PERFORMANCE STANDARD #1: PREPARATION FOR INSTRUCTION

Professional educators prepare for quality service using a comprehensive approach.

Service and Support			Level of Per he Librarians perfo	formance	ensive upprouch.
The Librarians should know and be able to:	Unsatisfactory	Progressing	Proficient	Exemplary	Performance Indicators/Evidence
Inquiry-Based Learning Inquiry Based learning is a program where students are challenged to question, think critically, acquire, evaluate, draw conclusions and create and share new knowledge.	□Librarian demonstrates little or no knowledge of Inquiry-Based Learning. • 0 teachers in collaborative sessions	□Librarian is aware of the need and has taken some planning steps to: • a collaboratively planned inquiry-based program* • a program aligned to the New Jersey adopted Learning Standards. • 1-2 teachers in collaborative sessions	□Librarian is developing and promoting: • a collaboratively planned inquiry-based program* • a program aligned to the New Jersey Adopted Learning Standards. • 3-4 teachers in collaborative sessions	□ Librarian has developed and is implementing & promoting: • a collaboratively planned* inquiry-based program based on classroom topics of student and the research process, • a program aligned to the New Jersey Adopted Learning Standards. • 5 or more school/instructional staff members in collaborative sessions	Research driven by essential question Use of Research Process Rubrics in Research Process Skills Curriculum (K-12) Librarian collaborates with teachers for student learning* Curriculum mapping for Inquiry Written goals and objectives, with timelines Students create knowledge products, often with use of available technology Evidence of student statistics, data, and analyses. Collaboration logs inclusive of lesson plans and signatures of collaborating teachers
Curriculum Alignment Librarian collaborates to align instruction (and program goals) to New Jersey Adopted Learning Standards.	□Little collaborative planning takes place between librarian and classroom teachers*; Little use of library resources to support the New Jersey adopted Learning Standards.	□Librarian provides resources to classroom teachers and sometimes helps to make real world connections for students; Librarian's te aching is related to the New Jersey adopted Learning Standards, but only sometimes collaboratively planned.	□Librarian collaborates with teachers to improve instruction* and teaches information literacy within the New Jersey adopted Learning Standards when implementing the District's Research Process Skills Curriculum (K-12).	□Librarian collaborates with most teachers to improve instruction* and teaches information literacy within the New Jersey adopted Learning Standards when implementing the District's Research Process Skills Curriculum (K-12).	Collaboration logs Librarian curriculum plan/maps Librarian curriculum plan/maps are aligned with Common Core curriculum and integrated in content areas Librarian teaches collaboratively rather than in isolation Use of Research Process Rubrics in Research Process Skills Curriculum (K-12).

Service and Support		т	Level of Per he Librarians perfo		
The Librarians should know and be able to:	Unsatisfactory	Progressing	Proficient	Exemplary	Performance Indicators/Evidence
Instructional Plan Librarian has a long- term instructional and program plan (developed collaboratively with the school community*) leading to college and career readiness.	□No goals have been set or aligned with curriculum; Librarian has no interest in setting goals.	□Librarian has random goals based on good ideas.	□Librarian has some articulated goals, and a short-term program plan, but plans are not fully tied to assessments.	□Librarian sets goals for student achievement and communicates annual program goals to building teachers. Goals are aligned with building and district mission statements.	One year instructional focus Reading program goals supported Research findings used to set goals Librarian participates in assessment item analysis when appropriate (i.e. PARCC ELA Research Simulation results).
College and Career Readiness Librarian sets high expectations for college and career readiness and fosters intellectual rigor.	□Librarian accepts poor work without question; Librarian does not engage the students in challenging intellectual tasks while engaged with informational text. Librarian assigns busy work well beneath the ability level of the students.	□Librarian accepts the status quo or creates instructional activities that are based on rote learning, transfer of information from texts, reports and worksheets. Librarian avoids rigor for the sake of mechanical completion of student work.	□Librarian often improves student performance. Librarian implements the use of nonfiction resources appropriate for grade level, and sustains challenging, authentic, intellectual work for all learners; Librarian recognizes potential and develops it in learners.	□Librarian encourages the success of all students; Librarian actively encourages the use of non-fiction resources appropriate for grade level, and sustains challenging, authentic, intellectual work for all learners; Librarian works with teachers to transform learning for rigor and relevance.	Research driven by essential question Students generate questions to guide research Independent practice Reflection and sharing Scaffolding of skills Process portfolios Reflective note taking Rubrics Peer questioning
STANDARD #1 PERFORMANCE RATING	Unsatisfac		4)		(10)

PERFORMANCE STANDARD #2: USE OF DATA TO INFORM INSTRUCTION

Professional educators use data to inform instruction.

