offered to a bidder whose disqualification is based on its suspension or debarment by an agency or department of the executive branch of the State of New Jersey. The term of such a disqualification shall be concurrent with the term of the suspension or debarment by the State agency or department.

e. Nothing will prevent such employees from making recommendations that may include modifications to existing labor agreements in order to reduce such costs in lieu of award of a competitive contract, and agreements implementing such recommendations may be considered as cause for rejecting all other proposals.
4. Evaluation of Requests for Proposals

  a. The Supervisor of Purchasing will evaluate all proposals only in accordance with the methodology described in the request for proposals. After proposals have been evaluated, the Supervisor of Purchasing will prepare a report in accordance with N.J.S.A. 18A:18A-4.5d evaluating and recommending the award of a contract or contracts. 3. Whenever two or more responses to a request of a purchasing agent offer equal prices and are the lowest responsible bids or proposals, the Board may award the contract to the vendor whose response, in the discretion of the Board, is the most advantageous, price and other factors considered. In such a case, the award resolution or purchase order documentation shall explain why the vendor selected is the most advantageous.

(1) The Superintendent may deny the request, approve the request conditioned upon the staff member assuming the financial responsibility for those travel expenses that are not in compliance with the guidelines, or may return the request to the school staff member to be revised in accordance with the guidelines outlined above.

5. The Superintendent of Schools and the Executive Assistant to the Superintendent shall review each travel request submitted by a Board member.

   a. The Executive Assistant to the Superintendent shall review all requests for Board member travel prior to submission to the Board for Board approval. The Executive Assistant to the Superintendent or designee will determine if the expenses as outlined in the travel request are in compliance with N.J.S.A. 18A:11-12, N.J.A.C. 6A:23A-7, the current State travel payment guidelines established by the Department of the Treasury, and the current guidelines established by the Federal Office of Management and Budget.

   b. If the requested travel expenses for a Board member are in compliance with the guidelines outlined above, the travel request will be submitted to the Board of Education for approval.

   c. If any travel expenses requested by a Board member are not in compliance with the guidelines outlined above, the Executive Assistant to the Superintendent will return the request to the Board member to be revised in accordance with the guidelines outlined above.

6. All travel requests must be approved by a majority of the full voting membership of the Board at a Board meeting unless prior Board approval is not required in accordance with provisions of N.J.A.C. 6A:23A-7 and Board Policy 6471.
B. Reimbursement of Travel Expenses

All approved travel expenses shall be reimbursed by the Board of Education in accordance with the provisions of N.J.A.C. 6A:23A-7 and Board Policy 6471 implementing the following procedures:

1. The School Business Administrator/Board Secretary or designee shall review all requests for travel expenditure reimbursement submitted for expenses incurred in the course of school district business as to cost and support documentation required by N.J.A.C. 6A:23A-7.

2. The School Business Administrator/Board Secretary shall not approve or issue payment of travel expenditures or reimbursement requests until all required documentation and information has been submitted to support the payment and shall not approve any travel expenditure that when added to already approved travel expenditures would exceed the Board approved maximum travel expenditure amount for the budget year.

3. The School Business Administrator/Board Secretary shall be responsible for the adequacy of documentation of transactions processed by their staff and the retention of that documentation to permit audits of their records.

4. An employee of the Board, a Board member, or organization, shall not receive payment, either partial or full, for travel and travel-related expenses in advance of the travel pursuant to N.J.S.A. 18A:19-1 et seq. The payment of travel and travel-related expenses shall be made personally by a school district employee, parent or Board member and reimbursed at the conclusion of the travel event. This applies to travel related purchases for which a purchase order is not applicable. This provision does not preclude the district from paying the vendor directly with the proper use of a purchase order (e.g., for registration, airline tickets, hotel).

5. All travel expense reimbursement payments to be made to a school staff member, parent or a Board member will be made to the staff member, parent or Board member in accordance with the district’s policy regarding payment of claims.

Issued: 17 June 2009
The Board adopted a resolution at the October 11, 2000 Board meeting establishing a Capital Reserve Account, a copy of which has been filed with the County Superintendent of Schools. Funds in the Capital Reserve Account will only be used to implement capital projects in the district’s Long-Range Facilities Plan (LRFP) required pursuant to N.J.S.A. 18A:7G-4(a) and N.J.A.C. 6A:26.2.1 et seq. and may not be used for current expenses pursuant to N.J.S.A. 18A:22-8.2.

A. Appropriations and Transfers to the Capital Reserve Account

1. The Board may appropriate funds in the district’s annual budget to meet the needs of its LRFP not met by State support. The district’s spending growth limitation as established pursuant to N.J.S.A. 18A:7F-5 will be adjusted by the amount of funds appropriated in the annual budget year to the Capital Reserve Account. Funds appropriated into the Capital Reserve Account in the annual budget certified for taxes will not become part of the prebudget year net budget for purposes of calculating the spending growth limitation of the subsequent year pursuant to N.J.S.A. 18A:7F-1 et seq.;

2. The Board may satisfy the withdrawal approval requirements set forth in Section C. below when funds are deposited into the Capital Reserve Account in the annual budget in accordance with N.J.S.A. 18A:7G-4(a) and N.J.A.C. 6A:26.2.1 et seq. using the designated line item and supporting documentation;

3. Upon submission of the district’s LRFP to the Department of Education the Board may deposit funds into the Capital Reserve Account at any time by Board resolution. This may be completed through the transfer of undesignated, unreserved general fund balance or through the transfer of excess undesignated, unreserved general fund balance that is anticipated in the budget certified for taxes. No transfer of undesignated, unreserved fund balance shall be made by subject to the provisions of N.J.A.C. 6:19-2.5(b);

4. Audited excess undesignated, unreserved general fund balance shall not be deposited into a Capital Reserve Account and shall be reserved and designated in the subsequent year's budget pursuant to N.J.A.C. 6:19-2.5(c).
B. Amount of Funds in Capital Reserve Account

1. The amount of money in the Capital Reserve Account shall not exceed the amount needed to implement the capital projects in a district’s LRFP not met by State support.

   a. The amount under B.1. above shall be adjusted annually in the district’s Quality Assurance Annual Report (QAAR) pursuant to N.J.A.C. 6:8-2.1.

   b. If the amount in the capital reserve exceeds the amount under B.1. above, the district must withdraw the excess and reserve and designate it in the subsequent year's budget.

   c. As part of the district’s annual audit mandated by N.J.S.A. 18A:23-1, the district’s independent auditors will, pursuant to procedures developed by the Commissioner, verify the amount in the Capital Reserve Account at any time during the year does not exceed the amount under B.1. above. All excess amounts in the Capital Reserve Account identified in the annual audit shall be reserved and designated in the subsequent year's budget.

C. Withdrawing Funds from Capital Reserve Account

1. Funds may be withdrawn from the Capital Reserve Account at any time in accordance with the following:

   a. By Board resolution to the line items in the capital outlay major account/fund to fund the local share less any excess costs of a school facilities project as determined in accordance with N.J.A.C. 6A:26-9.1 et seq.;

   b. By Board resolution to the capital projects fund pursuant to N.J.A.C. 6A:26-4.1 et seq., after receiving voter review Board approval, as applicable, of the Capital Reserve use and specific amount in an approved referenda or resolution pursuant to N.J.A.C. 6A:26-3.7.

   c. By Board resolution after receiving voter approval, as applicable, to the line items in the capital outlay major account/fund to fund excess costs of a school facilities project and to fund the local funding for other capital projects as determined in accordance with these regulations.
(1) Voter approval may be obtained through the original budget certified for taxes, which shall include a statement of purpose in the advertised budget or through a special appropriation process.

(2) The statement of purpose or special question shall include the capital project's total costs, final eligible costs and amount requested for withdrawal for excess costs. It shall also include a statement of purpose for the capital project, or portion thereof, which the excess costs will fund.

(3) If requesting a withdrawal for multiple capital projects, the statement of purpose or special question shall separately include the required information identified in c(1) and c(2) above for each such capital project.

(4) Amounts approved by the voters must be used exclusively for the purpose or purposes contained in the associated statement or question.

(5) The district must maintain a separate accounting of expenditures for each withdrawal from capital reserve for excess costs or other capital projects. Approved amounts which remain unexpended or unencumbered at the end of the school year shall be returned to the Capital Reserve Account or anticipated as part of the designated general fund balance of the subsequent school year budget or reserved and designated in the second subsequent school year budget.

d. By Board resolution and after receiving Commissioner approval in accordance with N.J.A.C. 6A:26-3.13, and voter approval pursuant to N.J.A.C. 6A:26-9.1(c)(2) and 6A:26-9.1(e), to the line items in the capital outlay major account/fund for the purchase of land.
e. By Board resolution for the transfer of funds to the debt service account for the purpose of offsetting locally funded principal and interest payments for bonded projects that are included in the district's LRFP.

