Board President Christopher Irving, and  
Honorable Members of the Paterson  
Public School District Board of Education  
90 Delaware Avenue  
Paterson, New Jersey 07503

Dear Commissioner Irving and Members of the Board:

The Comprehensive Annual Financial Report (CAFR) of the Paterson Public School District (the "District") for the fiscal year ended June 30, 2012, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the District. To the best of our knowledge and belief, the data presented in this report are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

Government Accounting Standards Board (GASB) requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. Paterson Public School District's MD&A can be found immediately following the Independent Auditor's Report.

## **SECTION 1 – REPORT FORMAT**

The Comprehensive Annual Financial Report is presented in four sections: Introductory, Financial, Statistical and Single Audit. The purpose of each section of the CAFR is as follows:

- **Introductory Section**—This section includes this transmittal letter, the District's organization chart and a list of principal officials. This section is intended to familiarize the reader with the organizational structure of the school district, the nature and scope of the services it provides, and the specifics of its legal operating environment. It is primarily designed for the taxpayer.

- **Financial Section**—This includes the independent auditor’s report, the Management’s Discussion and Analysis (MD&A), basic financial statements, supplemental information and the combining and individual fund schedules. It is primarily designed for oversight and legislative bodies.

Generally accepted accounting principles (GAAP) requires that the management provides a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management’s Discussion and Analysis (MD&A). This letter is designed to complement the MD&A and should be read in conjunction with it. The MD&A of the Passaic Public Schools can be found immediately following the report of the independent auditors.

- **Statistical Section**—Contains substantial financial information, but presents tables that differ from financial statements in that they present non-accounting data, cover several years, and are designed to reflect social and economic data and financial and fiscal trends, as well as the fiscal capacity of the District. Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant years.

- **Financial Trends J-1 to J-5**

These schedules contain trend information to help the reader understand how the Passaic Public Schools’ financial performance and well-being have changed over time.

- **Revenue Capacity J-6 to J-9**

These schedules contain information to help the reader assess the Passaic Public Schools’ most significant local revenue source, the property tax.

- **Debt Capacity J-10 to J-13**

These schedules present information to help the reader assess the Passaic Public Schools’ current levels of outstanding debt and the government’s ability to issue additional debt in the future.

- **Demographic and Economic Information J-14 and J-15**

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Passaic Public Schools’ financial activities take place.

- **Operating Information J-16 to J-20**

These schedules contain service and infrastructure data to help the reader understand how the information in the Passaic Public Schools’ financial report relates to the services the government provides and the activities it performs.

- **Single Audit Section**—The District is required to undergo an annual single audit in conformity with the provisions of the Federal Single Audit Act and applicable US Office of Management and Budget Circulars; and the applicable State of New Jersey OMB Circulars.

Information related to this single audit, including the auditors' report on the internal control structure and compliance with applicable laws, regulations, findings and recommendations, is included in the Single Audit Section of this report.

This section includes independent auditors' reports on compliance and internal control, schedules of expenditures for federal and state grants, notes to the schedules of expenditures of federal and state grants, schedule of findings and questioned costs, and a summary schedule of prior audit findings.

## **SECTION 2 - PROFILE OF THE GOVERNMENT**

### **Paterson Public School District**

The Paterson Public School District is one of three state-operated districts in the state of New Jersey. It is an independent reporting entity within the criterion adopted by the Governmental Accounting Standards Board as established by GASB 14. All funds and account groups of the District are included in this report. The Paterson Public School District and all of its schools constitute the District's reporting entity.

The District is one of 31 statewide that are now referred to as "SDA Districts" based on the requirement for the state to cover all costs for school building and renovation projects in these districts under the supervision of the New Jersey Schools Development Authority. The school system has 30,000 students who speak 25 different languages. The school system currently has 52 schools with 5,000 full and part-time employees, with a 2011-12 budgeted per pupil expenditure of \$16,223.

The District also administers direct special education services for handicapped pupils ranging from pre-school handicapped classes to numerous categories of special services for young adults. The regular educational program includes academic, vocational, remedial, and bilingual services. The District also conducts alternative educational programs including an approved adult high school, various programs of evening adult courses, supplemental educational services under the auspices of No Child Left Behind and several summer school offerings.

On August 7, 1991 the Paterson Public Schools became a State Operated School District in accordance with NJSA 18A:7A-34, with full State intervention. The Paterson Public Schools was the second New Jersey school district to be removed from local autonomy. The District remained under state operation during the 2011-12 school year, its twenty first (21<sup>st</sup>) year of state control.

This "State Operated" status permits full supervision of the District by a State District Superintendent of Schools appointed by the State Board of Education, upon the recommendation of the Commissioner of Education. The State District Superintendent has broad authority for the operation of the Paterson Public Schools, including fixing and determining the amount of money necessary to be appropriated for the ensuing school year and shall certify the amount to be raised by special district tax for school purposes.

The Board of Education has only those rights, powers and privileges of an advisory board. (NJSA 18A:7A-47)

In the 2010-11 school year Business Office leadership changes included the dismissal of the School Business Administrator and Assistant Superintendent for Business. Interim Co-Business Administrators were appointed to manage the budget process for the period January 1, 2011 through June 30, 2011.

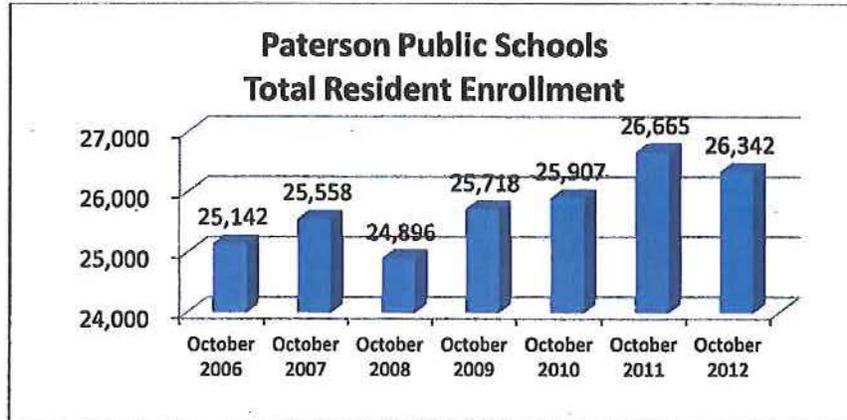

In the August 2011 a School Business Administrator was appointed. She resigned and her duties were terminated in December 2011. An Interim School Business Administrator was appointed in January 2012 serving the balance of the 2011-12 school year and into the 2012-13 school year. The District at this reporting is engaged in an active process of retaining a School Business Administrator.

### **Resident Enrollment**

Resident enrollment is defined as, "the number of pupils other than preschool pupils, post-graduate pupils, and post-secondary vocational pupils who, on the last school day prior to October 16 of the current school year, are residents of the District and are enrolled in:

1. The public schools of the District, excluding evening schools,
2. Another school district, other than a county vocational school district in the same county on a full-time basis, or a State college demonstration school or private school to which the district of residence pays tuition, or
3. A State facility in which they are placed by the District.
4. Disabled children between three and five years of age and receiving programs and services pursuant to N.J.S.18A:46-6 shall be included in the resident enrollment of the District.
5. Non-resident children who are permitted to enroll in the educational program without payment of tuition as part of a voluntary program of inter-district public school choice approved by the commissioner.
6. Enrolled children of teaching staff members of the school district or county vocational school district who are permitted enrollment without tuition.

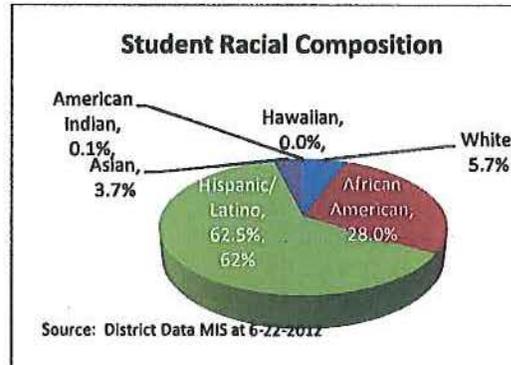

The resident enrollment trend data below reflects enrollment from 2006 through 2012.

### Student Racial Demographic

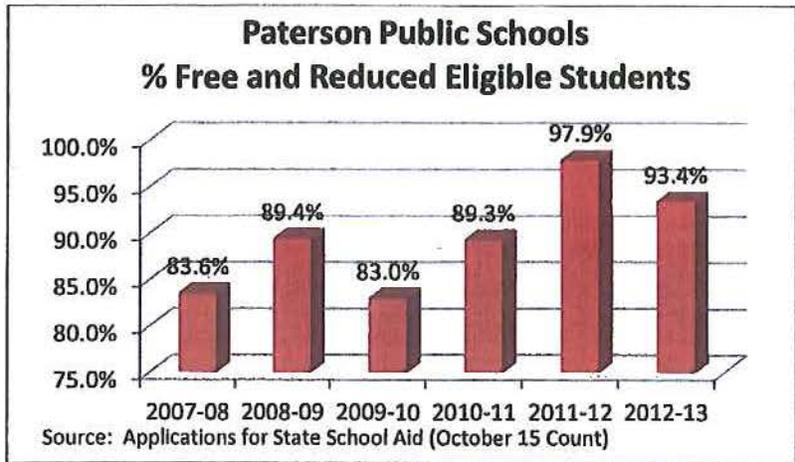

The District reports the following that largest percentage of students enrolled were Hispanic/Latino representing 62.5% of the student population on June 22, 2012. The African American student population represented 28.0% of student population. Students reported as White represented 5.7% of the student population, with Asian students representing 3.7% and American Indians representing 0.1%. There were 13 Hawaiian/ Pacific Island students enrolled. The number of male students out numbered female student by 880.

Enroll Students on June 22, 2012	Male	Female	Total	% Enrolled
White	828	697	1,525	5.7%
African American	3,848	3,654	7,502	28.0%
Hispanic/Latino	8,655	8,124	16,779	62.5%
Asian	511	485	996	3.7%
American Indian	5	12	17	0.1%
Hawaiian/Pacific Islands	9	4	13	0.0%
<b>TOTAL</b>	<b>13,856</b>	<b>12,976</b>	<b>26,832</b>	<b>100.0%</b>

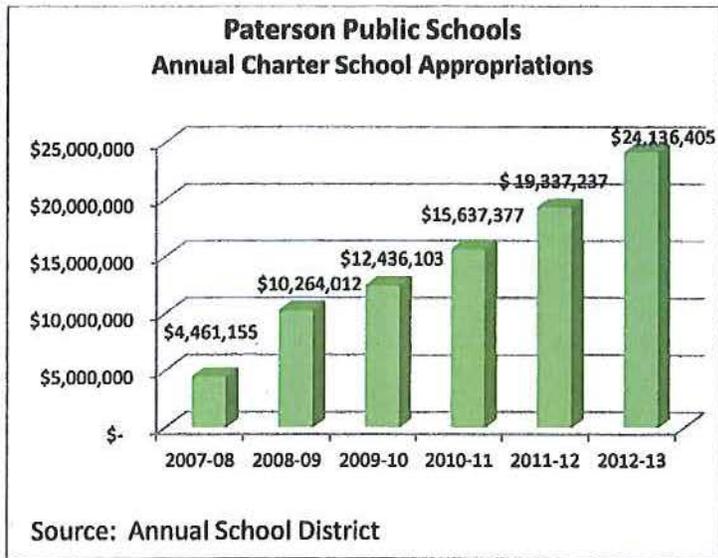

### Free and Reduced Price Meal Eligibility

Paterson Public Schools has a high number of students eligible for free and reduced priced meal subsidy based on criteria established by the United States Department of Agriculture (USDA). Free and reduced price meals eligibility impacts the District's State Aid in the category of "at-risk/low income," and with federally funded Title I of No Child Left Behind. Paterson Public Schools October 15, 2011 count for 2012-13 state aid reflected 93.4% of its children eligible for free and reduced price meal subsidy.

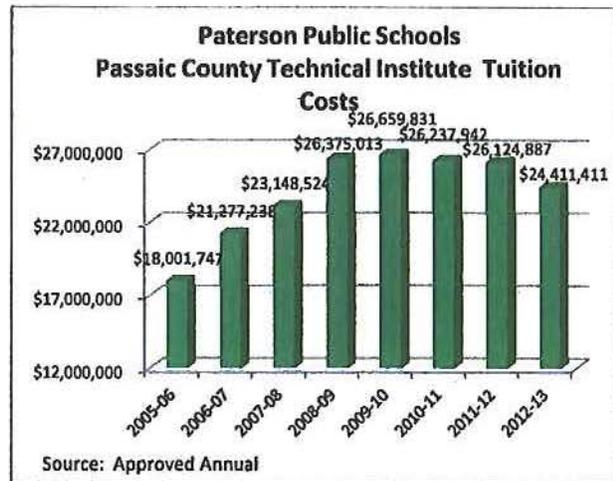

The Paterson Public Schools sends students to state approved charter schools, to the Passaic County Technical Institute and to special education placements. Sending students represents a cost item in the annual budget but is reflective of the lack of capacity to house these students in the school buildings owned and or operated by the Paterson Public Schools. Charter School appropriations for 2012-13 were \$24,136,405 for 1,809 pupils enrolled.

School Year	Charter School Pupils Enrolled
2007-08	451
2008-09	458
2009-10	988
2010-11	1,012
2011-12	1,166
2012-13	1,809

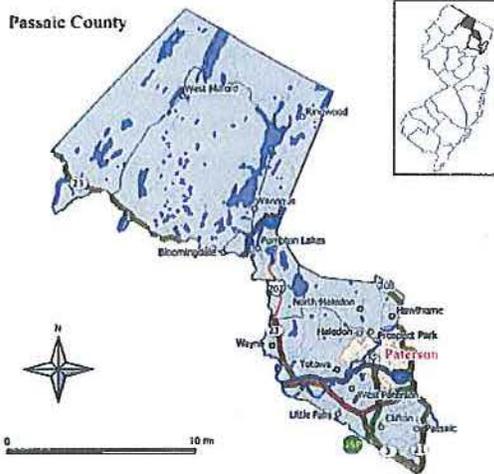

The District has appropriated \$24,411,411 in its 2012-13 budget to educate 2,064 students at the Passaic County Technical Institute.

School Year	Regular Students	SPED Students	Total Students Enrolled
2005-06	1673	75	1748
2006-07	1717	75	1792
2007-08	1880	76	1956
2008-09	2151	81	2232
2009-10	2090	99	2189
2010-11	2083	81	2164
2011-12	2083	75	2158
2012-13	2003	61	2064

### City of Paterson

Paterson is a city in and the county seat of Passaic County, New Jersey. As of the 2010 United States Census, the city's population was 146,199, rendering it New Jersey's third most populous city. The 2010 census reflected a population decline of 3,023 (-2.0%) from the 149,222 counted in the 2000 Census. Paterson is known as the "Silk City" for its dominant role in silk production of silk during the latter half of the 19th century. The 2010 US Census demographic data notes that Paterson reflects 8.7 square miles.