Service and Support	, and the second	Level of Performance The Librarians performing at this level:						
The Librarians should know and be able to:	Unsatisfactory	Progressing	Proficient	Exemplary	Performance Indicators/Evidence			
Independent Reading Librarian provides materials and fosters independent reading to support the curriculum, reading for enjoyment, and lifelong learning.	□Librarian places no particular emphasis on reading; Students generally do not use the library to obtain reading materials, either for academic or personal interests.	Librarian supports reading through occasional events; Some classroom teachers collaborate with librarian to promote reading in their classrooms.	Librarian is focused on reading with attention to integrating with classroom activities and motivating students to read on own; Teachers collaborate with librarian to extend reading beyond classrooms and foster independent reading for academic and personal pursuits.	□Librarian fosters district-wide focus on building independent readers, reading motivation, and a reading culture where all students and adults read; Reading culture extends beyond school to broader community involving parents, community members, and public libraries.	Reading list with current titles Reading logs Summer Reading Program promotion Circulation/collection statistics Book talks Modeling reading strategies Motivates students to read Reading motivation program (i.e. Accelerated Reader, 50 Book Club) Book loan program (Paterson Public Library)			

Achievement Librarian develops and articulates a plan for performance	Performance based rubric implementation is naphazard and unclear; Student progress in information literacy skills is assessed only through periodic esting.	Some assion of student achievement products is deperformance rubrics; Student assessed so content know library project development information a and use; Library assessment being used.	t on final lone with based dents are lely on vledge in cts, not on access orarian e some	classro collabo implen Resea Rubric informa and te Assess informa part o assess Libra articula	ation literacy chnology skills; sment of ation skills is a regular	self-assess. PERFORMANCE STANDARD #3: DELIVERS QUALITY INSTRUCTION

Professional educators deliver quality instruction.

Service and Support			Level of Performe Librarians performing	ance	
The Librarians should know and be able to:	Unsatisfactory	Progressing	Proficient	Exemplary	Performance Indicators/Evidence
Information Literacy and Technology Librarian teaches information and literacy skills and the use of technology for learning.	□Librarians does not implement District's Research Process Skills Curriculum (K-12).	□Librarian collaborates with classroom teachers to partially implement District's Research Process Skills Curriculum (K-12) * .	□Librarian collaborates with classroom teachers to implement District's Research Process Skills Curriculum (K-12), following the Research Process Skills Continuum and using the provided Research Process Rubrics to guide students in inquiry based research activities*.	□Librarian collaborates with classroom teachers to implem ent District's Research Process Skills Curriculum (K-12), following the Research Process Skills Continuum and using the provided Research Process Rubrics to guide stud ents in inquiry based research activities which incorporate their own ideas within the research*.	Research Process Rubrics Student research displays including citations Projects display use of multiple valid information sources Students' projects often involve media creation and/or other technology integration when available Students successfully navigate information and misinformation Students can articulate the ne ed to cite sources
Questioning Librarian promotes a culture of questioning, information seeking, investigation and discovery.	□Research questions are teacher-created and answerable on Google or basic reference; • Worksheets guide all learning endeavors allowing minimal room for creative thinking or brainstorming.	□Research is skills- focused, content coverage, or process-driven with questions predefined, but librarian realizes teacher-librarian teams need higher order thinking activities.	□Librarian works cooperatively with teachers to transform low level assignments that are teacher-directed into Inquiry based learning endeavors where students generate meaningful questions and frame research questions that go beyond fact gathering.	□Librarian designs learning tasks that are student-centered rather than teacher directed promoting lifelong learning by teaching via an Inquiry process; Librarian facilitates and models question development; students generate meaningful, higher order questions for research and designs learning tasks that integrate the search process.	Students form own questions Students reflect on meaningful research Students own their research projects Students use multiple resources, book and non-book for research Students use databases along with other resources to answer quest ions

PERFORMANCE STANDARD #4: INTERVENTIONS TO MEET DIVERSE NEEDS

Professional educators increase the probability of advancing individual student achievement.