2. Notwithstanding 1.a. through 1.e. above, the district may apply at any time to the Commissioner for approval to withdraw funds from its Capital Reserve Account. A district may make a withdrawal pursuant to this subsection only upon receipt of written approval of the Commissioner. To obtain Commissioner approval, a district shall establish, to the satisfaction of the Commissioner, that an emergent condition exists necessitating an immediate withdrawal of Capital Reserve Account funds.

D. Capital Reserve Account Administration and Accounting

1. The Capital Reserve Account shall be established and held in accordance with Generally Accepted Accounting Principles and is subject to annual audit pursuant to N.J.S.A. 18A:23-1 et seq.

2. If the cost to complete an approved school facilities project not funded in whole or part by school bonds exceeds the local share less excess costs, those costs up to ten percent above the local share less excess costs may be withdrawn from capital reserve in accordance with C.1.a. above.

3. Funds withdrawn for the local share of a school facilities project not using school bonds or loan bonds for all or part of the local share which received a grant pursuant to N.J.S.A. 18A:7G-15 shall be transferred to the capital projects fund and accounted for separately with the corresponding grant. Any unexpended transferred capital reserve funds remaining after completion of such school facilities projects must be reserved and designated in the subsequent year's budget.

4. The Capital Reserve Account shall be increased by the earnings attributable to the investment of the account's assets pursuant to N.J.S.A. 18A:21-3.
a. Anticipated investment income must be included in the original annual general fund budget certified for taxes as miscellaneous income;

b. Investment earnings shall be included in the maximum amount of capital reserve permitted in B. above.

5. A separate account shall be established in the general fund for bookkeeping purposes only in order to account for increases to and withdrawal from the Capital Reserve Account and its balance. The Capital Reserve Account shall be reflected on the annual audit's balance sheet in the general fund as follows:

a. Debit: Capital Reserve Account; and

E. Capital Reserve Account Funds Prior to July 18, 2000 (if applicable)

1. Funds in Capital Reserve Accounts in existence prior to July 18, 2000 are subject to Educational Facilities Construction and Financing Act (EFCFA) and N.J.A.C. 6A:26-9.1 et seq., and must be utilized for the original purpose for which the funds were deposited.

2. If the original purpose is outside the scope of the district’s approved LRFP, such funds shall be accounted for separately in the capital reserve fund and must be appropriated as revenue for such purposes in the annual budget certified for taxes. No additional funds shall be deposited into the Capital Reserve Account pursuant to A. above for such pre-July 18, 2000 purposes.

3. If the original purpose is within the scope of the district’s approved LRFP, withdrawals shall be made pursuant to C. above except that if voter approval of excess costs or another capital project was obtained when the funds were deposited into the Capital Reserve Account, such approval shall satisfy the requirement for approval of excess costs or other capital projects in C.1.b. above.

3. The Building Principal will receive and review the committee's recommendations. A list of textbooks and materials approved for disposal will be sent to the Superintendent.

D. Disposal

1. If the Department of Education approves the Board’s request, the Board by the affirmative votes of a majority of its full number of members, may alter or dispose of through sale, transfer or exchange all or part of the total acreage of an approved school site, including facilities if applicable.

   b. The Board may by resolution provide without fixing a minimum price that upon the completion of the public sale, the Board may accept or reject the highest bid received.

      If the Board fails to accept or reject the highest bid by the second regular Board meeting following the sale, the bid will be deemed to have been rejected.

5. If no bid is received or if the bids that are received are rejected by the Board in the public interest, the Board may enter into negotiations with any interested party or parties for the sale or other disposal of the property, but shall offer a bidder a hearing upon the bidder's request before entering into such negotiations.

The additional cost to acquire a replacement shall be charged directly to the federal program, if the program budget permits, and provided the Board of Education has approved the transaction by resolution.

D. Disposal

1. Equipment no longer needed with a unit fair market value of $5,000 or more may be retained for other uses provided compensation is made to the United States Department of Education. e. If the Board rejects all bids at the second public sale, the Board may sell the property at private sale without public notice, provided the selling price at private sale is at least as high as the highest bid received at the two preceding public sales, and the terms and conditions announced at the public sales are unchanged. (N.J.S.A. 18A:18A-45e)

4. Federal property with a unit value of less than fifteen percent of the bid threshold, as per N.J.S.A. 18A:18A-45a, may be disposed of at private sale with no further obligation of the school district and as follows:

The amount of compensation shall be computed in the same manner as for equipment.

The supplies acquired with Federal funds may not be used to provide services to non-Federal outside organizations for a fee that is less than private companies charge for equivalent services unless specifically authorized by Federal statute.

"Solid, flammable" means a solid, other than a blasting agent or explosive as defined in § 1910.109(a), that is liable to cause fire through friction, absorption of moisture, spontaneous chemical change, or retained heat from manufacturing or processing, or which can be ignited readily and when ignited burns so vigorously and persistently as to create a serious hazard. A chemical shall be considered to be a flammable solid if, when tested by the method described in 16 CFR 1500.44, it ignites and burns with a self-sustained flame at a rate greater than one-tenth of an inch per second along its major axis.

12. "Flashpoint" means the minimum temperature at which a liquid gives off a vapor in sufficient concentration to ignite when tested as follows:

a. Tagliabue Closed Tester (See American National Standard Method of Test for Flash Point by Tagliabue Closed Tester, Z11.24-1979 (ASTM D 56-79)) for liquids with a viscosity of less than 45 Saybolt Universal Seconds (SUS) at 100°F (37.8°C) that do not contain suspended solids and do not have a tendency to form a surface film under test; or

6. The following statement:

"As part of a school pest management plan, the School District may use pesticides to control pests. The United States Environmental Protection Agency (EPA) and the New Jersey Department of Environmental Protection (DEP) register pesticides to determine that the use of a pesticide in accordance with instructions printed on the label does not pose an unreasonable risk to human health and the environment. Nevertheless, the EPA and DEP cannot guarantee that registered pesticides do not pose any risk to human health, thus unnecessary exposure to pesticides should be avoided. The EPA has issued the statement that where possible, persons who are potentially sensitive, such as pregnant women, infants and children, should avoid unnecessary pesticide exposure."

After the beginning of each school year, the IPMC, in conjunction with the Building Principal(s), shall provide this notice to each new staff member who is employed during the school year and to the parent(s) or legal guardian(s) of each new student enrolled during the school year.

D. Permitted Use of Certain Pesticides; Notice

If it is determined that a pesticide, other than a low impact pesticide, must be used on school property, the pesticide may be used only in accordance with the requirements of N.J.S.A. 13:1F-25.
1. The Principal, upon prior notice from the IPMC, shall provide notice to a parent or legal guardian of each student enrolled at the school and each staff member of the school, at least seventy-two hours before a pesticide, other than a low impact pesticide, is used on school property. The notice shall include:

   a. The common name, trade name, and federal Environmental Protection Agency registration number of the pesticide;

   b. A description of the location of the application of the pesticide;

   d. A statement that the Office of Pesticide Programs of the United States Environmental Protection Agency has stated: “Where possible, persons who potentially are sensitive, such as pregnant women, infants, and children, should avoid any unnecessary pesticide exposure”;

   e. A description of potential adverse effects of the pesticide based on the material safety data sheet, if available, for the pesticide;

   f. A description of the reasons for the application of the pesticide;

   g. The name and telephone number of the school district’s IPMC; and

   h. Any additional label instruction and precautions related to public safety.

2. The notice required by D.1. above may be provided by:

   a. Written notice sent home with the pupil and provided to each staff member;

   b. A telephone call;

   c. Direct contact;
d. Written notice mailed at least one week before the application; or

e. Electronic mail.

3. If the date of the application of the pesticide must be extended beyond the period required for notice under this section, the Board shall reissue the notice required under D.1. above for the new date of application.

E. Posting of Sign Prior to Use of Certain Pesticides

At least seventy-two hours before a pesticide, other than a low impact pesticide, is used on school property, the IPMC shall post a sign that provides notice of the application of the pesticide in a prominent place that is in or adjacent to the location to be treated and at each entrance to the building or school ground to be treated.

A sign required for the application of a pesticide shall:

1. Remain posted for at least seventy-two hours after the end of the treatment;

2. Be at least 8½ inches by 11 inches; and

3. State the same information as that required for prior notification of the pesticide application pursuant to Section D.1. of this Regulation.