2010 Census Data Racial Demographic	Census Count	% of Population
White	50,706	34.68%
African American	46,314	31.68%
Native American	1,547	1.06%
Asian	4,878	3.34%
Pacific Islanders	60	0.04%
Other	34,999	23.94%
Two Plus Races	7,695	5.26%
TOTAL	146,199	100.00%

Hispanic or Latino of any race were 57.63% (84,254) of the population.

## **SECTION 3—INFORMATION USEFUL IN ASSESSING THE GOVERNMENT’S ECONOMIC CONDITION**

The City of Paterson has managed to make use of its former industrial buildings, which are enjoying new life as historical sites. The S.U.M. historic district has become a national historic landmark, with many of the buildings converted to a variety of other uses; the Rogers Locomotive Erecting Shop has become the Paterson Museum, which highlights the city's industrial history and is known for its Native American relics and collection of New Jersey minerals. The City of Paterson's 2010-2014 Consolidated Plan states: "while appreciating its past, Paterson is in the process of transitioning to being a service provider to the East Coast municipalities within its reach; finance, sales, and healthcare are all areas of new economic growth for the former textile powerhouse."

One of the elements of the School Funding Reform Act formula is the amount of taxes a municipality contributes toward funding its public school system. The City of Paterson's fair share of school taxes has been identified as \$74 million; however, due to the City's ongoing economic distress, its actual contribution has been about half of that levy. Under the School Funding Reform Act of 2008, the District increased the City's contribution by the 4% allowed, raising the City levy to \$38.96 million.

Because of its low academic achievement, Paterson Public Schools is also classified as a "District In Need of Improvement" under No Child Left Behind federal standards, a designation that results in additional NCLB fiscal support to the District's schools.

### **District Factor Groupings**

The low tax base and the high local tax rate in the City of Paterson classify the school district as an "A" district in the New Jersey Department of Education's district factor groupings (DFG). District Factor Grouping (DFG) is a system of ranking schools by socio-economic status. The group designations are based on information from census data and include the following community data: income, poverty, unemployment, percent of population with no high school diploma, percent of population with some college, occupations, and population density.

There are eight DFG groupings: "A" designates the lowest socio-economic level, followed by B, CD, DE, FG, GH, I, and J. The DFG groupings are valuable for comparison of districts with similar profiles for purposes of state aid and assessment information.

## **MAJOR INITIATIVES**

### ***Bright Futures: The Strategic Plan for Paterson Public Schools 2009-2014***

During the summer and fall of 2009 State District Superintendent, Dr. Donnie W. Evans, engaged his staff and the broader Paterson community in a process that led to the development of the District's strategic plan – *Bright Futures*. This process sought to ensure that all internal and external stakeholders had an opportunity to provide significant input and feedback. The steps taken in this process were:

- 1) *Information gathering and strategic analysis;*
- 2) *Priority, goal, and strategies development;*
- 3) *Validation;*
- 4) *Implementation; and;*
- 5) *Evaluation.*

The information gathering and strategic analysis process involved the collection of information from multiple sources to assess District performance as well as strengths or accomplishments and challenges. Sources of information included written reports generated by the District and the New Jersey Department of Education, meeting minutes and notes from Board and staff meetings, and anecdotal information from focused discussions with individual and small groups of internal and external stakeholders. This information was strategically analyzed to determine recurring patterns and themes. From this process, a new vision and mission emerged for the District as well as the State District Superintendent's go-forward action plan.

Issues or challenges arising from recurring patterns and themes resulted in the identification of four priorities – goals aligned with each priority – as well as strategies for goal attainment. After drafts and reviews in community forums additional feedback and input was solicited from all stakeholders for the purpose of validation. Each priority and a sampling of goals and strategies, as well as the new vision and mission, were shared with 4,000 District teachers, administrators, and other staff.

Components of *Bright Futures* include a vision, mission, as well as four priorities with goals and strategies for their attainment stated as follows:

***Vision Statement:***

To be a leader in educating New Jersey's urban youth.

***Mission Statement:***

To prepare each student to be successful in the institution of higher education of their choosing and in their chosen career.

***Strategic Plan—District Priorities and Goals***

***Priority 1: Effective Academic Programs***

- Goal 1: Increase Student Achievement
- Goal 2: Create Healthy School Cultures
- Goal 3: Improve Graduation Rate, Reduce Dropout Rate
- Goal 4: Improve Internal Communication
- Goal 5: Progression Planning For School and Administrative Positions
- Goal 6: Increase Academic Rigor
- Goal 7: Professional development (teachers and administrators)

***Priority II: Safe, Caring and Orderly Schools***

- Goal 1: Create Schools with Healthy School Cultures and Climates
- Goal 2: Improve Student Discipline
- Goal 3: School Uniforms (elementary/middle)
- Goal 4: Student Advisories
- Goal 5: Character Education
- Goal 6: Review and Revise Student Assignment/School Choice Plan
- Goal 7: Clean and safe facilities that meet 21st century learning standards

***Priority III: Family and Community Engagement***

- Goal 1: Create Family and Community Engagement Plan
- Goal 2: External Communications Plan
- Goal 3: Customer Service Focus (Schools)
- Goal 4: Partnerships with Community Organizations, Agencies, and Institutions
- Goal 5: Full Service Schools (Community Schools)
- Goal 6: Parent Education

***Priority IV: Efficient and Responsive Operations***

- Goal 1: Increase Accountability for Performance
- Goal 2: Customer Service Focus
- Goal 3: Increase Capacity

***District Initiatives and Transformation Strategies for 2011-2012***

In the 2011-12 school year the Paterson Public School District continued to make progress in its implementation of school improvement initiatives designed to transform the Paterson Public School System from a lower performing District to one that is a “leader in educating New Jersey’s urban youth.”

The District has taken major steps to accelerate improvements in academic and non-academic outcomes. These steps are designed to:

- Build healthy school cultures & climate.
- Redesign critical processes & procedures.
- Revise teacher & administrator evaluation systems.
- Implement national & New Jersey common core standards.
- Strengthen the District’s assessment system.
- Build capacity among staff.

***Priority I: Effective Academic Programs***

***The Paterson Innovation Zone***

For the 2011-2012 school year, the District divided the schools into groups. Seventeen schools constituted the *Paterson Innovation Zone*, a pilot effort to implement with fidelity a data driven instructional delivery system. The University of Pittsburgh was engaged to assist with this endeavor, with the exception of the two SIG (federally Schools Improvement Grants) schools. Seton Hall University provides support to SIG schools. All other strategies and initiatives are being implemented district-wide.

In the initiation of the *Paterson Innovation Zone*, the District took a major step toward accelerating improvements in academic and non-academic outcomes. The aim of this pilot initiative is to accelerate student achievement by creating an aligned instructional system, building capacity among teachers and principals, creating a strong district-level support system, and involving parents and community partners.

All *Paterson Innovation Zone* schools were tasked with:

1. Employing the “managed instruction” theory of action.
2. Benchmarking and setting academic targets: analyze test scores and establish academic and non-academic performance targets for District identified indicators of success.
3. Implementing with fidelity the University of Pittsburgh’s Principles of Learning instructional model to build capacity among teachers and administrators.
4. Participating in targeted and focused professional development by the Institute for Learning for teachers and administrators.
5. Implementing with fidelity the Paterson Effective Schools’ Model.
6. Piloting implementation of the national Common Core Standards.
7. Piloting the District’s performance-based assessment and pay systems.

### *The University of Pittsburgh’s Institute for Learning*

The Institute for Learning (IFL) is a non-profit organization dedicated to improving the education and achievement of all students, especially those traditionally underserved. Their research-based curriculum materials, assessments, tools and professional development build the capacity of teachers, administrators, and systems to provide students with high quality instruction and learning opportunities that align with existing state standards, and transition to the new Common Core State Standards and emerging assessments. Their work is rooted in the research on teaching and learning that confirms that virtually all students, if they work hard at the right kinds of learning tasks, in the right kinds of environments, are capable of high achievement.

The Institute for Learning Principles of Learning are:

1. Organizing for Effort
2. Clear Expectations
3. Fair and Credible Evaluations
4. Recognition of Accomplishment
5. Academic Rigor in a Thinking Curriculum
6. Accountable Talk®
7. Socializing Intelligence
8. Self-management of Learning

### *Renaissance Learning Star Assessments: A Robust Assessment System*

*Renaissance Learning* is a leading provider of technology-based school improvement and student assessment programs for K12 schools. *Renaissance Learning’s* tools provide daily formative assessment and periodic progress-monitoring technology to enhance core curriculum, support differentiated instruction, and personalize practice in reading, writing and math. *Renaissance Learning* products help educators make the practice component of their existing curriculum more effective by providing tools to personalize practice and easily manage the daily

activities for students of all levels. As a result, teachers using Renaissance Learning products accelerate learning, get more satisfaction from teaching, and help students achieve higher test scores on state and national tests.

*Renaissance* School Excellence (RSE) is a multi-year process that is designed to use *Renaissance* best practices to achieve the highest academic growth for all students. RSE will:

- Work directly with schools and District administration
- Focus on maximizing academic learning time
- Promote appropriate practice on core objectives
- Monitor teacher and student progress
- Help change the culture of the school
- Build skills needed for college and careers

STAR assessments provide valid data quickly. New *Renaissance* STAR Reading Enterprise and STAR Math Enterprise assessments offer expanded skills-based testing and new reports that provide data for screening, instructional planning based on skills mastery, progress monitoring, and standards benchmarking. New tools and new content also help answer key questions to improve instruction. STAR assessments are also aligned to standards for all 50 states and the District of Columbia. In September 2011, the Paterson Public School District engaged Renaissance Learning to begin the institution of Star Assessment System (Star Reading and Star Math) in Paterson Schools. Initial testing and data analysis occurred during the first nine-week grading period for all students in the 17 Innovation Zone Schools. Beginning the second nine-week grading period, all Non-Zone schools (34) began administering Star Reading and Math assessments to all students.

### *Quality Leadership and Quality Teaching: The State Common Core Standards*

In order to teach and implement the new Common Core, the District has purchased and trained all K–12 level teachers on the new standards in mathematics and will complete language arts training in January 2012. The District adopted new curriculum maps, as developed by Focal Point.

### *Administrator and Teacher Evaluation Systems*

The District has aggressively developed new comprehensive evaluation systems for teachers and administrators (school and District-level) with the assistance of Mike Miles and Focal Point. The systems are weighted 50% on performance and professional practice indicators and 50% for student assessment (test) data. The District has fully implemented a new Learning Walk Tool based on the new expected performance outcomes for teachers. Training sessions for all leaders from supervisors and above in the proper execution of this observation tool was completed on December 15, 2011. The Superintendent's cabinet was also trained by Mike Miles to ensure inter-rater reliability. Both the administrator and teacher performance evaluation tools have been created in partnership with Focal Point and initial roll-out has begun with training sessions on October 2011 for the performance tools for principals and November 2011 for teacher evaluation.

Eleven schools in the District will pilot the teacher evaluation system during the 2012-2013 school year. The teacher evaluation will be expanded to all schools during the 2013-2014 school year. The new administrator evaluation systems for principals and District staff will be used to evaluate all principals and District office administrators in the 2012-2013 school year.

### *Evaluation of Special Education and English Language Learning Programs*

More than one fourth of students enrolled in Paterson schools are being served in either a special education or English Language Program. Unfortunately, the students in these programs represent the two lowest performing subgroups in the school District.

To significantly improve academic outcomes for these students, the District has contracted with Montclair State University to conduct a comprehensive evaluation of the special education program. The University of Pittsburgh has been contracted to evaluate the English Language Learner Program. Both contractors will make recommendations for program improvements to significantly improve the quality of teaching and other services intended to bring about dramatic increases in students academic outcomes.

### *Priority II: Safe, Caring and Orderly Schools Paterson Effective Schools' Model*

The Paterson Effective Schools' Initiative includes ten dimensions of school effectiveness designed to fundamentally change the culture and climate of schools as well as the District's central offices. Grounded in The Seven Correlates of Highly Effective Schools (Larry Lezotte) as well as research and practice on professional development and school culture, Paterson's initiative is patterned after similar models successfully implemented in the Hillsborough County Schools in Tampa, Florida and the Providence Public Schools, Providence, Rhode Island.

Each of the model's dimensions includes indicators that define effective practice and specific observable practices that must be implemented in each school. These dimensions, indicators, and practices will also:

1. Provide a blueprint or roadmap for creating and maintaining effective schools.
2. Serve as a curriculum for continuous professional development for school and District administrators and teachers.
3. Provides a tool for gathering consistent information to determine a school's strengths and areas in need of improvement in the context of effective schools research and practice.
4. Provides uniform expectations and practices for all schools.
5. Serve as the basis for assessing the effectiveness of individual schools.
6. Provides a common set of "Correlates" or "Dimensions" through which Comparability of Education Quality can be assessed and assured – a lens through which all schools can be viewed.

### ***Priority III: Family and Community Engagement Expansion of Full Service Community Schools***

A Full Service Community School is a school in which service agencies and schools co-locate and partner to meet a wide range of students' social, emotional, and academic needs, using the school building as a hub. Through these partnerships, students and families benefit from the services such as a mental health counseling, bilingual family caseworkers, after-school academic enrichment and remediation, a health center, dental care, recreation, and nutrition counseling.

The mission of Paterson Public Schools Service Community School is to ensure that 100% of Paterson Public Schools' students graduate high school prepared for college and career ready. The District opened two full service community schools in 2011-12 year, bringing the total to three (3) full service schools: School #5, New Roberto Clemente, and Dr. Frank Napier Academy. Each school location is opened expanded hours and provide a wide array of academic, health, social, recreation, parent education, adult ESL and other services to their respective communities.

In the 2011-12 school year 943 parents have been serviced by Adult and Family Services and other partnering agencies and 1605 students have received academic support services, social services, fine arts, recreation, and health services before, during, and after school. The program is currently supported by a three-year \$2.4 million federal grant.

#### ***Paterson Parent University Statistics***

Parent University is a Family & Community Engagement district-wide parent education program that offers a variety of parental support capacity building opportunities for parents. The total increase in participation was up in excess of 14%. Additionally, attendance for Paterson's annual district-wide Parent Conference increased from 200 participants in 2009 to approximately 1700 participants in 2011.