Service and Support		Level of Performance The Librarians performing at this level:					
The Librarians should know and be able to:	Unsatisfactory	Progressing	Proficient	Exemplary	Performance Indicators/Evidence		
Instructional Delivery Librarian plans instruction to engage all learners via diverse means of delivery.	□ Instruction is teacher-directed with little opportunity for student ownership.	□ Some evidence of cooperative learning present; Lessons resemble checklist approach to content coverage.	☐ Most instruction is student centered and accommodates varying learning styles; Some instruction is differentiated to challenge and support all students. Librarian sometimes uses available multiple media formats and tech tools in delivery.	☐ Instruction is student centered and accommodates varying learning styles; Instruction is differentiated to challenge and support all students. Librarian frequently uses available multiple media formats and technology tools in delivery.	 Inquiry based learning Collaborative group work Opportunities for student choice Differentiated teaching strategies cognizant of abilities, genders, prior knowledge Appropriate interventions to support learning Distribution List of Lexile appropriate books are given to students Guided readers 		

Monitor and Adjust Librarian monitors student learning and adjusts instruction as necessary. □ Teaching in library focused on skills and curriculum, not on the needs of learners; assistive technologies are not available in Library; there is little concern demonstrat for removing barriers of access to curricul related materials.	checks for understanding but does not consistently plan closure or assessment in a lesson Librarian and classroom teachers occasionally coordinate	□ Librarian often checks for understanding and adjusts or repeats instruction patiently as necessary. Librarian includes DOL before students leave to assess student success. Librarian and classroom teachers collaboratively plan instruction so individual student needs are targeted*; Librarian provides assistive devices (if available) to learners with disabilities.	□ Librarian checks for understanding during instructional delivery and modifies, repeats points, and adjusts delivery or content for student success, and administers a DOL at the end of the lesson. Differentiated instruction to meet individual learner needs is a regular part of planning. Librarian is an advocate community wide in removing barriers of access to resources.	Demonstration of learning (DOL) Performance tasks High interest student projects Resources at different levels Video and audio resources Graphic organizers Assistive technologies (if available) Student work in varied formats Task completed

PERFORMANCE STANDARD #5: LIBRARY ENVIRONMENT

Professional educators establish a culture that is conducive to student well-being and learning.

Service and Support			Level of Per he Librarians perfo	formance	cit being and tearning.
The Librarians should know and be able to:	Unsatisfactory	Progressing	Proficient	Exemplary	Performance Indicators/Evidence
Climate of Respect and Rapport Librarian creates a safe climate of respect and rapport, communicates expectations for student behaviors, and promotes collaboration among students.	□Interactions between the librarian and students are negative, inappropriate, or insensitive to students' cultural backgrounds or abilities; Interaction can include put downs or conflict.	☐ Library climate is inconsistent; it ranges from adequately supervised to unwelcoming, disruptive, restrictive, or even unsafe. Librarian does not seek or implement strategies for improvement.	☐ Library climate is a positive learning environment even though stressed by limited staffing or building scheduling; Trusting relationships are built and sustained; Students and teachers want to be in the library; Facility is a safe place.	□ Academic respect, as well as respectful behavior, is valued in the library where a learning community is evident; Interactions among librarian and students reflect respect, genuine caring and sensitivity; Librarian always encourages student success and maintains safety.	Librarian-student rapport Environment of cooperative achievement present Student actively engaged Positive reinforcement program (PBSIS) Praise
Collection Management Librarian develops and manages (within budget) the collection to provide access to multiple perspectives and complex text and to meet diverse student interests, needs, languages, and cultural backgrounds.	□ Librarian maintains an aged collection in disrepair which does not support the New Jersey adopted Learning Standards or diverse needs; there is little weeding and collection development.	□ Librarian plans and selects the collection following a district approved selection policy and weeds regularly.	□ Librarian plans and selects up-to-date collections in multiple formats developed with Board approved policy to support the New Jersey adopted Learning Standards, withsome faculty and student input; Collection is well-maintained and irrelevant materials are weeded out.	□ Librarian plans and selects comprehensive up-to-date collections in multiple formats built collaboratively on Board approved policy and aligned with the New Jersey adopted Learning Standards and diverse learning needs; Collection is very well maintained and irrelevant materials are weeded out.	•student and teacher evaluations of collections •collection analyses •resource sharing •automated circulation reports •visibly well-organized collection