In the case of outdoor pesticide applications, each sign shall include three dates, in chronological order, on which the outdoor pesticide application may take place if the preceding date is canceled due to weather. A sign shall be posted after an outdoor pesticide application in accordance with 1, 2 and 3 above.

The requirement imposed pursuant to this section shall be in addition to any requirements imposed pursuant to the “Pesticide Control Act of 1971,” P.L. 1971, c.176 (C.13:1F-1 et seq.), and any rules or regulations adopted pursuant thereto.

F. Applicability of Notice and Posting Requirements
The provisions of Sections D and E of this Regulation shall apply if any person applies a pesticide, other than a low impact pesticide, on school property, including a custodian, staff member, or commercial applicator. These provisions shall apply to a school during the school year, and during holidays and the summer months, only if the school is in use by children during those periods. During those periods, notices shall be provided to all staff members and the parents or legal guardians of the students that are using the school in an authorized manner.

G. Emergency Use of Certain Pesticides

A pesticide, other than a low impact pesticide, may be applied on school property in response to an emergency, without complying with the provisions of Sections D and E of this Regulation, provided the following requirements are met:

1. The Building Principal shall, upon prior notice from the IPMC and within twenty-four hours after the application or on the morning of the next school day, provide to each parent or legal guardian of pupils enrolled at the school, and staff members of the school, notice of the application of the pesticide for emergency pest control that includes:

   a. The information required for a notice under Section D of this Regulation;

   b. A description of the problem and the factors that qualified the problem as an emergency that threatened the health or safety of a student or staff member; and

2. A telephone call;

3. Direct contact; or

4. Electronic mail.
When a pesticide is applied pursuant to this section, the IPMC shall post a sign warning of the pesticide application at the time of the application of the pesticide in accordance with the provisions of Section E of this Regulation.

If there is an application of a pesticide pursuant to this section, the IPMC shall modify the School Integrated Pest Management Plan of the school district if necessary, to minimize the future emergency applications of pesticides under this section.

A pesticide, other than a low impact pesticide, shall not be applied on school property where students are expected to be present for academic instruction or for organized extra-curricular activities prior to the time prescribed for re-entry to the application site by the United States Environmental Protection Agency on the pesticide label, except that if no specific numerical re-entry time is prescribed on a pesticide label, such a pesticide, other than a low impact pesticide, shall not be applied on school property where pupils are expected to be present for academic instruction or for organized extra-curricular activities within seven hours of the application.

A pesticide, other than a low impact pesticide, shall not be applied in a school building when students are present. Students may not be present in an untreated portion of a school building being treated unless the area being treated with a pesticide, other than a low impact pesticide, is served by a separate ventilation system and is separated from the untreated area by smoke or fire doors.

A low impact pesticide may be applied in areas of a school building where pupils will not contact treated areas until sufficient time is allowed for the substance to dry or settle, or after the period of time prescribed for re-entry or for ventilation requirements on the pesticide label has elapsed.

The requirements of this section shall not apply when pesticides are applied on school property for pupil instructional purposes or by public health officials during the normal course of their duties.
H. Immunity From Liability of Commercial Pesticide Applicator

A commercial pesticide applicator shall not be liable to any person for damages resulting from the application of a pesticide at a school if the damages are solely due to the failure of the IPMC to provide the notice required prior to the application of a pesticide pursuant to the provisions of sections 7, 8, 9, or 10 of P.L. 2002, c.117 (C.13:1F-25, C.13:1F-26, C.13:1F-27 or C.13:1F-28).

I. Development, Availability of Form for Certifying Compliance

The Department of Environmental Protection shall develop and make available to commercial pesticide applicators a form that a commercial pesticide applicator may request an Integrated Pest Management Coordinator (IPMC) to sign prior to the application of a pesticide, other than a low impact pesticide, on school property. The form developed pursuant to this section shall set forth a certification by the Integrated Pest Management Coordinator (IPMC) that the notice and posting requirements for the application of a pesticide established pursuant to Sections D and E of this Regulation, or the posting requirement established pursuant to Section G of this Regulation, as appropriate, have met compliance requirements. Upon being presented by a commercial pesticide applicator with a form pursuant to this section, the signature of the Integrated Pest Management Coordinator (IPMC) shall be required as a condition for the application of the pesticide.

The Department of Environmental Protection may issue an administrative order against a local school Board that fails to adopt and implement a pesticide use and school Integrated Pest Management Policy in compliance with the provisions of N.J.S.A. 13:1F-32.

The Commissioner shall adopt, pursuant to the provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), such rules or regulations as are necessary to implement the provisions of the School Integrated Pest Management Act.

The Superintendent is ever mindful of his/her responsibility to appropriately assign pupils to schools for their educational program. The factors normally utilized for the establishment of attendance areas are based upon total district enrollment, the capacity of each building, and specific educational programs established in each school.

The Superintendent shall annually review existing attendance areas and recommend to the Board such changes as may be justified by considerations of safe pupil transportation and travel; convenience of access to the schools; financial and administrative efficiency, the effectiveness of the instructional program, and a wholesome and educationally sound balance of pupil populations. This annual recommendation shall take into consideration changes necessary in the event a new facility or an addition to a present facility is expected to be completed and operational for upcoming school year.

For the assignment of special programs, (i.e. Special Education students, Specialized Learning Centers, ESL, etc.), the Superintendent is empowered to assign a student to the building where such specialized program is conducted. However, in the event that the student is no longer enrolled in the special program, he/she will be reassigned to his/her home school. Twelfth grade students who relocate within the city may complete their last year at the school of their attendance with the approval of the district Superintendent. If a student moves to a new attendance area within the district, the student must be transferred to the school for that attendance area. Parents may request consideration of the sibling rule to permit incoming freshman to attend the same district high school at which older siblings are currently enrolled.

The Superintendent of Schools will investigate any individual transfer appeal and make an appropriate recommendation to the Board. Attendance area appeals may be referred to the Board of Education.

2. No pupil attending a school operated by this district shall be enrolled in more than one school register in the school district during a school year. All pupils shall be enrolled as of the first day of attendance for that year.

3. No pupil shall be enrolled in a school register until the pupil has reached the following legal school age:

6. The average daily enrollment in the district for a school year shall be the sum of the days present and absent of all enrolled pupils when schools were in session during the year, divided by the number of days
schools were actually in session. The average daily enrollment for the classes or schools of the district having varying lengths of terms shall be the sum of the average daily enrollments obtained for the individual classes or schools.

7. The average daily attendance in the district for a school year shall be the sum of the days present of all enrolled pupils when schools were in session during the year, divided by the number of days schools were actually in session. 1. The custodian will permit the record to be inspected, examined, and copied by any person during regular business hours. F. Copy Purchase (N.J.S.A. 47:1A-5 et seq.)

1. If the custodian can demonstrate that its actual costs for duplication of a government record exceed the Board approved rates, the district is permitted to charge the actual cost of duplicating the record.

2. Whenever the nature, format, manner of collation, or volume of a government record embodied in the form of printed matter to be inspected, examined, or copied pursuant to this Regulation is such that the record cannot be reproduced by ordinary document copying equipment in ordinary business size or involves an extraordinary expenditure of time and effort to accommodate the request, the district will charge, in addition to the actual cost of duplicating the record,
a special service charge that will be reasonable and will be based upon the actual direct cost of providing the copy or copies. The custodian will provide the requestor an opportunity to review and object to the charge prior to it being incurred.

3. A custodian will permit access to a government record and provide a copy thereof in the medium requested if the district maintains the record in that medium. If the district does not maintain the record in the medium requested, the custodian will either convert the record to the medium requested or provide a copy in some other meaningful medium.

4. If a request is for a record in a medium not routinely used by the district; not routinely developed or maintained by an agency or requiring a substantial amount of manipulation or programming of information technology, the district will charge, in addition to the actual cost of duplication, a special charge that will be reasonable and based on the cost for any extensive use of information technology, or for the labor cost of personnel providing the service, that is actually incurred by the district or attributable to the district for the programming, clerical, and supervisory assistance required, or both.

5. Immediate access ordinarily will be granted to budgets, bills, vouchers, contracts, including collective negotiations agreements and individual employment contracts, and public employee salary and overtime information.