#### ***External Communications - New District Website***

In its efforts to improve internal and external communications with key stakeholders, Paterson Public School District launched a new and improved web site in April 2012. The new site is customer-centric, and reflects best practices in web design and navigation. Changes to the District site include:

- Better navigation through the use of dropdown menus
- Easy-to-view listing of upcoming District events
- User-friendly organization of District information including District reports and department contacts
- Improved language translation capabilities from page to page
- Enhanced "Contact Us" page
- Ability to join the District's e-mail list to receive District Hilites (biweekly newsletter) and other District announcements

#### ***Priority IV: Efficient and Responsive Operations Leadership, Management, & Assessment Support***

Consultants Dr. Michael Osnato, Dr. Daniel Gutmore, and Dr. Marbella Barrera, are proving phenomenal assistance with capacity building among District and school administrators. Drs. Osnato and Gutmore are advising the Superintendent in planning and decision-making in critical academic and non-academic areas and initiatives. Both are also mentoring and guiding the Deputy Superintendent, Assistant Superintendents, and Chiefs. Dr. Barrera is providing extremely valuable assistance to principals, teams of teachers, and to District staff including the assessment staff and the Deputy Superintendent in the disaggregation and interpretation of student assessment data. Faculty at Seton Hall University is also supporting school improvement efforts at the two schools that were awarded School Improvement Grants (SIG) from Race to the Top competition. A consultant and a liaison assigned to the District by the Department of Education also advise and guide the District finance division.

#### ***The American Productivity Quality Center (APQC)***

The American Productivity Quality Center (APQC) has been focused on providing organizations around the world with the information they need to work smarter, faster, and with confidence. Every day they uncover the processes and practices that push organizations from good to great. As one of the world's leading proponents of process and performance improvement, APQC's mission is to help organizations around the world improve productivity and quality by:

- Discovering effective methods of improvement,
- Broadly disseminating findings, and
- Connecting individuals with one another and with the knowledge they need to improve

APQC's education work in Paterson Public Schools involves a focused, highly-facilitated process re-design services for the Paterson School District division and department heads who are tasked with the creation of a transformational support system for schools. The aim is to revise or create essential processes and procedures that improve efficiency, effectiveness and are user and customer friendly. Early phases of this work are focusing on the following:

- Introduction of Process and Performance Management and how it has been used to dramatically improve support for failing schools
- Introduction of a powerful methodology for continuous improvement
- Mapping of current state for high level processes; instructional and operational
- Identification and prioritization of current processes that could benefit from Process Improvement and Process Redesign; instructional and operational
- Review current strategic plan and measurement systems for alignment with new process designs
- Cost/Benefit Analysis measurement using Process and Performance Management – how to measure and maximize return
- Identification of current obstacles that impede a laser-like focus on enabling high-quality instruction in the classroom
- Identify and outline change management activities to prepare the organization for the process design/ redesign activities

Teams have been formed and processes are currently being addressed including: Curriculum, Student Assessment, Hiring, Employee Benefits, Payroll, Budget, Staffing, School Choice, Student Registration and Facilities Work Order.

### ***System-wide Framework for Transformation 2012-2013***

A bold system-wide framework for transformation has been developed to continue improving the overall performance of Paterson Public Schools. This framework focuses on three (3) key areas:

1. School-based Transformation,
2. Effective Academic Programs, and
3. Staffing Changes and Reductions.

#### ***School-Based Transformation***

1. Close and/or reconfigure the District's lowest performing schools, targeting six (6) elementary schools and two (2) high school academies over the next two years. These strategically selected schools will undergo specific changes including: administration and/or teaching staff, grade reconfiguration, curriculum, or closure based upon the educational program and facility needs of the District. The newly configured schools will have an increased focus on family and community engagement. Paterson Public Schools (PPS) is committed to achieving at least 10% gains per year based on the in 2012 NJ ASK and HSPA scores in all reconfigured schools.
2. Create more high-performing District magnet schools to support accelerated learning opportunities for academic achievers. PPS will open the Paterson Academy for the Gifted & Talented for high performing students in grades 4-8 by September 2012. PPS will also begin the process to open a magnet International Baccalaureate (IB) Middle School linked to Paterson's International High School by September 2014. Additionally, PPS will reinstate the Academy for Performing Arts for grades 5-8 linked to Rosa L. Parks School of Fine and Performing Arts. Magnet schools will be co-located at under enrolled school facilities.
3. Continue to partner with charters to support reforms, share services and collaborate on innovative practices within the District.

#### ***Effective Academic Programs***

4. Expand early childhood opportunities and strengthen K-4 program to focus on literacy. Early childhood classrooms will be developed or expanded at schools located in neighborhoods that are currently underserved for pre-school (see chart). The expansion of district-run early childhood programs will allow Paterson Public Schools to discontinue costly contracts with underperforming pre-school providers and align the Pre-K curriculum with that of K-4 Common Core standards. PPS will also implement a comprehensive early childhood literacy campaign in all District schools from

Kindergarten through 4th grade. PPS will increase the number of district-run early childhood seats by 150 in 2 years and will have every student reading on grade level by the 3rd grade.

5. Strengthen programs for Limited English Proficient (LEP) and Special Education (SPED) students. Paterson Public Schools will develop a “newcomers” program that will promote rapid language acquisition and foundational literacy skills for LEP students in order to successfully transition into mainstream District classrooms. Additionally, recommendations from Montclair State University’s study on PPS’s special education program will be implemented to improve SPED performance. SPED students will be reassigned to their home schools to increase “time on task”. PPS will pilot the Newcomers’ Learning Center at School 11 to serve approximately 300 Spanish-speaking LEP students by September 2012. PPS will also transition 160 SPED students back to their home schools.
6. Expand effective academic interventions such as the Innovation Zone, to all priority and focus schools. The Innovation Zone was designed to accelerate student achievement by creating an aligned instructional system, building capacity among teachers and principals through intensive professional development, creating a strong district-level support system, and involving parents and community partners. Each priority and focus school will employ the essential components of the Innovation Zone, which includes: managed instruction “theory of action”; set academic targets; test scores analysis; and established academic and non-academic performance targets for district-identified indicators of success.
7. End Social Promotion by enforcing the District’s policy on retention and providing mandatory summer intervention to students who failed to meet performance targets in 2012, complemented by intensive and integrated extended learning opportunities during the course of the school year.

### ***Staffing Changes and Reductions***

8. Reduce, replace and reconfigure District’s Central Administration to assist with the re-design, implementation and sustainability of processes that will provide a transformational support system for all schools and academic programs. PPS will continue to work with American Productivity Quality Consortia (APQC) to identify key processes that impede organizational change and will implement management shifts to prepare the organization for the process design/redesign activities. PPS will aim to reduce District office staff by 25% over the next 2 years.
9. Improve principal autonomy and remove ineffective teachers from school settings using an aggressive performance evaluation system linked to student achievement. PPS will enhance principal autonomy by implementing a “no forced placement” policy, removing “excess educators” from the classroom due to poor performance. Excess educators will receive enhanced professional development, will be reassigned to support District initiatives, and will be evaluated over the course of a year to determine if they are fit to return to the classroom. PPS will continue to work with University of Pittsburgh’s

Institute for Learning (IFL) and Focal Point education consulting group to enhance teacher and principal capacity. Also, PPS will expand the Effective Schools Leadership Program in partnership with Seton Hall University to train more principals and vice principals on effective teacher recruitment and hiring methods, school building budgeting, and managing positive school environments.

10. Implement new Teacher and Administrator Evaluation Systems that tie teacher and administrator performance to student achievement and academic results. This reform element will make the teacher evaluation process more rigorous and accurate and will differentiate teacher effectiveness by enabling the District and school leaders to use evaluation information to make better decisions related to tenure, assignments, and non-renewals.

## **SCHOLASTIC IMPROVEMENT**

The initiatives of the District resulted in positive student gains on New Jersey's standardized test: NJASK which is administered to students in grades 3 through 8; and HSPA which is administered to students in the eleventh grade.

The results from the 2012 State assessment are reflected below in comparison with the results from the 2011 State assessment.

2012 NJASK Grades 3-8 Cycle I Result			
Grade	2011 Language Arts Literacy % Proficient and Above	2012 Language Arts Literacy % Proficient and Above	+/-

### **INTERNAL ACCOUNTING CONTROLS**

Management of the District is responsible for establishing and maintaining a system of internal controls designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The system of internal controls is designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and that the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal awards and state financial assistance, the District also is responsible for ensuring that an adequate system of internal controls is in place to ensure compliance with applicable laws and regulations related to those programs. This system of internal controls is also subject to periodic evaluation by District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the system of internal controls, including that portion related to federal awards and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

Internal Audit Units were established with the creation of State-Operated School Districts. These Internal Audit Units are tasked with promoting independence and enable auditors to maintain objectivity. The Internal Audit Unit in the Paterson Public Schools is under the supervision of the Director of State-Operated School Districts and serves as an on-site representative of the Commissioner of Education. The internal auditors have salary and

employee benefits paid by the Paterson Public Schools. Paterson Public Schools reimbursed these employee expenses by the State of New Jersey.

The Internal Audit Units provide independent and objective assessment of the financial operations of the State-Operated Districts. They are responsible for providing the Commissioner of Education and the State District Superintendents with information about the adequacy and effectiveness of the District's internal controls and financial activities by performing financial, operational, and compliance audits. These audits include recommendations to improve systems, procedures, and other internal controls designed to safeguard District resources, promote efficient use of resources and ensure compliance with government laws and regulations. Auditors allocate resources to the areas of greatest risk to ensure adequate audit coverage. Auditors are to be objective in reporting and maintain independence from the District's daily operation.

Internal Auditors assist in monitoring the District's business functions by providing informal consultative services to the Business Administrator and other management personnel. Consultative services are designed to inform management of actual or potential weakness in their financial operations and provide recommendations for corrective actions.

Audit reports are approved by the Director prior to issuance. These reports are intended to provide the Commissioner and State District Superintendent with adequate information to make an objective assessment of the District's financial and compliance status.

### **BUDGETARY CONTROLS**

Paterson Public Schools' 2011-12 budget was prepared consistent with the District's revised Fiscal Policy 6220 addressing budget preparation, with primary consideration given to educational priorities identified through the District's *"Bright Futures: The Strategic Plan for Paterson Public Schools 2009-14."* The 2011-12 development was also consistent with the New Jersey Department of Education *Budget Guidelines 2011-12 Budget Statement*.

The District engaged the services of APQC during the 2011-12 school year. The results of this interaction were:

- Recognition and agreement that planning and program needs drive the budget development process.
- Avoidance of late budget submissions
- Involvement of budget submitter as budgets and plans have be to modifies, changed and/or reduced or eliminated.
- Up front and open communication are required actions.
- Inclusion of key support components (Technology, Facilities, Human Resources and Security) at the beginning of program and budget development to assure complete budget submissions.
- Development of budget calendar that recognizes setting of budget priorities as the initial budget development activity leading to timely reviews, analysis and approvals.

The District continues to strive for improved budgetary controls in addition to standard internal accounting controls. Financial management software alerts the Purchasing Department of

anticipated expenditures in accounts, to better monitor school and departmental budgets. In addition, the District conducts periodic reviews of expenditures and revenues in order to better predict financial position at the end of each year. All budget managers can access financial reports on those accounts for which they are responsible from their individual locations. The District also maintains a Position Control System, which provides budgetary control on all contractual personnel positions within the institution.

The Paterson Public Schools invested in Weidenhammer's ALIO web-based integrated library of Financial Management, Payroll, and Human Resource software applications, replacing Edumet software currently used for the same applications.

The ALIO suite of products includes fund accounting, encumbrance accounting, general ledger, purchasing, accounts payable, accounts receivable, budgeting, finance, payroll, human resources, position control, salary administration and complete reporting. It is deployed on an Oracle database and runs on Windows servers.

ALIO's Financial Management System and Human Resources System automate District financial, payroll and personnel needs, providing online inquiries and comprehensive reports. They are designed with accounting procedures and auditing controls so that administrators can easily budget, monitor and control their school's finances. Information is electronically transferred to the general ledger, minimizing data entry requirements.

Specific attributes of purchased modules are:

1. Alio Financial Accounting System (FAS):
  - General Ledger/Purchasing/Accounts Payable
  - Budget Preparation/Accounts Reconciliation/Bank Reconciliation
  - Fixed Assets/Advanced Purchasing Bidding Warehouse
2. Alio Human Resources System (HRS):
  - Human Resources System/Payroll
  - Salary Administration/Position Control
  - Applicant Tracking Portal
  - Employee Inquiry and Self Service Portals
3. Alio SUBSystems:
  - Time Clock Interface
  - Subcaller Interface
4. Alio Content/Serve Document Storage System
5. New Jersey State Reports

The District employed the services of a project manager to assist in the installation of the ALIO applications with the Financial Accounting System anticipated to be operational in July 1, 2013 and the Payroll and Human Resources System becoming operational on January 1, 2014.

The District is investigating the use of ALIO as a web-based link that will connect student information systems, management information systems, state required reporting, and principal and teacher evaluation systems.

The objective of all of these budgetary controls is to ensure compliance with the statutory requirements of school District budgets. Annual appropriated budgets are adopted for general and special revenue funds. The Paterson Capital Projects' Board has approved proposals for capital projects for improvements included in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reserved fund balance at June 30, 2012.

During the 2011-12 fiscal year, Paterson continued its efforts to improve its audit status and operational processes and procedures, correcting deficiencies identified in previous audits and reviews. The independent certified public accounting firm of Lerch, Vinci & Higgins has been engaged as the external auditor. Throughout 2011-12 the District has been working diligently to continue the audit progress, concentrating specifically on reducing the number of repeat audit findings and on maintaining general compliance with sound fiscal practices. The District is particularly pleased with the positive performance of the Food Services Department in terms of operational performance and compliance.

### **ACCOUNTING SYSTEM AND REPORTS**

Effective July 1, 1993 the Division of Finance, Department of Education of the State of New Jersey, required all school Districts to change its accounting method from a comprehensive basis of accounting other than generally accepted accounting principles to an accounting and reporting system in accordance with accounting principles generally accepted in the United States of America (GAAP). The District's accounting records reflect New Jersey State Statute (N.J.S.A.18:4-14) that requires a uniform system of double-entry bookkeeping consistent with the GAAP established by GASB for use in all school districts.

The accounting system is organized on the basis of funds in accordance with the Uniform Minimum Chart of Accounts (Handbook 2R2) for New Jersey Public Schools. These funds are explained in Note 1 of the notes to the financial statements.

### **DEBT ADMINISTRATION**

As a state-operated school district, the District is classified as a Type I District. This requires debt to be issued and administered by the City of Paterson, which is independent and autonomous of the District. The District has minimal Type II Debt from its brief history with an elected Board of Education; therefore, debt attributable to the schools is registered with the City of Paterson, New Jersey. The only exception is a "Commissioner's Approved Lease Purchase" issue which is treated as a type of debt service in accordance with Comprehensive Education Improvement and Funding Act of 1996 (CEIFA) which governs state aid and funding.