6. The custodian will adopt a form for the use of any person who requests access to a government record held or controlled by the public agency. The form will provide:

   a. Space for the name, address, and phone number of the requestor and a brief description of the government record sought;

   b. Space for the custodian to indicate which record will be made available, when the record will be available, and the fees to be charged;

   c. Specific directions and procedures for requesting a record;
d. A statement as to whether prepayment of fees or a deposit is required;

e. The time period within which the public agency is required by N.J.S.A. 47:1A-1 et seq. to make the record available;

f. A statement of the requestor's right to challenge a decision to deny access and the procedure for filing an appeal;

g. Space for the custodian to list reasons if a request is denied in whole or in part;

h. Space for the requestor to sign and date the form; and

i. Space for the custodian to sign and date the form if the request is fulfilled or denied.

7. The custodian will require a deposit against costs for reproducing documents sought through an anonymous request whenever the custodian anticipates that the information thus requested will cost in excess of $5.00 to reproduce.

8. Request for access to a government record will be in writing and hand-delivered, mailed, transmitted electronically, or otherwise conveyed to the appropriate custodian.

9. The custodian will promptly comply with a request to inspect, examine, copy, or provide a copy of a government record.

10. If the custodian is unable to comply with a request for access, the custodian will indicate the specific basis therefore on the request form and promptly return it to the requestor.

11. The custodian will sign and date the form and provide the requestor with a copy thereof.

12. If the custodian asserts that part of a particular record is exempt from public access pursuant to N.J.S.A. 47:1A-1 et seq. the custodian will delete or excise from a copy of the record that portion which the custodian asserts is exempt from access and shall promptly permit access to the remainder of the record.
13. If the government record requested is temporarily unavailable because it is in use or in storage, the custodian will advise the requestor and will make arrangements to promptly make available a copy of the record.

14. If a request for access to a government record would substantially disrupt school district operations, the custodian may deny access to the record after attempting to reach a reasonable solution with the requestor that accommodates the interests of the requestor and the district.

15. Any officer or employee of the district who receives a request for access to a government record will forward the request to the custodian of the record or direct the requestor to the custodian of the record.

16. Unless a shorter time period is otherwise provided by statute, regulation, or executive order, the custodian will grant access to a government record or deny a request for access to a government record as soon as possible, but not later than seven business days after receiving the request, provided that the record is currently available and not in storage or archived.

   a. In the event the custodian fails to respond within seven business days after receiving a request, the failure to respond will be deemed a denial of the request, unless the requestor has elected not to provide a name, address or telephone number, or other means of contacting the requestor.

   b. If the requestor has elected not to provide a name, address, or telephone number, or other means of contacting the requestor, the custodian will not be required to respond until the requestor reappears before the custodian seeking a response to the original request.

   c. If the government record is in storage or archived, the requestor will be so advised within seven business days after the custodian receives the request. The requestor will be advised by the custodian when the record can be made available. If the record is not made available by that time, access shall be deemed denied.
17. A custodian will post prominently in public view in the part or parts of the office or offices of the custodian that are open to or frequented by the public a statement that sets forth in clear, concise and specific terms the right to appeal a denial of, or failure to provide, access to a government record by any person for inspection, examination, or copying or for purchase of copies thereof and the procedure by which an appeal may be filed.

G. Challenge to Access Upon Denial (N.J.S.A. 47:1A-6)

1. A person who is denied access to a government record by the custodian, at the option of the requestor, may:
   a. Institute a proceeding to challenge the custodian's decision by filing an action in Superior Court; or
   b. In lieu of filing an action in Superior Court, file a complaint with the Government Records Council established pursuant to Section 8 of P.L.2001, c. 404 (C.47:1A-7).

2. The right to institute any proceeding under this section will be solely that of the requestor. Any such proceeding shall proceed in a summary or expedited manner. The Board will have the burden of proving that the denial of access is authorized by law. If it is determined that access has been improperly denied, the court or agency head shall order that access be allowed. A requestor who prevails in any proceeding shall be entitled to a reasonable attorney's fee.

H. Government Records Council (N.J.S.A. 47:1A-7 et seq.)

The Board and the custodian of records will comply with the requirements and guidelines from the Government Records Council in accordance with N.J.S.A. 47:1A-7.

I. Common Right Law Right of Access (N.J.S.A. 47:1A-8)

Nothing contained in N.J.S.A. 47:1A-1 et seq. will be construed as limiting the common law right of access to a government record, including criminal investigative records of a law enforcement agency.
J. Construction with Other Laws (N.J.S.A. 47-1A-9 et seq.)

1. The provisions of this Regulation and N.J.S.A. 47:1A-1 et seq. will not abrogate any exemption of a public record or government record from public access heretofore made pursuant to N.J.S.A. 47:1A-1 et seq.; any other statute; resolution of either or both Houses of the Legislature; regulation promulgated under the authority of any statute or Executive Order of the Governor; Executive Order of the Governor; Rules of Court; any federal law; federal regulation; or federal order.

2. The provisions of this Regulation and N.J.S.A. 47:1A-1 et seq. will not abrogate or erode any executive or legislative privilege or grant of confidentiality heretofore established or recognized by the Constitution of this State, statute, court rule or judicial case law, which privilege or grant of confidentiality may duly be claimed to restrict public access to a public record or government record.

"Parent" shall also include, for the purposes of N.J.A.C. 6A:32, the adult pupil. A foster parent may act as a parent under the provisions of N.J.A.C. 6A:32 if the parent’s authority to make educational decisions on the pupil’s behalf has been terminated by a court of appropriate jurisdiction.

5. "Permitted pupil records" means records that the Board of Education has authorized, by resolution adopted at a regular public meeting, to be collected in order to promote the educational welfare of the pupil.

6. "Pupil record" means information related to an individual pupil gathered within or outside the school system and maintained within the school system regardless of the physical form in which it is maintained. Any information that is maintained for the purpose of second party review is considered a pupil record. Therefore, information recorded by certified school personnel solely as a memory aid, not for the use of a second party, is excluded from this definition.
7. "Parent surrogate(s)" means an individual or individuals approved by the Board in accordance with N.J.A.C. 6A:14-2.2 to act on behalf of a pupil whose parent(s) is not available to assure the pupil’s educational rights.

8. "Pupil information directory" means a publication of the district which includes the following information relating to a pupil: the pupil’s name, grade level, date and place of birth, dates of attendance, major field of study, participation in officially recognized activities, weight and height relating to athletic team membership, degrees, awards, the most recent educational agency attended by the pupil, and other similar information.

B. General Considerations

1. Pupil records shall contain only such information as is relevant to the education of the pupil and is objectively based on the personal observations or knowledge of certified school personnel who originate the record.

2. The district shall notify parents and adult pupils annually in writing of their rights in regard to pupil records and pupil participation in educational, occupational, and military recruitment programs. Copies of the applicable State and Federal laws and local policies shall be made available upon request. The district shall make every effort to notify parents and adult pupils in their dominant language.

3. A non-adult pupil may assert rights of access only through his or her parents. However, nothing in Policy or Regulation 8330 shall be construed to prohibit certified school personnel, in their discretion, from disclosing pupil records to non-adult pupils or to appropriate persons in connection with an emergency, if such knowledge is necessary to protect the health or safety of the pupil or other persons.

4. The parent or adult pupil, including an emancipated minor, shall have access to their own records and have access to or be specifically informed about only that portion of another pupil’s record that contains information about his or her own child or himself or herself.
5. The Superintendent designates the Principal of each school/academy to require all permitted pupil records of currently enrolled pupils to be reviewed annually by certified school personnel to determine the education relevance of the material contained therein. The reviewer shall cause data no longer descriptive of the pupil or educational program to be deleted from the records except that prior notice shall be given for classified pupils in accordance with N.J.A.C. 6A:14, Special Education. Such information shall be disposed of properly and not be recorded elsewhere. No record of any such deletion shall be made.

6. No liability shall be attached to any member, officer, or employee of the Board of Education permitting access or furnishing pupil records in accordance with Department of Education rules.

7. When the parent's or adult pupil's dominant language is not English or the parent or adult pupil is deaf, the district shall provide interpretation of the pupil's records in the dominant language of the parents or adult pupil.

8. Pupil health records shall be maintained separately from other pupil records and handled, according to the requirements of N.J.A.C. 6A:32-7.1, until such time as graduation or termination whereupon the health history and immunization record shall be removed from the pupil's health record and placed in the pupil's mandated record.

C. School Contact Directory

1. The district shall compile and maintain, but need not publish, a school contact directory for official use, which is separate and distinct from the pupil information directory.

   a. School personnel shall provide information from the school contact directory for official use only to judicial and law enforcement personnel, and to medical personnel who are currently providing services to the pupil in question.

   b. Upon request from a court, other judicial agency, law enforcement agency, or medical service provider who is currently providing services to the pupil in question, school personnel shall
promptly verify the enrollment of a pupil and provide the requester with all the information about that pupil that is contained in the school contact directory for official use.