## **CASH MANAGEMENT**

The investment policy of the District is guided in large part by State Statute as detailed in the notes to the financial statements. The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds, which are secured in accordance with the Act. The District participates in the New Jersey Cash Management Fund.

## **RISK MANAGEMENT**

The District carries various forms of insurance, including but not limited to, general liability and comprehensive collision, hazard and theft insurance on property and contents and fidelity bonds.

The Paterson Public Schools was impacted by two (2) major catastrophic incidents that affected normal school operations in the 2011-12 school year. These events had the adverse effects:

- Shut down school/s
- Declaration of Federal Disaster and State of Emergency
- Student reassignments
- Staff reassignments
- Revised scheduling
- Family dislocations/ relocations
- Use of rented/ temporary and substandard facilities
- Pupil transportation expense
- Diversion of labor/ material/ and service resources to address emergent situations
- Risk management: FEMA and insurance contracts
- Student attendance and its impact on Average Daily Attendance (ADA) with State aid implications

1. Hurricane Irene (August 28, 2011)—School #4 is the only District facility located within a designated flood area. The building experienced substantial flooding when the Passaic River breached its banks. The schools' first floor took on approximately 3 to 4 feet of water. In addition, the boiler room and electrical panels that were situated in a basement area were completely destroyed. Because of this catastrophic damage the facility was rendered completely unusable, and was projected to be unusable for an extended time. Consequently, the District entered into a lease agreement with the Archdiocese of Paterson for a former school building: St. Mary's. The displaced students were transferred, in part, to St. Mary's and, in part, to already leased but unused classroom space at 137 Ellison Street.

The repair and remediation process went on for a twelve month period, and included certain damage mitigation construction, including repositioning the boiler and electrical panels such that each was placed in an elevated position relative to the basement floor so that each would be in a protected position in the event of any future flooding.

The designation of School # 4 locale as a flood zone increases the deductible in our property coverage from \$50,000 to \$500,000. To protect against that gap, we have a National Flood Policy with a deductible of \$50,000, which is consistent with the deductible on all other properties. Therefore, the District recovered approximately \$800,000 from the National Flood carrier, and will recover the remaining approximately \$1.5 million from our property carrier. The \$50k deductible was recovered from FEMA.

2. Fire at School #28— On or about February 28, 2012, School #28 sustained smoke and fire damage from a fire that began in a home economics room. The District immediately engaged a restoration firm to clean and repair, where necessary. The cost of which approximated \$150,000 with a recovery from the District's property carrier in the amount of approximately \$100,000. School # 28 reopened on Thursday, March 1, 2012.

### **INDEPENDENT AUDIT**

State Statues require an annual audit by Independent Certified Public Accountants or registered Municipal Accountants. The accounting firm of Lerch Vinci & Higgins, LLP, was reappointed by the State District Superintendent to complete the 2011-12 fiscal audit. In addition to meeting the requirements set forth in State Statues, the audit was also designed to meet the requirements of the Single Audit Act Amendments of 1996 and the U.S. Office of Management and Budget Circular A-133 "Audit of State and Local Governments and Non-Profit Organizations" and New Jersey OMB Circular 04-04 "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid." The auditor's report on the basic financial statements is included in the financial section of this report. The auditor's report related specifically to the single audit is included in the single audit section of this report.

### **IMPROVEMENTS TO FACILITIES**

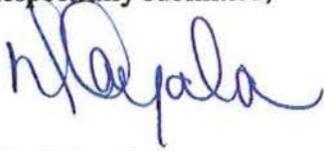

The District's 5-Year Long-Range Facility Plan (LRFP) was presented to the Department of Education in 2005 for approval. Construction was started and then stopped on the Marshall Hazel Street School due to the state's fiscal problems. Both the new International High School and the renovated PS24 were occupied during 2008-09; certificates of occupancy are still pending.

### **SECTION 4: ACKNOWLEDGEMENTS**

A note of appreciation is extended to State District Superintendent Dr. Donnie W. Evans and the District administrators for their cooperation as the District strives to improve audits through enhanced processes and procedures, to the Fiscal Committee of the District's Advisory Board of Education for their ongoing support and commitment to fiscal integrity and to the Paterson Board of Education for its selfless dedication to improving student achievement in Paterson Public Schools.

A special note of appreciation is extended to the Department of Business Services and to all of the business operations staff members for their untiring efforts to improve processes, procedures and audit outcomes. Their contributions in support of the students and staff of the Paterson School District are truly noteworthy.

Respectfully submitted,

## INDEPENDENT AUDITOR'S REPORT

Honorable President and Members  
of the Board of Trustees  
Paterson Public Schools  
Paterson, New Jersey

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Paterson Public Schools as of and for the fiscal year ended June 30, 2012, which collectively comprise the Paterson Public Schools' basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Paterson Public Schools' management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in the Government Auditing Standards, issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Paterson Public Schools' internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Paterson Public Schools as of June 30, 2012, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated November 20, 2012 on our consideration of the Paterson Public Schools' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

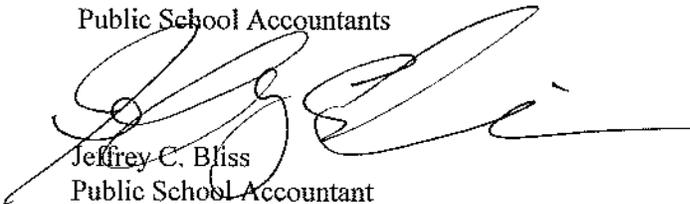

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Paterson Public Schools' basic financial statements as a whole. The introductory section, combining fund financial statements, financial schedules and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations" and New Jersey OMB's Circular 04-04, "Single-Audit Policy for Recipients of Federal Grants, State Grants and State Aid", and are also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The combining fund financial statements and schedules of expenditures of federal awards and state financial assistance have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial statements and schedules of expenditures of federal awards and state financial assistance are fairly stated in all material respects in relation to the basic financial statements as a whole. The introductory section, financial schedules and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

# Paterson Public Schools Passaic, New Jersey

## Management's Discussion and Analysis Year Ended June 30, 2012

This section of Paterson Public Schools' Comprehensive Annual Financial Report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2012. Please read it in conjunction with the transmittal letter from the District's Administration found at the front of this report and the District's basic financial statements, which immediately follow this section.

This Management's Discussion and Analysis (MD&A) is intended as a report on the overall status of the school district's financial health. The administration is happy to report that the financial status of the Paterson Public Schools at June 30, 2012 was **good**.

### FINANCIAL HIGHLIGHTS

The Financial Highlights section of the MD&A reflects (1) significant improvements concerning 2011-12 operations, (2) key financial information, as well as (3) pointing out areas of challenge and opportunity.

#### Significant Improvement

Significant areas of improvement, indicating a healthy financial condition for the 2011-12 fiscal year, are listed herein:

- Total Net Assets of the District increased by \$21,275,991 (7.6%) from June 30, 2011 through June 30, 2012. Net assets of the Governmental Activities increased by 22,070,468 (8.0%) from June 30, 2011 through June 30, 2012.
- At June 30, 2012, the District's governmental funds reported a combined fund balance of \$26,581,831, an increase of \$28,219,461 when compared to the previous year's ending fund deficit of \$1,637,630 as adjusted at June 30, 2011.
- 
- The General Fund ended the 2011-12 fiscal year with an unappropriated budgetary fund balance of \$19,368,958. Of this \$10,239,761 must be used for taxpayer relief in the 2013-14 budget year and is considered excess surplus at June 30, 2012.
- The District contributed \$1,999,000 to the Capital Reserve in 2011-12.
- The District contributed \$12,490,858 to the Maintenance Reserve in 2011-12.
- The District established a Tuition Reserve in the amount of \$ \$4,000,000 at June 30, 2012.

Paterson, New Jersey

Management's Discussion and Analysis (continued)  
Year Ended June 30, 2012

**Key Financial Information**

- The assets of the Paterson Public Schools exceeded its liabilities at the close of the fiscal year by \$302,814,000 (net assets).
- Net assets increased \$22,854,722, which represents an increase of eight (8) percent from the 2011 net assets, as adjusted.
- Overall general revenues of \$417,140,116 accounted for 71 percent of all revenues and overall program revenues of \$173,413,975 accounted for 29 percent of total revenues of \$590,554,091.
- The School District had \$567,699,369 in overall expenses of which \$173,413,975 were offset by program specific charges for services, grants or contributions. General revenues of \$417,140,116 helped offset these expenses.
- The School District had \$553,843,468 in expenses for governmental activities; only \$160,352,551 of these expenses was offset by program specific charges, grants or contributions. General revenues (predominantly unrestricted state aid and property taxes) of \$417,140,116 were adequate to provide for these programs.
- The General Fund unassigned fund deficit at June 30, 2012 was \$32,730,590, an increase in the deficit of \$3,280,327 when compared with the ending fund deficit of \$29,450,263 at June 30, 2011.
- The General Fund unassigned budgetary fund balance at June 30, 2012 was \$9,129,197, which represents a decrease of \$1,478,837 when compared to the ending unassigned budgetary fund balance of \$10,608,034 at June 30, 2011.
- The District appropriated \$19,939,022 of fund balance to support the District's 2012-13 general fund budget.
- The District appropriated \$7,000,000 of Maintenance Reserves to support the District's 2012-13 general fund budget.
- The District received \$27,853,639 in additional state aid for the general fund as part of the 2011-12 Appropriations Act. This additional state aid will be a permanent part of state aid base.
- The District received \$13,299,319 in federal Education Jobs Funds. This is one time funding that expired on September 30, 2012.

Management's Discussion and Analysis (continued)  
Year Ended June 30, 2012

- The District has \$10,239,761 designated as excess fund balance. This is the amount over the maximum 2% maximum fund balance allowed by the New Jersey Administrative Code. These funds will be appropriated in the 2013-14 school year.
- The District has funded \$2,724,810 designed for the long-term Workers Compensation claims liability.
- The District has funded \$3,367,942 designated for Compensated Absences.

**Areas of Challenges and Opportunities**

- School Business Administrator Position—The District has been without a School Business Administrator since January 2012. The leadership for this position is deemed essential to providing direction to the fiscal and financial operations of the District. The employment contract for the new School Business Administrator was approved by the Passaic Executive County Superintendent on November 14, 2012.
- Fiscal Cliff—A Five Year Budget Projection Summary completed in April 2012 points to insufficient revenues to support the projected trajectory of expenditures in the 2014-15 school year and beyond. This “fiscal cliff” speaks to the need to increase revenues and decrease spending patterns. This presents a challenge and opportunities toward establishing sustainable programs, positions and services.
- 25% Reduction in District Office Staff—The State District Superintendent has targeted a 25% reduction in District office staff within the next two years as part of his “System-wide Framework for Transformation 2012-13.” This endeavor will require a determined and focused effort.
- Revenue Generation—The District’s Business Administrator’s Office needs to work closely and collaboratively with other District offices that have the potential to realize and/or secure revenues for the District; these revenue resources include: tuitions revenues and SEMI revenues. It will also require an examination of other available revenue resources.
- Average Daily Attendance—The 2012-13 state aid formula recognized average daily attendance the criteria for student weighting in the state school aid formula. This weighting scheme resulted in an estimated \$16 million of state aid not received. The District must develop and implement a program of increasing student attendance as a component of generating revenues to support educational programs.
- Standard Operating Procedures—The District needs to invest time and financial resources toward developing standard operating procedures that reflect operations in conformity with law and code.

Management's Discussion and Analysis (continued)  
Year Ended June 30, 2012

- Internal Controls—The District's operations need to be strengthened to institute methods and policies designed to prevent fraud, minimize errors, promote operating efficiency, and achieve compliance with established policies.
- Administrative Costs—Paterson Public Schools' administrative costs are significantly lower than the statewide averages, yet the District is capped in terms of growth potential. This CAP runs counter to the growing need for administrative services required to effectively implement growing state and federal requirements for assuring compliance with federal, state and Board of Education policies.
- Physical Facilities—The District is challenged to address both the capital and maintenance requirements necessary for its school plant. The lack of facilities negatively impacts the ability of the District to provide required educational facilities. There is a need to replace antiquated school buildings and renovate infrastructure. The establishment of Maintenance Reserves and Capital Reserves are intended to address these facilities needs.
- Budgetary Accounting and Human Resources Software Upgrade—The District has entered into contract to upgrade its budgetary accounting and human resources software. The Financial Accounting System is scheduled to be operation on July 1, 2013. The Human Resources/ Payroll System is scheduled to be operation on January 1, 2014.

## OVERVIEW OF THE FINANCIAL STATEMENTS

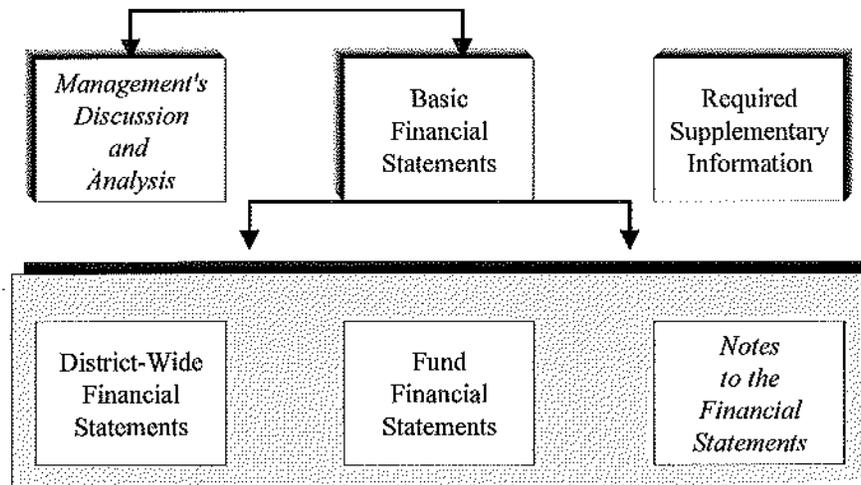

The financial section of the annual report consists of four parts: (1) Independent Auditors' Report, (2) required supplementary information which includes the management's discussion and analysis (this section), (3) the basic financial statements, and (4) supplemental information. The basic financial statements include two kinds of statements that present different views of the Paterson Public Schools.

- The first two statements are district-wide financial statements that provide both short-term and long-term information about the Paterson Public Schools' overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the Paterson Public Schools, reporting the Paterson Public Schools' operation in more detail than the district-wide statements.
- The *governmental funds* statements tell how basic services such as regular and special education were financed in the short term as well as what remains for future spending.