2. In order for a parent or adult pupil to exclude any information from the school contact directory for official use, the parent or adult pupil shall notify the Principal of the pupil in writing on a form prescribed by the Commissioner of Education.

   a. The form shall explain the purpose of the school contact directory for official use is to allow judicial, law enforcement, and medical personnel to contact the parent when necessary, and that the school contact directory for official use is only accessible by school, judicial, law enforcement, and medical personnel who are currently providing services to the pupil in question.

   a. Personally authenticated observations, assessments, ratings, and anecdotal reports recorded by teaching staff members in the performance of their professional responsibilities and intended for review by another person, provided the record is dated and signed by the originator. Information recorded solely as a memory aid for the originator becomes a pupil's record when it is reviewed by any other person, including a substitute;

   c. Educationally relevant information provided by the parent or adult pupil regarding the pupil's achievements or school activities;

3. Pupil health records shall be maintained and located in a locked cabinet or room in the school building or complex which the pupil is assigned. Records kept in electronic form shall be both accessible and secure. Pupil health records shall be maintained separately from other pupil records, until such time as graduation or termination whereupon the health history and immunization record shall be removed from the pupil's health record and placed in the pupil's mandated record. Records shall be accessible during the hours in which the school program is in operation.

4. Security blocks will be installed for records stored in computerized systems to protect against security violations of the records stored therein. To guard against the loss of pupil records, the district shall maintain an updated hard copy and backup versions of pupil records.

5. Mandated pupil records required as part of programs established through State administered entitlement or discretionary funds from the U.S. Department of Education shall be maintained for a period of five
years after graduation, termination from the school district, or age 23, whichever is longer, and shall be disposed of in accordance with N.J.S.A. 47:3-15 et seq.

F. Access to Pupil Records

1. The district shall control access to, disclosure of, and communication regarding information contained in pupil health records to assure access only to those persons under the conditions permitted by Federal and State statute and regulations.

2. The district will charge a reasonable fee for reproduction, not to exceed the schedule of costs set forth in N.J.S.A. 47:1A-2, provided that the cost does not effectively prevent the parents or adult pupils from exercising their rights under N.J.A.C. 6A:32-7 or under rules and regulations regarding pupils with disabilities.

Unless otherwise judicially instructed, the district shall, prior to the disclosure of any pupil records to organizations, agencies, or persons outside the school district pursuant to a court order, give the parent or adult pupil at least three days' notice of the name of the requesting agency and the specific records requested. Such notification shall be provided in writing if practicable. Only those records related to the specific purpose of the court order shall be disclosed.

5. A record may be withheld from a parent of a pupil under eighteen or from an adult pupil only when the district obtains a court order or is provided with evidence that there is a court order revoking the right to access. When the district has or obtains evidence of such court order, the parent or adult pupil shall be notified in writing within five days of his or her request that access to the record has been denied, and that the person has the right to appeal this decision to the court issuing the order.
I. Rights of Appeal for Parents and Adult Pupils

2. Pupil records of currently enrolled pupils, other than the records that must be maintained for one hundred years as described in 6. below, may be disposed of after the information is no longer necessary to provide educational services to a pupil.

   a. Such disposition shall be accomplished only after written parental or adult pupil notification and written parental or adult pupil permission has been granted or after reasonable attempts of such notification and reasonable attempts to secure parental or adult pupil permission have been unsuccessful.

3. Upon graduation or permanent departure of a pupil from the school district, the parent or adult pupil shall be notified by the pupil’s Principal in writing that a copy of the entire pupil’s record be provided to them upon request.
4. Information in pupil records, other than the records that must be maintained for one hundred years as described in 6. below, may be disposed of, but only in accordance with the Destruction of Public Records Law, N.J.S.A. 47:3-15 et seq.

2. The school safety plan will be reviewed and updated annually by the school Principal and the Director of School Safety.

3. A copy of each school safety plan will be filed with the Director of School Safety.

4. The evacuation diagram of each building will be prominently displayed in appropriate locations in the building. The regular and alternate evacuation routes appropriate to that room will be prominently displayed in each room in the school.

5. Each staff member assigned to the building is responsible for knowing and adhering to the Paterson Public School Safety Plan. In particular, each teaching staff member must understand the evacuation route to be taken by the pupils assigned to him/her and be prepared to effectuate the plan immediately and under any circumstances.

Adopted: 17 June 2009
A. Fire Drills

1. The Principal of each school building will conduct a fire drill not less than twice each month that school is in session. Attempts should be made to conduct drills in various weather conditions and at various times of the school day. Fire drills should always be unannounced to school staff and pupils. The Principal shall inform local fire fighting officials whenever a fire alarm is for drill purposes.

2. Fire alarm shall be by a building designated signal. The Principal will ensure alarm signals are tested regularly, before or after the school session.

3. When the fire alarm rings, each teacher will:
   a. Direct pupils to form into a single file line and proceed along the evacuation route to the nearest exit;
   b. Close the windows of the room and turn off all lights and audio-visual equipment;
   c. Take the class register or roll book;
   d. Ascertain that all pupils have left the room and that any pupil who may have gone to the lavatory is escorted from the building;
   e. Close all doors to the room when it is empty;
   f. Ensure that the pupils assigned to his/her have left the school along the route prescribed in the school evacuation plan;
   g. Direct his/her pupils to a location not less than a distance twice the height of the building walls and keep the pupils in a single file line facing the building;
   h. Take attendance to determine that all pupils who reported to his/her class have been evacuated from the building and report immediately to the Principal any pupil who is unaccounted for; and
   i. When the recall signal is given, conduct his/her pupils back to the classroom.
Fire and Fire Drills

4. Evacuation of the school in a fire drill must be conducted quickly and quietly and in an orderly fashion. Pupils must be silent, refrain from talking and running, and remain in closed, single file lines. Any pupil or staff member whose behavior disrupts the conduct of the fire drill shall be reported to the Principal and will be subject to discipline.

5. All persons in the school must leave the building during a fire drill, including all aides, visitors, volunteer workers, and all office, cafeteria, custodial, and maintenance employees, except those employees who have been assigned specific duties to be performed in the school building during a fire drill.

6. Physical education classes in progress outside the building should stop the game activity and line up in place or in their regularly assigned drill position.

7. Pupils will be instructed not to gather belongings to take outside on the fire drill. In inclement or cold weather, pupils may pick up their coats and put them on as they exit the building, provided no time is lost in that activity.

8. The office employee responsible for keeping the central attendance register, or a designated substitute, must carry the register out of the building during the drill.

9. Each Principal shall report monthly to the Superintendent on the conduct of fire drills. His/Her report will include the date, weather conditions, and time to evacuate for each drill conducted, as well as any comments that could assist in improving the conduct of future drills.

10. Every fire drill will be conducted with seriousness and with the assumption that prompt evacuation is actually required for the safety and survival of persons in the school.

11. Principals are encouraged to change the circumstances of fire drills so that staff members and pupils are subjected to various conditions and learn to respond to them quickly, constructively, and safely. Any such variations should take into account the ages and abilities of children.
a. One or more exits may be designated as "blocked" so that pupils are required to use alternative evacuation routes.

b. A fire drill may be designated as a "smoke drill" so that pupils learn to avoid the hazards of smoke by walking in a low or crouching position (not a crawling position).

12. HSPT-11/HSPA Procedures for Administration

In the unlikely event a fire or bomb threat should be reported during the administration of the HSPT-11 or the HSPA, test examiners will follow the procedures as listed below:

a. The time that testing was interrupted as well as the remaining time in the particular section on which students were working will be noted and recorded by the examiner.

b. Students must close their test booklets, separating the answer folders and any additional materials from the test booklet.

c. The examiner will collect the test booklets from each student individually. Under no circumstances will test booklets be passed to the front/back/side of the room for collection.

d. Students will be instructed to leave the answer folders, reference sheets, writing task folders, pencils and/or scrap paper on the tops of their desks. These materials will not leave the room during the evacuation.

e. Students will also be instructed not to discuss any portion of the test with one another during the evacuation.

f. Once the examiner has checked (by counting) to be sure all test booklets are in his/her possession, students may proceed with previously determined instructions for evacuation.

g. The examiner will take the collected test booklets (as well as any test booklets scheduled for use by absentee students) with him/her to the evacuation
site, making sure they are in his/her possession at all times. Test booklets must be carried or placed in a carrier/container. They must never be put down/left unattended. No test booklets will be left in the evacuated room.

h. Once the crisis is over, students will return to the testing site and the administration of the test will resume.

i. No additional testing time may be added to the time remaining on the particular section that was interrupted. Silent "settling down" time may be necessary before the test resumes.

j. An irregularity report will be filed with the NJDOE by the school test coordinator (Guidance Supervisor). In addition, deviations from the procedure as outlined above and/or student misconduct during the evacuation must be reported to the Guidance Supervisor immediately so that appropriate steps can be taken.

k. The building administrators will make adjustments to the time/class schedule for the remainder of the day. A normal testing environment will be re-established as soon as possible.