Management's Discussion and Analysis (continued)  
Year Ended June 30, 2012

- *Proprietary funds* statements offer short and long-term financial information about the activities the District operates like businesses.
- *Fiduciary funds* statements provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others to whom the resources belong.

Organization of Paterson Public Schools'  
Annual Financial Report

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The above chart shows how the various parts of this annual report are arranged and related to one another.

The following exhibit summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

### District-Wide Statements

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statements of net assets includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the District's net assets and how they have changed. Net assets – the difference between the District's assets and liabilities – is one way to measure the District's financial health or position.

Management's Discussion and Analysis (continued)  
Year Ended June 30, 2012

Over time, increases or decreases in the District's net assets are an indicator of whether its financial position is improving or deteriorating, respectively.

The reader needs to consider additional non-financial factors to assess the overall health of the District such as changes in the District's property tax base and its status as a former "Abbott" special needs District which impacts state funding and the condition of school buildings and other facilities.

In the district-wide financial statements, the District's activities are shown as:

- *Governmental activities*- Most of the District's basic services are included here, such as regular and special education, transportation, administration, and community education. Property taxes and state aids finance most of these activities.
- *Business-type activities*-The District charges fees to customers to help it cover the costs of certain services it provides. The District's Food Service Fund is included here.

### **Fund Financial Statements**

The fund financial statements provide more detailed information about the District's funds – focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by State law and by bond covenants.
- The District uses other funds established in accordance with the State of New Jersey Uniform Chart of Accounts, to control and manage money for particular purposes (e.g. repaying its long-term debts) or to show that it is properly using certain revenues (e.g. federal funds).

The District has three kinds of funds:

*Governmental funds* – Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, we provide additional information at the bottom of the governmental funds statements that explains the relationship (or differences) between them.

Paterson Public Schools  
Paterson, New Jersey

Management's Discussion and Analysis (continued)  
Year Ended June 30, 2012

*Proprietary funds* – Services for which the District charges a fee are generally reported in proprietary funds. The activities of the District's food service program are accounted for as enterprise funds. Proprietary funds are reported in the same way as in the district-wide statements.

*Fiduciary funds* – The District is the trustee, or fiduciary, for assets that belong to others, such as the Scholarship fund. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. All of the District's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. We exclude these activities from the district-wide financial statements because the District cannot use these assets to finance its operations.

### **Notes to the basic financial statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found following the basic financial statements.

### **Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the District's budget process. The District adopts an annual expenditure budget for the general, special revenue and debt service funds. A budgetary comparison statement has been provided for the general and special revenue funds as required supplementary information. The required supplementary information can be found following the notes to the basic financial statements.

Combining statements and schedules are presented immediately following the major budgetary comparisons.

## **FINANCIAL ANALYSIS OF THE DISTRICT**

The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and disposal of capital assets, and the depreciation of capital assets.

**Net assets.** The District's combined net assets for governmental activities and business-type activities were \$302,814,000 on June 30, 2012 and \$281,538,009 on June 30, 2011.

By far the largest portion of the District's net assets reflects its investment in capital assets (e.g., land and improvements, buildings and improvements, vehicles, furniture and equipment); less any related debt used to acquire those assets that are still outstanding. The District uses these capital assets to provide services to its students; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The following table presents the changes in net assets for the fiscal years ended June 30, 2012 and 2011 of \$22,854,722 and \$2,290,849, respectively.

**Changes in net assets.** The District's total revenues were \$590,554,091 and \$552,836,512 for the years ended June 30, 2012 and 2011, respectively. Property taxes in excess of \$39 million accounted for 7% of the total revenues for both of the years ended June 30, 2012 and 2011. State and Federal formula aid accounted for 63% and 64%, while operating grants and contributions were 29% and 28% of total revenues for the years ended June 30, 2012 and 2011. The remaining revenues for both years were obtained from capital grants and contributions, investment earnings and miscellaneous revenues.

The total cost of all programs and services was \$567,699,369 and \$550,545,663 for the years ended June 30, 2012 and 2011, respectively. The District's expenses are predominantly related to educating and caring for students. Instruction represented 64% and 66% of total expenses in fiscal years 2012 and 2011. The purely administrative activities of the District accounted for only 7% of total costs for both fiscal years 2012 and 2011.

### Governmental Activities

The following schedule presents the cost of each of the District's largest governmental activities programs as well as each program's net cost (total cost less fees generated by the activities and intergovernmental aid). The net cost shows the financial burden that was placed on the District's taxpayers by each of these functions.

- Net assets for governmental activities increased \$23,649,199 for the year ended June 30, 2012 and \$647,709 for the year ended June 30, 2011.
- The total revenue earned from all governmental activities was \$577,492,667 and \$540,557,812 for the years ended June 30, 2012 and 2011, respectively.

- The cost of all governmental activities was \$553,843,468 and \$539,910,103 for the years ended June 30, 2012 and 2011, respectively.
- After applying program revenues, derived from operating grants and contributions of \$155,690,480 and \$141,702,604, capital grants and contribution of \$4,550,018 and \$4,072,825, and charges for services of \$112,053 and \$21,078 for the years ended June 30, 2012 and 2011, respectively; the net cost of services of the District were \$393,490,917 and \$394,113,596 for the fiscal years ended June 30, 2012 and 2011, respectively.
- The amount that taxpayers paid for these activities through property taxes was only \$39,257,403 and \$39,461,378 for fiscal years 2012 and 2011, respectively. Unrestricted State and Federal aid provided \$374,606,357 and \$351,606,560 in fiscal years 2012 and 2011, respectively, to fund the District programs.

**FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS**

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Paterson Public Schools  
Paterson, New Jersey

Management's Discussion and Analysis (continued)  
Year Ended June 30, 2012

**Governmental Funds**

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

The financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed the year, its governmental funds reported a *combined* fund balance of \$26,581,831 for the year ended June 30, 2012 compared to a fund deficit of \$1,637,630 as adjusted for the year ended June 30, 2011, an increase of \$28,219,461 for the current year. This significant increase is primarily due to expenditures incurred for the year that were less than amounts originally anticipated in the 2011/2012 school year budget.

Revenues for the District's governmental funds were \$577,492,677 and \$541,235,338, while total expenditures were \$549,273,206 and \$534,038,131 for the fiscal years ended June 30, 2012 and 2011, respectively.

**GENERAL FUND**

The General Fund is the chief operating fund of the District and includes the primary operations in providing educational services to students from pre-kindergarten through grade 12 including pupil transportation activities and capital outlay projects.

The following schedule presents a comparison of General Fund Revenues.

	<u>June 30,</u>		<b>Amount of Increase (Decrease)</b>	<b>Percent Increase (Decrease)</b>
	<u>2012</u>	<u>2011</u>		
Local Sources:

<b>Total Revenues</b>	<u>\$ 489,536,054</u>	<u>\$ 444,574,265</u>	<u>\$ 44,961,789</u>	<u>10%</u>

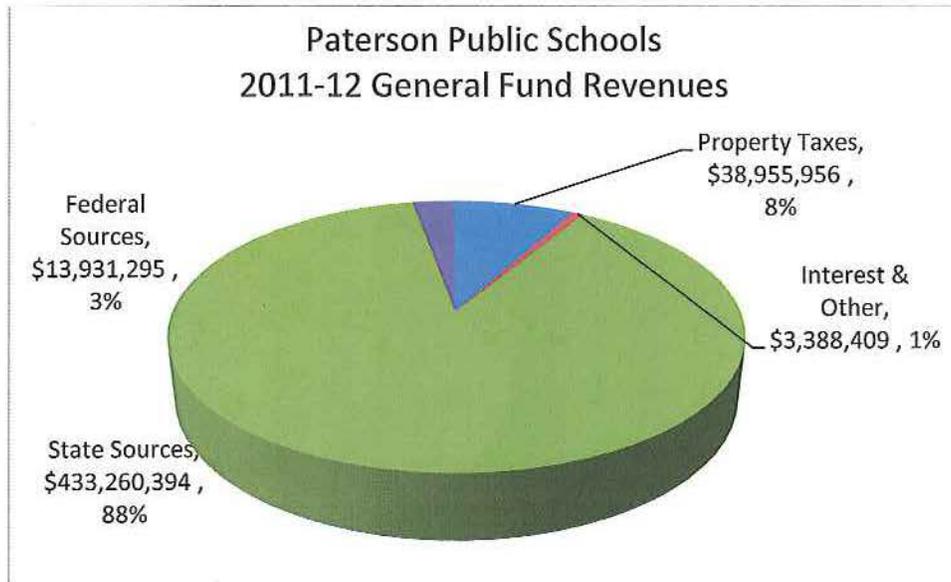

Total General Fund revenues increased by \$44,961,789 or 10% from the previous year. Local property taxes remained unchanged from the previous year. Overall state and federal aid increased \$45,965,351 or 11% primarily due to an increase in federal aid resulting from the one-

time allotment of Education Jobs Act funding in fiscal year 2012 as well as an increase in State formula aid awarded for 2011-12 school year.

The largest category of revenue was revenue was recorded from State sources \$433,260,394 (88%), followed by Property taxes \$38,955,956 (8%), Federal sources (3%) and interest and other local revenues of \$3,388,409 (1%).

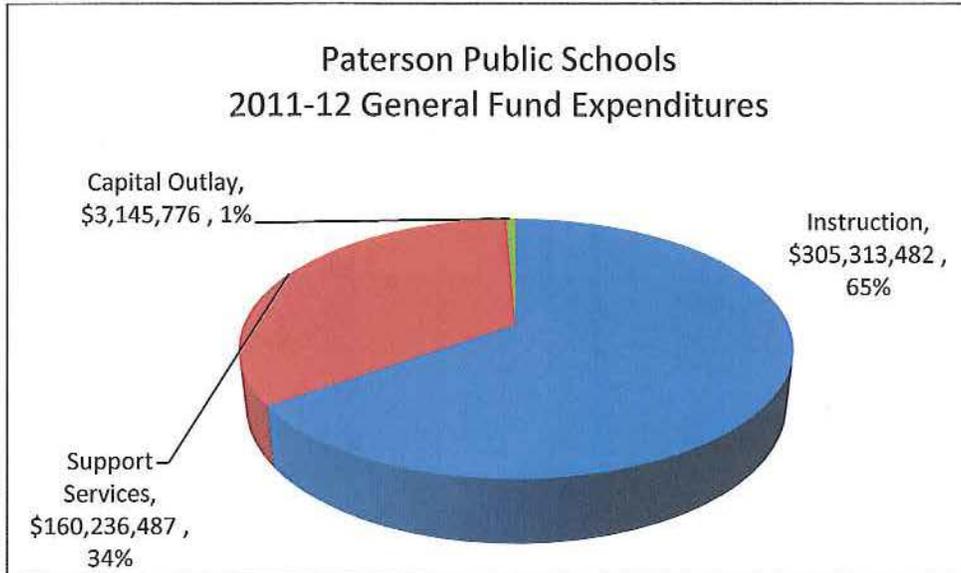

The following schedule presents a comparison of General Fund expenditures:

	June 30,		Amount of	Percent

<b>Total General Fund Expenditures</b>	<u>\$ 468,695,745</u>	<u>\$ 445,410,844</u>	<u>\$ 23,284,901</u>	<u>5%</u>

The general fund expenditures increased by \$23,284,901 or 5%. The District experienced increases in costs related to regular instruction (3%), support services (8%) and capital outlay (109%).

The largest category of expenditures were related to instruction \$305,313,482 (65%), followed by support services \$160,236,487 (34%) and capital outlay \$3,145,776 (1%).

Management's Discussion and Analysis (continued)  
Year Ended June 30, 2012

In fiscal year 2012, General Fund revenues exceeded expenditures by \$20,840,309. Additionally, certain State and Federal Grants funded the school based budgets. This transfer of approximately \$7.6 million also contributed to an overall increase in fund balance. The total general fund balance increased by \$28,416,809 to a balance of \$26,482,192. After deducting restricted, committed and assigned fund balances, the unassigned fund deficit at June 30, 2012 was \$32,730,590, an increase in the deficit of \$3,280,327 when compared with the ending fund deficit of \$29,450,263 at June 30, 2011. Reserved excess surplus resulting from the 2011-2012 school year operations in the amount of \$10,239,761 was restricted at June 30, 2012.

### General Fund Budgetary Highlights

The District's budget is prepared according to New Jersey Department of Education guidelines, and is based on accounting for certain transactions on the budgetary basis of accounting for revenues, expenditures and encumbrances. The most significant difference between the budgetary basis of accounting and generally accepted accounting principles is the legally mandated revenue recognition of certain delayed or deferred state aid payments for budgetary purposes only. The most significant budgetary fund is the General Fund.

Over the course of the year, the District revised the annual operating budget several times through appropriation transfers between budget line items and re-appropriation of prior year encumbrances. Budget amendments were made to adjust budgets for specially funded appropriations and changes in State and Federal aid.

General Fund budgetary revenues and other financing sources exceeded budgetary expenditures and other financing uses increasing budgetary fund balance \$30,218,299 over the previous year. After deducting restricted, committed and assigned fund balances, the unassigned budgetary fund balance decreased \$1,478,837 from \$10,608,034 at June 30, 2011 to \$9,129,197 at June 30,

Management's Discussion and Analysis (continued)  
Year Ended June 30, 2012

2012. This unassigned balance reflects the maximum level allowable by the State Department of Education at year end. As a result, the District had excess surplus at June 30, 2012 from current year operations of \$10,239,761.

### **SPECIAL REVENUE FUND**

The Special Revenue Fund accounts for the proceeds of specific revenue sources which are legally restricted to expenditures for specified purposes. The revenues include federal funds, state funds, private donations and contributions.

Revenues in the District's Special Revenue Fund totaled \$82,540,225 for the year ended June 30, 2012. State sources accounted for \$49,307,696 or 60% of the total. Federal sources accounted for \$33,107,511 or 40% of the total. The remaining \$125,018 was received from local contributions and donations.

Revenues from State sources increased \$2,446,018 or 5% while federal sources decreased \$11,405,916 or 26%. Private and local sources decreased by \$24,831. The decrease in federal sources was mainly the result of revenue realized for grants awarded to the District as part of the American Recovery and Reinvestment Act (ARRA) during the previous (2010-2011) fiscal year which were no longer available to the District for the 2011-2012 fiscal year.

Expenditures of the Special Revenue Fund totaled \$74,907,113 for the year ended June 30, 2012. Expenditures for instruction (79%) and student and instruction related support services (20%) were \$74,183,763 or 99% of the total for the year ended June 30, 2012. Expenditures decreased \$8,577,342 or 10% from the prior year. As a result of the loss in Federal ARRA funds.

During the year, the Special Revenue Fund transferred \$7,633,112 to the General Fund to finance expenditures under the School Based Budget model.

At June 30, 2012 the Special Revenue Fund reported deferred revenue of \$5,904,454. This amount represents funds that were received during the 2011/12 school year but were not expended as of June 30, 2012. The District may utilize these funds in the subsequent year in accordance with the terms and provisions contained in their grant contracts and agreements.

### **CAPITAL PROJECTS FUND**

The Capital Projects Fund includes all revenue sources for major capital projects of the District.

The New Jersey School Development Authority (SDA) issued bonds to fund a major portion of the District's capital projects. A significant portion of the revenue and offsetting expenditures reported in the fund financial statements were the result of on-behalf transaction representing the capital dollars the SDA spent for school facility improvements on the District's behalf. For the year ended June 30, 2012, the amount recorded as State aid was \$3,630,513. Additionally, during the current year the Capital Projects Fund realized local revenues from a contribution

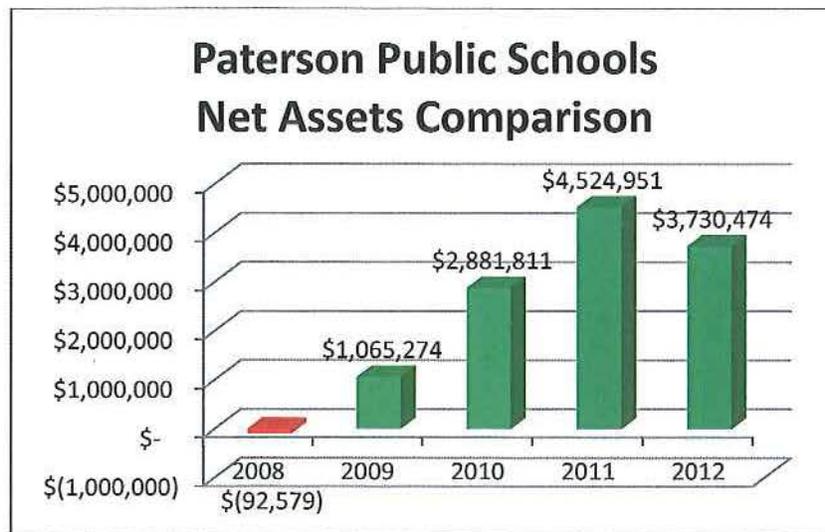

related to a project funded by the City of Paterson for improvements to Bauerle Field in the amount of \$687,000.

## PROPRIETARY FUNDS

The District maintains an Enterprise Fund to account for activities which are supported in part through user fees.

**Enterprise Fund** – The District uses the Enterprise Fund to report activities related to the Food Services program. The District's Enterprise Fund provides the same type of information found in the district-wide financial statements, business-type activities, but in more detail.

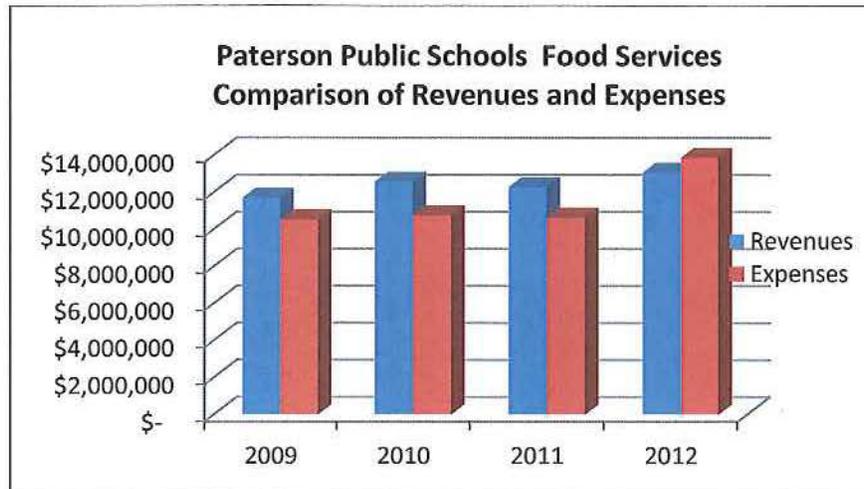

The Food Services financial operations have improved from a \$92,579 deficit in the 2007-08 school year to a \$3,730,474 at the conclusion of the 2011-12 school year. The overall change of \$1,798,842 is attributed to an increase in federal food subsidies. This increase is the result of a focused effort to increase the number of applications and feeding of children eligible free and reduced price meals. Noteworthy is the \$38,247 increase in revenues from the federally subsidized Fresh Fruit and Vegetable program initiated in 2011-12. The graph below reflects the comparison of net assets.

The revenues to support Paterson's food service operations have exceeded expenditures in the 2008-09, 2009-10, and 2010-11 school years to achieve the favorable net assets position. This comparison is presented in following graph.

## CAPITAL ASSETS

At June 30, 2012, the District had invested in excess of \$287 million in a broad range of capital assets, including school buildings, athletic facilities, computer and audio-visual equipment and various other machinery and equipment. Total depreciation expense for the year exceeded \$14 million. No depreciation is recorded on construction in progress until such facilities are placed into service.

Purchases of equipment and machinery and construction in progress for a number of schools being administered on the behalf of the District by the New Jersey Schools Development Authority were among the fixed asset additions for the year.

**Construction – Next Five Years**

Over the next five years major construction and renovation projects have been identified in the Long Range Facility Plan (LRFP) approved in 2007. The LRFP identifies the needs of school construction in Paterson. The Schools Development Authority (SDA) was established to provide and fund all major construction and improvement projects for the District. The SDA precludes the requirement for former Abbott school districts to issue bonds to fund the District's capital needs. The debt will be issued through the SDA and funded from the State of New Jersey budget. SDA is facing financial difficulties, so many of these projects will not see fruition in the near future.

The SDA has identified two Paterson school construction projects in its "2011 Project Portfolio Update."

Project	Grade Alignment	Capacity	Total Estimated Costs (millions)	Design Status	Advancement Status	Estimated Completion Date from Executive Director of Facilities
Marshall Street Elementary School	K-8	650	\$42.5	Existing Design	Site investigation ongoing	2016
PS 16	PK-8	651	\$61.7	Kit of Parts Candidate	Site investigation ongoing. Land acquisition and related activities ongoing. Design development.	2016

Management's Discussion and Analysis (continued)  
Year Ended June 30, 2012

The SDA has also identified one Paterson elementary school in its selection of 20 projects for advancement in 2012. The "Projects addressing high educational priority need that require further discussion the District" has not seen much movement in the 2011-12 school year.

The District leases educational space to provide for the housing of its eligible school population. There would be insufficient space to adequately house all eligible students if the children sent to charter schools, the Passaic County Technical Institute, choice schools and special education placements were to be returned to the District.

Complete information relating to this topic is available by reviewing the School District's Long Range Facilities Plan on file in the School Business Administrator's office, 90 Delaware Avenue, Paterson, NJ 07505, as approved by the New Jersey State Department of Education. The District has appropriated funds in 2012-13 to update the LRFPP.

**Long-Term Liabilities**

At year-end, the District has \$14,506,833 in long-term liabilities; the District had \$8,545,330 in outstanding certificates of participation (COPS), net of unamortized refunding items and \$5,961,503 in employee compensated absences payable. More detailed financial information about the District's long-term liabilities is presented in Notes to the Basic Financial Statements.

**FACTORS BEARING ON THE DISTRICT'S FUTURE**

While many factors influence the District's future, the availability of state aid, special education needs, capital improvements and the economy will have the most impact on educational and fiscal decisions in the future. The economic factors are measured against the programmatic improvements that are required to address the changing and increasing demands related to student achievement, technology-systems integration, and state and federal requirement for performance.

The specific factors bearing on the fiscal future of the Paterson Public Schools are tied to:

1. The economic health of the City of Paterson. The District receives 8% of its revenue to support the General Fund from municipal taxes. This is not a viable source to address the projected fiscal cliff and the overall programmatic and operational needs of the District.
2. The economic health of the State of New Jersey. A downturn in state revenues could adversely impact the state education aid that accounts for 88% of the District's revenue to support the General Fund.
3. School Funding Reform and Average Daily Attendance. The 2012-13 state aid formula was modified to reflect a weighting of student from a single enrollment date to average daily attendance. This change in the formula will require the District to take immediate actions to increase the average daily attendance.
4. Fiscal Cliff—Modification of programs and operations to adjust to tighter financial conditions.

#### **Economic Health of the City of Paterson**

The City of Paterson's fair share of school taxes has been identified as \$74 million; however, due to the City's ongoing economic distress, its actual contribution has been about half of that levy. Under the School Funding Reform Act of 2008, the District increased the City's contribution by the 4% allowed, raising the City levy to \$38.96 million. The District cannot count on a significant contribution from local taxes to support its instructional and operational financial needs.

Paterson Public Schools is classified as a District Factor Group (DFG) A. This classification denotes the lowest socio-economic level of the municipality compiled from community census data: income, poverty, unemployment, percent of population without high school diploma, percent of population with some college, occupations and population density. Increasing the municipal tax levy to support the public schools is not deemed a viable option to meeting the immediate and long term needs of the District.

#### **Economic Health of the State of New Jersey**

A downturn in state revenues could adversely impact state education aid that accounts for 88% of the District's revenue to support the General Fund. The uncertainties of state aid elevate the importance of securing the revenues from non-formula state aid sources.

The District will have to rethink the use of federal No Child Left Behind (NCLB) and Individuals with Disabilities Education Act (IDEA) funding in a manner that recognizes the supplementary nature of these funds to support general fund programs, positions and services. This is made more challenging because of the federal requirement to use 30% of Title I funding to support schools designated as "priority" and "focus." These designations have been assigned as follows:

Management's Discussion and Analysis (continued)  
Year Ended June 30, 2012

1. Priority School—A Priority School is a school that has been identified as among the lowest-performing five percent of Title I schools in the state over the past three years, or any non-Title I school that would otherwise have met the same criteria. There are 75 Priority Schools in New Jersey. Paterson has six (6) priority schools. The types of Priority Schools are—
  - Lowest-Performing: schools with the lowest school-wide proficiency rates in the state. Priority schools in this category have an overall three-year proficiency rate of 31.6% or lower.
  - SIG school: schools that are part of the School Improvement Grant (SIG) program
  
2. Focus School—A Focus School is a school that has room for improvement in areas that are specific to the school. As part of the process, Focus Schools will receive targeted and tailored solutions to meet the school's unique needs. There are 183 Focus schools in New Jersey. Paterson has nineteen (19) focus schools. The types of Focus schools are—
  - Low Graduation Rates: High schools with a 2011 graduation rate lower than 75%.
  - Largest Within-School Gaps: schools with the largest in-school proficiency gap between the highest-performing subgroup and the combined proficiency of the two lowest-performing subgroups. Schools in this category have a proficiency gap between these subgroups of 43.5 percentage points or higher.
  - Lowest Subgroup Performance: schools whose two lowest-performing subgroups rank among the lowest combined proficiency rates in the state. Schools in this category have an overall proficiency rate for these lowest-performing subgroups of 29.2% or lower.

### State Funding Reform and Average Daily Attendance (ADA)

The 2012-13 school aid funding was based upon the Education Funding Report dated February 23, 2012. The acceptance of this formula is before the New Jersey Legislature. Significant to this funding formula revision is determining school Districts pupil weighting using average daily attendance rather than the single count day count on the ASSA of October 15.

Paterson Public Schools has a three year average daily attendance of 92% that resulted in a decreased student weight for the revised school funding formula. Rather than Paterson Public Schools enrollments being weighted at 1.0, Paterson Public Schools students received a weight of 0.96. This revision resulted in a \$16.0 million reduction in state school aid for Paterson Public Schools.

It is the District's goal to increase student attendance by **96% in every school every day**. At the 96% ADA rate, it is anticipated the District will be able to achieve a weighting of 1.00 for each student enrolled will take three (3) years by the 2016-17 school year. The District will begin by establishing a 2012-13 ADA target of **96% in every school every day**. Positive

student attendance for 2012-13 and subsequent years will impact every year going forward with the anticipated target of each student having a weight of 1.00 for state aid purposes.

### **The Fiscal Cliff – Modification of Programs and Operations to Adjust to Tighter Financial Conditions**

The Paterson Public Schools has benefited from federal Education Jobs Funds (\$13,931,295) and additional state aid funds (\$27,853,639) in the 2011-12 school year. The Education Jobs Funds were one-time and cannot be depended upon to sustain the level of appropriations that exists within the District.

The District commissioned a financial projection to forecast the District's financial position for five years 2011-12, 2012-13, 2013-14, 2014-15 and 2015-16. That projection reflected the District would have financial resources, using all its legal reserves and fund balances, to sustain the current level of operations through 2013-14. The financial cliff would occur in 2014-15 when revenues would be insufficient to support the current level of expenditures.

The District is tasked to address the appropriate financial planning to assure a less traumatic downsizing that must occur during the 2012-13 and 2013-14 school years while addressing the educational objectives and requirements for the District.

The State District Superintendent has pledged to take these actions in the 2012-13 and 2013-14 school years to address the projected 2014-15 revenue shortfall.

1. The Superintendent has pledged to reduce central office staffing by 25% thru the 2012-13 and 2013-14 school years. This pledge must become part of the culture of the Paterson Public Schools.
2. The Superintendent has issued a staffing directive: To staff at 90% levels before hiring new staff, correlated to enrollment. There was no significant hiring in the summer of 2012-13. Hiring will be driven by actual student enrollment.
3. Personnel Transactions Committee—The District will institutionalize a committee consisting of HRS, Business Office and central office leadership to review all requests for creations, promotions, transfers and new hires. This Personnel Transaction committee will focus on staffing reductions through attrition, right-sizing, and down-sizing and sharing of talent. This process will permit the State District Superintendent the opportunity to adjust the organization in an orderly manner, reflective of collective bargaining agreements, tenure rights, and individual talents of personnel matched to new organizational objectives.
4. Attrition— The District is aware of the concern of the NJDOE in assuring smooth fiscal operations. The State District Superintendent is seeking the cooperation of the NJDOE as the District transitions to a smaller more efficient operation. The District seeks this transition through processes and procedures that largely hinged on attrition in the 2012-13 school year.
5. Initiate a freeze on new non-essential hiring.
6. Limit the use of consultants.

Management's Discussion and Analysis (continued)  
Year Ended June 30, 2012

7. Seek to enhance revenues—The most significant revenue enhancement is increasing the ADA that impacted the 2012-13 state aid revenue by as much as \$16,000,000.
8. Utilize special revenue funds to support District program initiatives as permitted by law.