B. Fire

1. A school staff member who detects a fire in a school building or on school grounds shall immediately report the fire to the Paterson Fire Department in accordance with law, whether or not the fire has been extinguished.

2. The report shall be immediately relayed to the school Principal.

3. In the event of a fire in a school building, the school Principal shall immediately sound the fire alarm for the evacuation of all pupils, staff members, visitors, and volunteers.

4. Evacuation shall be conducted in accordance with the fire drill procedures established in ¶A, except that no employee may remain in the building to perform specific duties.
5. As a precaution, the Principal will maintain a record of disabled pupils who may require special attention in the event of fire or other evacuation. Fire fighters will be promptly informed of the location and special circumstances of each such pupil.

6. As soon as practicable after the incident, the Principal shall submit a report to the Superintendent on the appropriate form.

A. Definition

A "bomb threat" consists of a message to a school employee, regardless of the source or form or truth of the message, that someone has placed or intends to place in the school an explosive device or any material that will cause significant harm to persons in the school or damage to school property.

B. Receipt of Bomb Threat

1. A bomb threat received by any school employee will be immediately relayed to the school Principal or the person designated to act on behalf of an absent Principal.

2. A written bomb threat should be placed in a folder or a folded paper and should be handled as little as possible.

3. If possible, a telephoned bomb threat should be transferred to the Principal.

   a. The Principal or other person who talks to the caller will attempt to keep the caller on the line as long as possible and will alert a third party, who will attempt to trace the call through the telephone company.

   b. The person talking to the caller should attempt to obtain, by direct questioning and by listening to background clues, and record in writing as much information as possible about

      (1) The alleged bomb (e.g., its nature, size, specific location, detonation time);

      (2) The caller (e.g., name, location, gender, age, background, motive);

      (3) The identity of the person who placed the bomb, if the caller denies responsibility; and

      (4) The means by which the bomb was delivered to the site.
C. Response

1. The Principal will assess the level of threat in conjunction with the Executive Director of Security, or designee, and if required, call:
   a. The Police Department,
   b. The Fire Department, and
   c. The Superintendent's office.

2. The Principal shall determine to evacuate the school building. The evacuation will be conducted in accordance with the fire drill procedures established in Regulation No. 8420.1, with the following exceptions:
   a. The fire drill alarm will include a building designated code to indicate that a bomb threat has been received;
   b. Teachers will conduct a quick survey of their classrooms for any suspicious or unfamiliar object;
   c. If the Principal determines that time permits, pupils will empty their lockers and leave them unlocked;
   d. Teachers will leave the windows and doors of their vacated rooms open; and
   e. Pupils will be escorted to a waiting place at least 350 feet from the school building.

3. The Principal will quickly form a search team of volunteer teachers, office and cafeteria workers, custodians, and administrators to conduct a superficial search of the entire school premises.
   a. Searchers will examine the portions of the building with which they are most familiar. Particular attention will be given to stairways and hallways near building entrances and to any sign of a forced entry into the school.
   b. No walkie-talkie or other radio transmission device shall be used in the conduct of the search.
   c. Each searching party will report back to the Principal the results of its survey.
Bomb Threats

d. Any suspicious or unfamiliar object will be immediately reported to the Police Department, which will send a bomb disposal unit to the school. Any such object shall not be touched or disturbed in any way by a school employee.

4. If an object is reported to the Police Department and the school has not already been evacuated, the school shall be immediately evacuated in accordance with the evacuation procedures set forth in ¶C2.

5. If the search team finds no suspicious or unfamiliar object or after the bomb disposal unit removes the object, the Principal will sound the recall signal to bring pupils back into the school building. The regular instructional program will be resumed as quickly as possible. If the bomb threat disruption has occurred late in the school day, the Principal may recommend to the Superintendent that the school be closed and pupils dismissed.

6. All bomb threat procedures will be conducted with seriousness and dispatch. It is the intention of these regulations that the school community be protected against harm without conferring notoriety on the person who threatens harm.

7. In the event an explosion occurs, school officials and staff members will respond in accordance with procedures in Regulation No. 8420.3.

8. The Principal will submit to the Superintendent a written report of each bomb threat received, the steps taken in response, and the outcome of the threat.

9. HSPT-11/HSPA Procedures for Administration

In the unlikely event a fire or bomb threat should be reported during the administration of the HSPT-11 or the HSPA, test examiners will follow the procedures as listed below:

a. The time that testing was interrupted as well as the remaining time in the particular section on which students were working will be noted and recorded by the examiner.
b. Students must close their test booklets, separating the answer folders and any additional materials from the test booklet.

c. The examiner will collect the test booklets from each student individually. Under no circumstances will test booklets be passed to the front/back/side of the room for collection.

d. Students will be instructed to leave the answer folders, reference sheets, writing task folders, pencils and/or scrap paper on the tops of their desks. These materials will not leave the room during the evacuation.

e. Students will also be instructed not to discuss any portion of the test with one another during the evacuation.

f. Once the examiner has checked (by counting) to be sure all test booklets are in his/her possession, students may proceed with previously determined instructions for evacuation.

g. The examiner will take the collected test booklets (as well as any test booklets scheduled for use by absentee students) with him/her to the evacuation site, making sure they are in his/her possession at all times. Test booklets must be carried or placed in a carrier/container. They must never be put down/left unattended. No test booklets will be left in the evacuated room.

h. Once the crisis is over, students will return to the testing site and the administration of the test will resume.

i. No additional testing time may be added to the time remaining on the particular section that was interrupted. Silent "settling down" time may be necessary before the test resumes.

j. An irregularity report will be filed with the NJDOE by the school test coordinator (Guidance Supervisor). In addition, deviations from the procedure as outlined above and/or student
Bomb Threats

misconduct during the evacuation must be reported to the Guidance Supervisor immediately so that appropriate steps can be taken.

k. The building administrators will make adjustments to the time/class schedule for the remainder of the day. A normal testing environment will be re-established as soon as possible.

In the event a circumstance or situation requires the school building’s occupants to remain secure within the school building, the Principal or designee may implement lockdown procedures. The following procedures shall be enacted during a lockdown which shall begin with notification to the building’s occupants that all occupants should commence lockdown procedures. The notification may be a public address announcement or may be a discreet notification depending on the circumstance or situation.

These lockdown procedures are recommended for implementation in the event it is determined a lockdown is needed. However, based on the circumstance or situation, the Principal or designee may modify these procedures if he/she determines modification is needed to best protect the building’s occupants.

R 8441 CARE OF INJURED AND ILL PERSONS

A. Immediate Attention

These regulations apply when a person--pupil, staff member, or visitor--on school premises or in the course of a school-sponsored event or field trip is injured or becomes suddenly ill. The school staff member or other responsible adult present who takes charge should act quickly but not hastily.

1. The injury or illness shall be reported immediately to the school nurse or, in the absence of the school nurse, to the Principal. The report may be made directly (over an intercom) or by another adult or by a pupil messenger.

2. If it is clearly evident that the illness or injury is serious, emergency medical assistance shall be immediately summoned by telephone call to 911.

3. The victim shall be examined for breathing obstructions, bleeding, and broken bones.

4. The victim shall be checked for the presence of a necklace or bracelet that identifies a particular medical problem such as diabetes or epilepsy.

5. The victim will not be moved, except as may be absolutely necessary to remove the person from a dangerous environment. If necessary, furniture or equipment will be moved to permit space around the victim.

6. The victim should be made as comfortable as possible, without moving him/her, by loosening binding clothing and providing warm coverings.

7. No food or liquid should be given to the victim except on the orders of a health professional.

8. The victim should be calmed with assurances that he/she is receiving or is about to receive aid.

9. The building Administrator shall ensure the district accident/incident report is completed as soon as practicable.
B. Emergency First Aid Procedures

The school nurse shall administer the following emergency first aid procedures, as appropriate to the victim's illness or injury. If the school nurse or other health professional is not available or cannot be summoned quickly or the victim's illness or injury is so serious as to warrant immediate attention, these first aid procedures may be followed by the responsible adult present.