Many of these factors were considered by the District's administration during the process of developing the fiscal year 2012-2013 budget. The primary factors were the District's projected student population, anticipated state and federal aid as well as increasing personnel costs of salary and related employee benefits costs.

These indicators were considered when adopting the budget for fiscal year 2012-2013. Budgeted expenditures in the General Fund decreased 2% to \$470,891,829 for fiscal year 2012-2013. Budgeted expenditures in the Special Revenue Fund decreased 10% to \$88,021,633 for fiscal year 2012-2013:

Total net change in fund balances - governmental funds (Exhibit B-2) \$ 28,219,461

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement and allocated over their estimated useful lives as annual depreciation expense. This is the amount by which depreciation exceeds capital outlay in the current period.

Capital Outlays	\$ 7,745,794	
Depreciation Expense	<u>(14,624,179)</u>	
		(6,878,385)

The issuance of long term debt provides current financial resources to governmental funds, while the repayment of the principal of long term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and other similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.

In the statement of activities certain expenses are measured by the amounts earned or accrued during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (paid):

**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**PATERSON PUBLIC SCHOOLS  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2012**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Reporting Entity**

The Paterson Public Schools (the "Board" or the "District") is an instrumentality of the State of New Jersey, established to function as an education institution. The Board consists of nine elected officials. On August 7, 1991, pursuant to the order of the Department of Education, State of New Jersey, the Paterson Board of Education was dissolved and a state-operated school district was created (N.J.S.A. 18A:7A-34). A State Superintendent of Schools was appointed to assume all powers and duties of the former Board of Education members. The state-appointed Superintendent is responsible for the fiscal and administrative control of the District. Under existing statutes, the State District Superintendent's duties and powers include, but are not limited to, the development and adoption of a school program; the establishment, organization and operation of schools; and the acquisition, maintenance and disposition of school property. Effective July 13, 1995, an elected Board of Trustees was restored with the ability to vote on certain school matters. On September 26, 2005, the New Jersey Quality Single Accountability Continuum (NJQSAC) was enacted which repealed the section of the statute that gave voting authority to the Board. As a result, the Board of Education operates in an advisory capacity only.

The State District Superintendent also has broad financial responsibilities, including the approval of the annual budget and the establishment of a system of accounting and budgetary controls.

The School Board operates as a State Operated School District in accordance with NJSA 18A:7A-34. Under this statute, school bonds, loans, etc. are authorized by the Capital Projects Control Board as proposed by the State District Superintendent. The School Board is also responsible for the certification to the State District Superintendent and Commissioner of Education of the necessity for the Capital Project. The debt issued under the above statutes is funded by the New Jersey Schools Development Authority and is included in the State of New Jersey Annual Budget. Prior to the State takeover, the District operated as a Type I district (NJSA 18A:24-11) whereby the governing body of the City of Paterson ("City") authorized and issued school bonds.

The reporting entity is composed of the primary government, component units, and other organizations that are included to ensure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the Paterson Public Schools this includes general operations, food service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Based on the foregoing criteria, the District has no component units. Furthermore, the District is not includable in any other reporting entity as a component unit.

**B. Basic Financial Statements**

The basic financial statements include both district-wide financial statements (based on the District as a whole) and fund financial statements (based on specific District activities or objectives). Both the district-wide and fund financial statements categorize activities as either governmental activities or business-type activities. While separate district-wide and fund financial statements are presented, they are interrelated. In the district-wide financial statements, the governmental activities column incorporates data from governmental funds, while business-type activities incorporate data from the District's enterprise funds.

**PATERSON PUBLIC SCHOOLS  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2012**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**B. Basic Financial Statements (Continued)**

The district-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the Board of Education. All fiduciary activities are reported only in the fund financial statements. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by property taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. In the statement of net assets, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, and (b) reflect on a full accrual economic resource basis, which incorporates long-term assets and receivables as well as long-term debt and obligations.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or other governmental entities, including other school districts, who purchase, use, or directly benefit from goods or services provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Property taxes, unrestricted state aid, federal and state grants for school-based budgeting and other items not properly included among program revenues are reported instead as general revenues.

Separate fund financial statements are provided for governmental, proprietary, and fiduciary activities, even though the latter are excluded from the district-wide financial statements. The emphasis of fund financial statements is on major individual governmental and enterprise funds, each reported as separate columns in the fund financial statements. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. The District considers all of its governmental and enterprise funds to be major funds.

**C. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The district-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements with the exception of the agency fund which does not have a measurement focus. All assets and all liabilities associated with these operations (with the exception of the fiduciary funds) are included on the Statement of Net Assets. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when susceptible to accrual (i.e. when they are both measurable and available). Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days after year-end. Expenditures are recorded when a liability is incurred, as under accrual basis of accounting, with the exception of debt service expenditures as well as expenditures related to compensated absences and claims and judgments which are recorded only when payment is due.

**PATERSON PUBLIC SCHOOLS  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2012**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)**

Property taxes, tuition, unrestricted state aid, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements (formula-type grants and aid) are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source. Expenditure-driven grants and similar awards (reimbursement-type grants and awards) are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements imposed by the grantor or provider have been met, and the amount is received during the period or within the availability period for this revenue source. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

The *general fund* is the School District's primary operating fund. It accounts for all financial resources of the District, except those to be accounted for in another fund.

The *special revenue fund* accounts for the proceeds of specific revenue sources legally restricted to expenditures for specified purposes. This fund accounts for federal and state financial programs, with the exception of grants for major capital projects and the child nutrition programs.

The *capital projects fund* accounts for the proceeds from the sale of bonds, lease purchases and other revenues used for the acquisition or construction of capital facilities and other capital assets, other than those financed by the proprietary funds.

The *debt service fund* accounts for the accumulation of resources for and the payment of principal and interest on long-term general obligation debt of governmental funds.

The District reports the following major proprietary fund which is organized to be self-supporting through user charges:

The *food service fund* accounts for the activities of the school cafeteria, which provides food service to students as well as a la carte and catering services for teachers and special events.

Additionally, the government reports the following fund type:

The *fiduciary trust fund* is used to account for resources legally held in trust for the state unemployment insurance claims, for private donations for scholarship awards, payroll related activities and student related activities which are supported and controlled by student organizations and clubs. All resources of the fund, including any earnings on invested resources, may be used to support the intended purpose. There is no requirement that any portion of these resources be preserved as capital.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the district-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board (GASB). Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The District has elected not to follow private-sector guidance issued subsequent to December 1, 1989.

**PATERSON PUBLIC SCHOOLS  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2012**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)**

As a general rule the effect of interfund activity has been eliminated from the district-wide financial statements. Exceptions to this general rule are charges between the District's proprietary and fiduciary funds since elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues in the district-wide statement of activities include 1) charges to customers or applicants for goods or services, provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all property taxes, unrestricted state aid, federal and state grants for school-based budgeting, investment earnings and miscellaneous revenues.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the food service enterprise fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. Federal and State subsidies for the food service operation are considered nonoperating revenues.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

**D. Assets, Liabilities and Net Assets or Equity**

**1. *Deposits and Investments***

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments are reported at fair value and are limited by N.J.S.A. 18A:20-37.

**2. *Receivables and Payables***

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the district-wide financial statements as "internal balances".

All receivables are reported at their gross value, and where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

Tuition Revenues - Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs are determined and certified by the State Department of Education.

Tuition Expenditures - Tuition charges for the fiscal years 2010-2011 and 2011-2012 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been certified by the State Department of Education.

**PATERSON PUBLIC SCHOOLS  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 FOR THE FISCAL YEAR ENDED JUNE 30, 2012**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Assets, Liabilities and Net Assets or Equity (Continued)**

**2. Receivables and Payables (Continued)**

Property taxes are levied pursuant to law and are collected by the municipality and are transferred to the District as requested. Property tax revenue is recognized in the year they are levied and become available. Property taxes collected in advance of the year-end for which they are levied and transferred to the District are reported as deferred revenues. The tax bills are mailed annually in June by the municipal tax collector and are levied and due in four quarterly installments on August 1, November 1, February 1 and May 1 of the fiscal year. When unpaid, taxes or any other municipal lien, or part thereof, on real property, remains in arrears on April 1<sup>st</sup> in the year following the calendar year levy when the same became in arrears, the tax collector of the municipality shall, subject to the provisions of New Jersey Statute, enforce the lien by placing the property on a tax sale. The municipality may institute annual "in rem" tax foreclosure proceedings to enforce the tax collection or acquisition of title to the property.

**3. Inventories**

The cost of inventories of the governmental fund types are recorded as expenditures at the time individual inventory items are purchased.

Food Service Fund inventories, exclusive of the federal commodities, are valued at cost, using the first-in first-out (FIFO) method. The United States Department of Agriculture (USDA) commodity portion of the Food Service Fund inventory consists of food donated by the USDA. It is valued at estimated market prices by the USDA. The amount of unused commodities at year-end is reported as unearned revenue.

**4. Capital Assets**

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities columns in the district-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of \$2,000 and an estimated useful life in excess of two years. The District was able to estimate the historical cost for the initial reporting of these capital assets through back trending. As the District constructs or acquires additional capital assets each period, they are capitalized and reported at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Land and construction in progress are not depreciated. The other property, plant, and equipment of the District is depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	40
Building and Facility Improvements	15
Vehicles	10
Office Equipment and Furniture	5-10
Computer Equipment	5

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Net Assets or Equity (Continued)

5. *Compensated Absences*

It is the District's policy to permit employees to accumulate (with certain restrictions) earned but unused vacation, personal, and sick leave benefits. A long-term liability of accumulated vacation, personal and sick leave and salary related payments has been recorded in the governmental activities in the district-wide financial statements, representing the District's commitment to fund such costs from future operations. Proprietary Funds accrue accumulated vacation, personal and sick leave and salary related payments in the period that they are earned. A liability is reported in the governmental funds only to the amount actually due at year end as a result of employee resignations and retirements.

6. *Long-term Obligations*

In the district-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Debt premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the debt using the effective interest method. Gains and losses resulting from debt refundings are also deferred and amortized over the life of the refunded debt or new debt whichever is less using the effective interest method. Long-term debt payable is reported net of the applicable debt premium or discount and refunding gains or losses. Debt issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

7. *Fund Equity*

With the implementation of GASB Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions* during fiscal year 2011, fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. Fund balance categories are designed to make the nature and extent of the constraints placed on the District's fund balance more transparent. These categories are comprised of a hierarchy based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

**Restricted Fund Balance** – Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

*Capital Reserve* – This restriction was created by the District in accordance with NJAC 6A:23A-14.1 to fund future capital expenditures (See Note 2.)

*Maintenance Reserve* – This restriction was created by the Board in accordance with NJAC 6A:23A-14.2 to accumulate funds for the required maintenance of school facilities in accordance with the EFCA (NJSA 18A:7G-9) for a thorough and efficient education.

*Maintenance Reserve – Designated for Subsequent Year's Expenditures* - This restriction was created by the Board in accordance with NJAC 6A:23A-14.2 to accumulate funds for the required maintenance of school facilities in accordance with the EFCA (NJSA 18A:7G-9) for a thorough and efficient education that was appropriated in the 2012/2013 original budget certified for taxes.

7. *Fund Equity* (Continued)

Emergency Reserve – This restriction was created in accordance with NJAC 6A:23A-14.4(A)1 to accumulate funds in accordance with State statute to finance unanticipated general fund expenditures required for a thorough and efficient education.

Tuition Adjustment Reserve – This restriction was created in accordance with NJAC 6A:23A-17.1(F)8 to represent foreseeable future tuition adjustments and is required to be liquidated in the second year following the contract year with any remaining balance related to that contract year to be reserved and budgeted for property tax relief.

Reserved Excess Surplus – This restriction was created in accordance with NJSA 18A:7F-7 to represent the June 30, 2012 audited excess surplus that is required to be appropriated in the 2013/2014 original budget certified for taxes.

Reserved Excess Surplus – Designated for Subsequent Year's Expenditures - This restriction was created in accordance with NJSA 18A:7F-7 to represent the June 30, 2011 audited excess surplus that was appropriated in the 2012/2013 original budget certified for taxes.

Debt Service – Represents fund balance restricted specifically for the repayment of long-term debt principal and interest in the Debt Service Fund.

Committed Fund Balance – Amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint.

Year-End Encumbrances – Represents outstanding purchase orders at year end for contracts awarded by formal action of the State District Superintendent with the advise of the Board of Trustees for specific purposes from available resources of the current year for which the goods and materials have not yet been received or the services have not yet been rendered at June 30.

Assigned Fund Balance – Amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority.

Year-End Encumbrances – Represent outstanding purchase orders for goods or services approved by management for specific purposes from available resources of the current year for which the goods and materials have not yet been received or the services have not yet been rendered at June 30.

Designated for Subsequent Year's Expenditures – This designation was created to dedicate the portion of fund balance appropriated in the adopted 2012/2013 District budget certified for taxes.

Unassigned Fund Balance – Represents fund balance that has not been restricted, committed or assigned to specific purposes within the governmental funds.

8. *Reclassifications*

Certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

**PATERSON PUBLIC SCHOOLS  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2012**

**NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

**A. Budgetary Information**

In accordance with the requirements of the New Jersey Department of Education ("the Department"), the District annually prepares its operating budget for the forthcoming year. The budget, except for the general fund and special revenue fund, which is more fully explained below and in the notes to the required supplementary information, is prepared in accordance with accounting principles generally accepted in the United States of America and serves as a formal plan for expenditures and the proposed means for financing them. Capital lease transactions are accounted for on the GAAP basis.

The annual budget is reviewed by the Board and approved by the State District Superintendent in the spring of the preceding year for the general, special revenue and debt service funds. The District is not required to adopt an annual budget for the capital projects fund. The budget is submitted to the State Commissioner of Education and County Superintendent for their review and final approval. Budget adoptions and amendments are recorded in the District's board minutes. The budget is amended by the State District Superintendent as needed throughout the year. The budget for revenues, other resources, other uses, and fund balances is prepared by fund source and amount. The budget for expenditures is prepared by fund, program, function, object and amount. The legal level of budgetary control is established at the line item account within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. The District approved several budget transfers during 2011/2012. During 2011/2012 the District increased the original budget by \$17,230,450. The increase was funded by additional federal and state aid, grant awards and the reappropriation of prior year general fund encumbrances.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America, with the exception of the legally mandated revenue recognition of certain state aid payments for budgetary purposes only and the treatment of encumbrances in the special revenue fund as described in the Notes to Required Supplementary Information (RSI). Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

Encumbrance accounting is employed in the governmental funds. Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as committed or assigned fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services which are reappropriated and honored during the subsequent fiscal year.