1. ALLERGIC REACTIONS

   The victim may show sudden blotchy swelling of the skin (hives) and mucous membranes, difficulty in breathing, wheezing, increased pulse rate, nausea, abdominal cramps, vomiting, fall in blood pressure with weak pulse.

   The use of a single dose auto-injector for epinephrine may be indicated. The school nurse or trained teacher shall decide whether or not to administer the single-dose auto injector if the student has a physician's order for the auto-injector and the parent has supplied the medication.

   In a severe allergic (anaphylaxis) reaction, the victim should be taken immediately to hospital emergency services or a doctor's office.

2. BLEEDING, SEVERE

   a. Apply direct pressure with a sterile compress, if available; if no compress is available, the gloved or otherwise protected hand or fingers may be used until a compress can be obtained.

   b. Unless there is evidence of a fracture, a severe wound of the hand, neck, arm, or leg should be elevated above the level of the victim's heart.

   c. Apply pressure on the supplying artery if severe bleeding does not stop after application of direct pressure plus elevation.

   d. A tourniquet may be used only for a severe, life threatening hemorrhage that cannot be controlled by other means. The decision to use a tourniquet may be made only by a health professional.
3. BREATHING OBSTRUCTION
   a. Tilt the victim's head, clear the airway, and begin mouth-to-mouth or mouth-to-nose breathing immediately.

      Initially, give four quick, full breaths without allowing the lungs to fully deflate between each breath.

   b. Maintain the head tilt and look, listen, and feel for exhalation of air. Check the carotid pulse for at least five but no more than ten seconds.

   c. If there is no pulse and no breathing, cardiopulmonary resuscitation (CPR) should be commenced by a person trained to give CPR.

   d. If there is a pulse but no breathing, mouth-to-mouth breathing should be continued until the victim breathes spontaneously.

4. BURNS, MAJOR

The victim has sustained a second- or third-degree burn, i.e. has burned the epidermis and underlying dermis and perhaps underlying tissues, possibly over a large area; the skin will appear red and blistered or, in a very serious burn, white or blackened.

   a. If the burn was caused by exposure to a chemical,
      (1) Flush the affected area under cool running water for at least fifteen minutes;
      (2) Apply any first aid measures specified on the chemical container;
      (3) Cover the burn with a cool, wet dressing; and
      (4) Take the victim to hospital emergency services.

   b. If the burn is a second degree burn that covers an area less than two or three inches across,
(1) Rinse the burn with cool water and gently wash and rinse the burned area;

(2) Spray with an antiseptic spray and cover with a sterile dressing;

(3) Do not apply ointments, petroleum jelly, margarine, grease, oil, or butter; and

(4) Do not break blisters to avoid the risk of infection.

c. If the burn affects an area more than two or three inches across or is a third degree burn,

(1) Immerse the burned area in cold water or apply cold compresses to the affected area to bring skin temperature back to normal, and

(2) Wrap the victim loosely in a clean sheet and transport him/her to hospital emergency services or, if the burn affects more than ten percent of the body, to a specialized burn facility.

5. CONCUSSION

The victim may be dazed or unconscious, bleed from mouth, nose or ears; have rapid but weak pulse; have eye pupils unequal in size; complain of headache and dizziness; be nauseated or vomiting,

a. Keep victim lying down and warmly covered.

b. Ice may be applied to head.

c. Medical attention must be sought to determine extent of injury.

6. CONVULSION OR SEIZURE

a. Protect the victim from self-injury by lying him/her down, preferably on a padded surface, and loosen his/her clothing.
b. Turn the victim's head to one side to keep the airway open and permit saliva to flow out of the mouth. If possible, place a rolled-up handkerchief or other soft object (not a hard object) between the upper and lower teeth. Do not place a finger in the victim's mouth or try to force open the victim's clenched jaws.

c. Do not restrain the victim unless gentle restraint is necessary to prevent self-injury.

d. If vomiting occurs, turn the head so that vomitus is expelled from the mouth and is not inhaled.

e. If the seizure continues for more than a few minutes or recurs in a short time, summon an ambulance.

7. INSULIN SHOCK

The victim may have a sudden onset of weak, drowsy appearance; moist and pale skin; drooling; intense hunger, vision disturbance; normal or shallow respirations; full and pounding pulse; irritability;

a. Administer some kind of carbohydrate, which can be in the form of sugar, fruit juice, candy, sugared soda pop (not artificially sweetened). If the victim has lost consciousness, honey or granulated sugar should be placed under the victim's tongue.

b. After symptoms have subsided (in ten to fifteen minutes), offer the victim a food snack.

c. If the symptoms do not subside, the victim should be taken to a hospital emergency service.

8. DIABETIC COMA

The victim may have an extremely ill appearance, dry flushed skin, intense thirst, exaggerated respiration with hunger for air, weak and rapid pulse, dimming of vision, and acetone or fruity odor on breath. A person in diabetic coma must be taken immediately to a hospital emergency service.
9. HEAT EXHAUSTION

The victim may have pale, clammy skin, rapid and weak pulse, weakness, headache, nausea, cramps of abdomen or limbs.

a. The victim should lie down with his/her head lower than the body.

b. The victim should be protected from chilling.

c. If the symptoms do not subside, the victim should be taken to a hospital emergency service.

10. POISONING

a. Contact the Poison Control Center by calling 911 for instructions. Be prepared to give information regarding the substance and amount ingested and the state of the victim.

b. If the Poison Control Center cannot be consulted and the poison can be identified with certainty and its original container is available, administer the antidote specified on the container in the method and dosage recommended and seek medical assistance.

c. If the poison is unknown, dilute the poison by requiring the victim to drink quantities of water or milk.

d. If the poison is not corrosive or a petroleum product (see ¶B10e) and the victim is not unconscious, induce vomiting.

e. If the poison is a corrosive substance (drain cleaner, lye, bleach, or other acid or alkali product) or a petroleum product, do not induce vomiting. Burns on or in the mouth may indicate a corrosive substance and a smell of petroleum on the victim's breath indicates a petroleum product.

f. Remove the victim, along with the container of the substance ingested and any vomitus, to hospital emergency services.
11. SHOCK

The victim may be drained of color and have a clammy skin, weak and rapid pulse, irregular or labored breathing, perspiration on upper lip and forehead. Victim may be nauseated and/or thirsty.

a. Keep the victim covered and lying down, with feet raised higher than the heart.

b. Loosen tight clothing and keep the victim comfortably warm.

c. If the victim is conscious, has no abdominal injury, and is not vomiting, the victim may be given fluid.

C. Routine First Aid Care

The school nurse shall administer the following routine first aid procedures, as appropriate to the victim's illness or injury. If the school nurse or other health professional is not available or cannot be summoned quickly, these first aid procedures may be followed by the responsible adult present.

1. ABDOMINAL PAIN

a. Take the victim's temperature and pulse rate.

b. Check for recent history of nausea, vomiting, and food ingestion and whether victim has had appendectomy.

c. Require victim to lie down for rest period.

d. If pain does not diminish or intensifies, notify parent(s) or legal guardian(s) or the school physician.

2. ABRASIONS AND LACERATIONS

a. Wash area gently with bland soap and cool water, rinsing carefully.

b. Apply an approved antiseptic.
c. Cover area with a light protective adhesive bandage.

3. BITES and STINGS

a. A wound resulting from the bite of an animal--dog, cat, hamster, mouse--should be treated as follows:
   
   (1) Wash wound immediately with soap under running water. Apply an antiseptic and an antibiotic.
   
   (2) If the wound is severe or a puncture wound, cleanse and send victim to hospital emergency services.
   
   (3) Attempt to identify and capture animal.

b. A wound resulting from the bite of a human being should be washed and treated by a physician.

c. A bee sting should be treated as follows:
   
   (1) Remove the stinger by scooping it out of the skin.
   
   (2) Apply an ice pack or flush with cold water.
   
   (3) Apply calamine lotion or cream to ease itching and swelling.

A. Definitions

1. A hate crime is any criminal offense where the person or persons committing the offense acted with a purpose to intimidate an individual or group of individuals because of race, color, gender, disability, religion, sexual orientation, or ethnicity.

2. A bias-related act is an act directed at a person, group of persons, private property, or public property that is motivated in whole or in part by racial, gender, disability, religion, sexual orientation, or ethnic prejudice. A bias-related act need not involve an act that constitutes a criminal offense. All hate crimes are also bias-related acts, but not all bias-related acts will constitute a hate crime.

B. Procedure For Reporting Hate Crimes

1. A school employee will notify the Building Principal whenever the school employee, in the course of his/her employment, develops reason to believe that:

   a. A hate crime has been committed or is about to be committed on school property; or

   b. A hate crime has been or is about to be committed by any pupil, whether on or off school property and whether or not such offense was or is about to be committed during operating school hours; or

   c. That a pupil enrolled in the school has been or is about to become the victim of a hate crime, whether committed on school property or during school hours.

2. The Building Principal will notify the Superintendent, the Paterson Police Department and Bias Incident Officer for the county prosecutor’s office.

3. The Principal and the Superintendent shall notify the Paterson Police Department and the county prosecutor’s office immediately if there is reason to believe that a
hate crime that involves an act of violence has been or is about to be physically committed against a pupil or there is otherwise reason to believe that a life has been or will be threatened.

C. Procedure For Reporting Bias Incidents

1. A school employee should immediately notify the Building Principal whenever the school employee, in the course of his/her employment, develops reason to believe that:
   a. A bias-related act has been committed or is about to be committed on school property; or
   b. A bias-related act has been or is about to be committed by any pupil, whether on or off school property and whether or not such bias-related act was or is to be committed during school hours.

2. The Building Principal will notify the Superintendent and the Paterson Police Department.

3. In deciding whether to refer the matter of a bias-related act to the Paterson Police Department or the county prosecutor’s office, the Building Principal and the Superintendent, should consider:
   a. The nature and seriousness of the conduct; and
   b. The risk that the conduct posed to the health, safety and well-being of any pupil, school employee or member of the general public.

4. The Building Principal will consult with the Superintendent and should consider:
   a. That the police department or the county prosecutor’s office may possess, or have access to, other information that could put the suspected bias-related act in proper context, which could shed light on the motivation for the act or some other unsolved hate crime; and
   b. The possibility that the suspected incident could escalate or result in some form of retaliation that might occur within or outside school property.
D. Nature of Referral

1. The mandatory referral for suspected or committed hate crimes and the presumptive referral for suspected or committed bias-related acts as described in the regulation is only a request to the law enforcement agencies to conduct an investigation and is nothing more than the transmittal of information which may be pertinent to any such law enforcement investigation.

2. Any referral in accordance with this regulation is not an accusation or formal charge.

3. Any referral pursuant to this regulation is predicated on the basis of reasonable suspicion, which is less than probable cause, less than the proof sufficient to sustain an adjudication of delinquency or a finding of guilt in a court of law and less than the proof sufficient to justify the imposition of school discipline.

4. All doubts by school officials should be resolved in favor of referring a matter to the Paterson Police Department or the county prosecutor’s office.

E. Concurrent Jurisdiction

1. R 8470 RESPONSE TO CONCERTED JOB ACTION

These regulations will be distributed to the following staff members and individuals only:

Superintendent of Schools
Assistant Superintendent of Schools
Business Administrator
Negotiation Team
Districts Legal Counsel
Director of Personnel
Director of School Security

These regulations are to be considered confidential and must be secured by the staff member and individuals to whom they have been distributed, except that excerpts may be copied for the use of other staff members assigned to the maintenance of district operations. Each responsible administrator must be thoroughly familiar with the regulations for strike emergencies.

A. Strike Preparedness

1. A team will be established by the Superintendent's liaison to the negotiating team to gather and assess information regarding the possibility of a strike and the impact of any potential strike on district operations. The team will include appointed administrators and other reliable staff members. Team size and membership will depend on the size and polarization of the faculty. The team will be directed to:

   a. Gather information from employees, association representatives, the central office, and other reliable sources;

   b. Inquire into the experience of administrators in neighboring school districts in which strikes have occurred;

   c. Evaluate strike and prestrike activities carefully;

   d. Anticipate the degree of strike participation and preparation by both teaching and support staff members;
2. Based on information gathered and assessed by the team, the Superintendent's liaison to the negotiating team will develop counter measures for anticipated problems; such measures may include, but need not be limited to:

a. Establishing criteria for a minimum day schedule;

b. An alternate method for taking pupil attendance;

c. The means of foiling potential acts of sabotage;

d. The frustration of attempts by striking employees to influence pupils to stay home and to intimidate teachers coming to school;

e. The use of unlisted, unmarked telephones, walkie-talkies, pay telephones, parents' or legal guardians' telephones, and messengers; and

f. The means of defusing confrontations between striking and non-striking employees.

3. If a strike is anticipated, Principals will take steps to prepare for the continual operation of the facility and delivery of instructional services. Principals should:

a. Ensure that there are at least two copies of the current curriculum guide for each subject and/or grade available in the office or other appropriate location;

b. Ensure that substitute teacher folders are up-to-date and provided with all necessary materials;
c. Establish alternate pickup points for pupils for the use of bus drivers; and

d. Prepare information to assist substitutes and volunteers by requiring each teacher to complete a form that includes the:

   (1) Names and subjects of neighboring helpful teachers;

   (2) Names of two or three responsible pupils in each section;

   (3) Location in the room of the regular roll book, regular seating chart, paper and pencils, commonly used texts, various report forms, frequently used supplies, etc.;

   (4) Supervision and extracurricular duties performed by the teacher;

   (5) Names of any pupils who might be difficult to handle; and

   (6) Information on class routines or rules that should be followed.

4. Administrators and all non-striking employees should be made aware that striking employees may use unorthodox and shocking methods in their efforts to sway the administration and the Board and to garner public support. Experience in other school districts has shown that lies, sabotage, threats, and harassments can be expected. Nonetheless, the conduct of administrators and non-striking employees must at all times be legal and meet high ethical and professional standards.

B. Daily Activities during a Strike

1. Principals are responsible for the operation of their school during a strike emergency. It will be assumed that the Vice Principal is designated to act in the Principal's absence unless the Principal informs the Superintendent to the contrary.

f. Document all incidents and absences;

g. Meet briefly each day with non-striking employees to update them on activities;

6. The Principal will instruct strikers or disrupters who attempt to enter school grounds or harass pupils and employees that they are participating in an illegal activity. Such strikers and disrupters should be asked to leave the school grounds. Strikers and disrupters shall not be offered refreshments of any kind or allowed the use of school rest rooms.

7. The Principal will summon law enforcement officials directly in the event of a dire and immediate emergency. All other requests for help should be directed through the centralized office.

We will keep the school open as long as we can provide a safe environment. Parents or legal guardians are encouraged to contact the school for information and may do so by calling the designated telephone number. The (INSERT NAME OF SCHOOL) School will be operating on schedule until further notice. Parents or legal guardians are welcome to visit the school at any time and their assistance during this emergency situation will be appreciated.

11. The Principal will forthrightly answer questions of the press related to the specific situation at his/her school. Any such answers must be confined to the facts and specifics of the situation and must not include opinions, subjective information, or rumors. A question that calls for a subjective assessment should be deflected and the questioner referred to the Superintendent of Schools for additional information. The following examples are illustrative.

a. Question: “Is there picketing at your school?”
   Answer: “Yes” or “No”.

b. Question: “How extensive is the picketing?”
   Answer: “__________________ (correct number) pickets are at the front entrance and __________________ (correct number) are at the side entrance.”

b. Custodians will be on duty around-the-clock.

C. Verification of Staff Absences

1. During a strike emergency only sick leave and personal emergency leave will be authorized. The Superintendent will authorize employee absences when he/she determines that the disability or personal emergency claimed by a staff member would have warranted the employee's absence under normal conditions.

2. Any employee absence occurring during the period of the strike must be substantiated by a physician's certification or other authenticating documentation acceptable to the Superintendent. If the Superintendent believes that the documentation offered by the employee is questionable, he/she may require that the employee submit to an examination by the school medical inspector to verify a claim of disability or submit additional verification of a claimed personal emergency.

3. Each unauthorized absence will result in full deduction of one day's salary for each day of absence.

4. It shall be assumed that an employee absent the first or any succeeding day of a strike will be absent the next day and each subsequent day, unless the employee reports his/her intention to return to work, by telephone call to the Principal no later than 4:30 p.m. of the day preceding the anticipated return day.

The Principal in each school will report any shortage or over-assignment of substitutes at his/her school to the Director of Personnel and any necessary adjustments will be made.

7. On all subsequent strike days,

   a. Each Principal will call the Director of Personnel no later than 8:00 a.m. with a request for substitutes as soon as he/she can assess employee absences for the following day. The request will include the names of absent teachers, the subjects to be covered, reason for absences, and the approximate length of absence.
b. Callers will telephone substitutes from unlisted, unmarked telephones at a central location between the hours of 6:00 and 9:00 a.m. and 3:30 and 6:30 p.m.