**B. Deficit Fund Equity**

The District has an unassigned deficit fund balance of \$32,730,590 in the General Fund as of June 30, 2012 as reported in the fund financial statements (modified accrual basis). NJSA 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, districts must record these delayed state aid payments as revenue, for budget purposes only, in the current school budget year. The statute provides legal authority for school districts to recognize this revenue in the current budget year. GASB Statement No. 33, "Accounting and Financial Reporting for Nonexchange Transactions", requires that intergovernmental transactions (revenue, expenditure, asset, liability) should be recognized in symmetry (i.e., if one government recognizes an asset, the other government recognizes a liability). Since the State of New Jersey is recording certain 2011/2012 budgeted state aid payments in the subsequent fiscal year, the school district cannot recognize such payments on the GAAP (fund) financial statements until the year the State records the payable. Due to the timing difference of recording these delayed state aid payments, the General Fund deficit does not alone indicate that the District is facing financial difficulties; however, unless the State of New Jersey budgets the delayed payments in future years, the District may also report fund balance deficits in the future.

**PATERSON PUBLIC SCHOOLS  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 FOR THE FISCAL YEAR ENDED JUNE 30, 2012**

**NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)**

**B. Deficit Fund Equity**

Pursuant to NJSA 18A:22-44.2, any negative unreserved, undesignated (i.e., unassigned) general fund balance that is reported as a direct result of a delay in the payment of state aid until the following fiscal year, is not considered as a violation of New Jersey Statute or regulation and is not considered an item in need of corrective action. The District deficit in the GAAP (fund) financial statements of \$32,730,590 in the General Fund is less than the delayed state aid payments.

**C. Capital Reserve**

A capital reserve account was established by the District in 2000. The accumulation of funds will be used for capital outlay expenditures in subsequent fiscal years. The capital reserve is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the Department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6:23A-14.1(g), the balance in the reserve cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the fiscal year ended June 30, 2012 is as follows:

Balance, July 1, 2011	\$ 1,000
Increased by:	
Deposits Approved by Board Resolution	<u>1,999,000</u>
Balance, June 30, 2012	<u><u>\$ 2,000,000</u></u>

**D. Transfers to Capital Outlay**

During the 2011/2012 school year, the district transferred \$6,612 to the capital outlay facility acquisition and construction services accounts. The transfer was made from available appropriation balances in current expense budget accounts and approved by Executive County Superintendent.

**E. Calculation of Excess Surplus**

In accordance with N.J.S.A. 18A:7F-7, as amended, the restricted fund balance for Reserved Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance in excess of 2% of budget expenditures at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent year's budget. The excess fund balance at June 30, 2012 is \$13,641,631. Of this amount, \$3,401,870 was designated and appropriated in the 2012/2013 original budget certified for taxes and the remaining amount of \$10,239,761 will be appropriated in the 2013/2014 original budget certified for taxes.

**NOTE 3 DETAILED NOTES ON ALL FUNDS**

**A. Deposits and Investments**

**Deposits**

The District's deposits are insured through either the Federal Deposit Insurance Corporation (FDIC), Securities Investor Protection Corporation (SIPC) or New Jersey's Governmental Unit Deposit Protection Act (GUDPA). The District is required to deposit their funds in a depository which is protecting such funds pursuant to GUDPA. The New Jersey Governmental Unit Deposit Protection Act requires all banks doing business in the State of New Jersey to pledge collateral equal to at least 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of the lesser of 75% of its capital funds or \$200 million for all deposits not covered by the FDIC.

Bank balances are insured up to \$250,000 in the aggregate by the FDIC for each bank. SIPC replaces cash claims up to a maximum of \$250,000 for each failed brokerage firm. At June 30, 2012, the book value of the District's deposits was \$52,707,472 and bank balances of the District's cash and deposits amounted to \$73,832,231. The District's deposits which are displayed on the balance sheets and statement of net assets as "cash and cash equivalents" are categorized as:

Custodial Credit Risk – Deposits – Custodial credit risk is the risk that in the event of a bank failure, the government’s deposits may not be returned to it. The District does not have a policy for custodial credit risk.. As of June 30, 2012 the District’s bank balance of \$263,989 was exposed to custodial credit risk as follows:

**Depository Account**

Uninsured and Collateralized:

Collateral held by pledging financial institution’s trust department but not in the District’s name \$ 263,989

**Investments**

The Board is permitted to invest public funds in accordance with the types of securities authorized by N.J.S.A. 18A:20-37. Examples of the allowable investments are bonds or other obligations of the United States or obligations guaranteed by the United States of America, Government Money Market Mutual Funds, bonds or other obligations of the school district or bonds or other obligations of the local unit or units within which the school district is located, Local Government investment pools, and agreements or the repurchase of fully collateralized securities, if transacted in accordance with the above statute.

As of June 30, 2012, the Board had no outstanding investments.

For the governmental activities, the liability for compensated absences are generally liquidated by the general fund.

**NOTE 4 OTHER INFORMATION**

**A. Risk Management**

The District is exposed to various risks of loss related to property, general liability, automobile coverage, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; student accident; termination of employees and natural disasters. The District has obtained commercial insurance coverage to guard against these events to minimize the exposure to the District should they occur. A complete schedule of insurance coverage can be found in the statistical section of this Comprehensive Annual Financial Report.

The District has established a worker's compensation plan for its employees. Transactions related to the plan are accounted for in the General Fund. The District funds the entire cost of the plan. Claims are paid directly by the plan up to a maximum of \$350,000 for any one accident or occurrence, with any excess benefit being reimbursed through a Re-Insurance Agreement with Employees Reinsurance Corporation. A contingent liability exists with respect to reinsurance, which would become an actual liability in the event the reinsuring company may not be able to meet their obligations to the District under existing reinsurance agreements.

**PATERSON PUBLIC SCHOOLS  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 FOR THE FISCAL YEAR ENDED JUNE 30, 2012**

**NOTE 4 OTHER INFORMATION (Continued)**

**A. Risk Management (Continued)**

Estimates of claims payable and of claims incurred, but not reported (IBNR) at June 30, 2012, are reported as claims and judgments payable and accrued liability for insurance claims, respectively. These estimates were determined based on claim information supplied by the claims administrator and actuary. The unpaid claims liability of \$2,724,810 reported at June 30, 2012 is based on the requirements of the Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

Changes in the balances of claims liabilities for the workmen's compensation plan for the fiscal years ended June 30, 2012 and 2011 are as follows:

<b>Governmental Activities:</b>	<u>Fiscal Year Ended</u>	
	<u>June 30, 2012</u>	<u>June 30, 2011</u>
Unpaid Claims, Beginning of Year	\$ 3,285,755	\$ 3,987,779
Incurred Claims (Including IBNR)	685,066	1,054,872
Claim Payments	<u>(1,246,011)</u>	<u>(1,756,896)</u>
Unpaid Claims, End of Year	<u>\$ 2,724,810</u>	<u>\$ 3,285,755</u>

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverage's in any of the prior three years.

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's fiduciary trust fund for the current and previous two years:

<u>Fiscal Year Ended</u> <u>June 30,</u>	<u>District</u> <u>Contributions</u>	<u>Employee</u> <u>Contributions</u>	<u>Amount</u> <u>Reimbursed</u>	<u>Ending</u> <u>Balance</u>
2012	\$ 3,000,000	\$ 628,785	\$ 1,541,711	\$ 3,113,808
2011	4,300,000	573,626	5,080,937	1,025,721
2010	1,000,000	709,675	1,635,429	1,230,874

**B. Contingent Liabilities**

The District is a party defendant in some lawsuits, none of a kind unusual for a school district of its size and scope of operation. In the opinion of the Board's Attorney the potential claims against the District not covered by insurance policies would not materially affect the financial condition of the District.

**PATERSON PUBLIC SCHOOLS  
NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 4 OTHER INFORMATION (Continued)**

**B. Contingent Liabilities (Continued)**

**Federal and State Awards** – The District participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the District may be required to reimburse the grantor government. As of June 30, 2012, significant amounts of grant expenditures have not been audited by the various grantor agencies but the District believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the District.

**C. Federal Arbitrage Regulations**

The District is subject to Section 148 of the Internal Revenue Code as it pertains to the arbitrage rebate on all tax-exempt obligations, both long and short-term debt. Under the 1986 Tax Reform Act, the Internal Revenue Service (IRS) required that all excess earnings from investment proceeds be rebated to the IRS. Arbitrage, for purposes of these regulations, is defined as the difference between the yield on the investment and the yield on the obligations issued. If there are excess earnings, this amount may be required to be rebated to the IRS. At June 30, 2012, the District had no estimated arbitrage earnings due to the IRS.

**D. Employee Retirement Systems and Pension Plans**

The State of New Jersey sponsors and administers the following contributory defined benefit public employee retirement systems (retirement systems) covering substantially all eligible District employees:

**Public Employees' Retirement System (PERS)** – Established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage, including post-retirement health care, to substantially all full time employees of the State or any county, municipality, school district, or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 10 years of service for pension benefits and 25 years for post-retirement health care coverage.

**Teachers' Pension and Annuity Fund (TPAF)** – Established in January 1955, under the provisions of N.J.S.A. 18A:66 to provide coverage including post-retirement health care to substantially all full time certified teachers or professional staff of the public school systems in the State. Membership is mandatory for such employees and vesting occurs after 10 years of service for pension benefits and 25 years for post-retirement health care coverage.

The State of New Jersey sponsors and administers the following defined contribution public employee retirement program covering certain state and local government employees which include those Board employees who are eligible for pension coverage.

**Defined Contribution Retirement Program (DCRP)** – established under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2008 to provide coverage to elected and certain appointed officials, effective July 1, 2007. Membership is mandatory for such individuals with vesting occurring after one (1) year of membership.

**Other Pension Funds**

The State established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of the State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The state or local government employers do not appropriate funds to SACT.

The cost of living increase for PERS and TPAF, are funded directly by each of the respective systems and are considered in the annual actuarial calculation of the required State contribution for the system.

According to state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement system be terminated.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits, website at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

**Basis of Accounting**

The financial statements of the retirement systems are prepared on the accrual basis of accounting. Employer contributions are recognized when payable to the retirement systems. Benefits or refunds are recognized when due and payable in accordance with the terms of the retirement systems.

**Investment Valuation**

Investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments, and are discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established market are reported at estimated fair values.

The State of New Jersey, Department of the Treasury, Division of Investment, issues publicly available financial reports that include the financial statements of the State of New Jersey Cash Management Fund, Common Pension Fund A, Common Pension Fund B, Common Pension Fund D and Common Pension Fund E. The financial reports may be obtained in writing to the State of New Jersey, Department of the Treasury, Division of Investment, P.O. Box 290, Trenton, New Jersey 08625-0290.

**Significant Legislation**

P.L. 2011, c.78, effective June 28, 2011, made various changes to the manner in which TPAF and PERS operate and to the benefit provisions of those systems.

This new legislation's provisions impacting employee pension and health benefits include:

- New members of TPAF and PERS hired on or after June 28, 2011 (Tier 5 members), will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of  $\frac{1}{4}$  to 1 percent for each month that the member is under age 65.
- The eligibility age to qualify for a service retirement in the TPAF and PERS is increased from age 62 to 65 for Tier 5 members.
- The annual benefit under special retirement for new PFRS members enrolled after June 28, 2011 (Tier 3 members), will be 60 percent instead of 65 percent of the member's final compensation plus 1 percent for each year of creditable service over 25 years but not to exceed 30 years.
- Active member contribution rates will increase. TPAF and PERS active member rates increase from 5.5 percent of annual compensation to 6.5 percent plus an additional 1 percent phased-in over 7 years. For Fiscal Year 2012, the member contribution rates increased in October 2011. The phase-in of the additional incremental member contributions for TPAF and PERS members will take place in July of each subsequent fiscal year.
- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law.

In addition, this new legislation changes the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay).

**Funding Status and Funding Progress**

As of July 1, 2010, the most recent actuarial valuation date, the aggregate funded ratio for all the State administered retirement systems including TPAF and PERS, is 70.5 percent with an unfunded actuarial accrued liability of \$36.3 billion. The aggregate funded ratio and unfunded accrued liability for the State-funded systems is 65.2 percent and \$25.6 billion, and the aggregate funded ratio and unfunded accrued liability for local PERS and Police and Firemen's Retirement System ("PFRS") is 78.5 percent and \$10.7 billion.

The funded status and funding progress of the retirement systems is based on actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under the terms of the retirement systems in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at that point in time. The projection of benefits for financing reporting purposes does not explicitly incorporate the potential effects of legal or contractual limitations on the pattern of cost sharing between the employer and members in the future.

**NOTE 4 OTHER INFORMATION (Continued)**

**D. Employee Retirement Systems and Pension Plans (Continued)**

**Actuarial Methods and Assumptions**

In the July 1, 2010 actuarial valuation, the projected unit credit was used as the actuarial cost method, and the five year average of market value was used as the asset valuation method for the retirement systems. The actuarial assumptions included (1) 8.25 percent for investment rate of return for the retirement systems and (2) 5.45 percent for projected salary increases for the PERS and 5.91 percent for TPAF.

**Employer and Employee Pension Contributions**

The contribution policy is set by laws of the State of New Jersey and contributions are required by active members and participating employers. Plan member and employer contributions may be amended by State of New Jersey legislation with the amount of contributions by the State of New Jersey contingent upon the Annual Appropriations Act. As defined, the retirement systems require employee contributions based on 6.5% for PERS, 6.5% for TPAF and 5.50% for DCRP of the employee's annual compensation.

**Annual Pension Costs (APC)**

Per the requirements of GASB Statement No. 27 for the year ended June 30, 2012 for TPAF, which is a cost sharing plan with special funding situations, the annual pension cost differs from the annual required contribution. For PERS, which is a cost sharing multi-employer defined benefit pension plan, the annual pension cost equals contributions made. TPAF employer contributions are made annually by the State of New Jersey to the pension system on behalf of the Board. PERS employer contributions are made annually by the Board to the pension system in accordance with Chapter 114, P.L. 1997. In the DCRP, which is a defined contribution plan, member contributions are matched by a 3% employer contribution.

During the years ended June 30, 2012, 2011 and 2010 the District was required to contribute for PERS and the State of New Jersey was required to contribute for TPAF for normal cost pension and accrued liability contributions (including non-contributory group life insurance (NCGI)) the following amounts:

Fiscal Year Ended <u>June 30.</u>	<u>PERS</u>	On-behalf <u>TPAF</u>	<u>DCRP</u>
2012	\$ 5,748,688	\$ 6,666,892	None
2011	5,139,921	619,510	None
2010	4,132,512	711,137	None

During the previous two fiscal years, the State of New Jersey did not contribute to the TPAF for normal cost and accrued liability. The State contributed \$6,666,892 during 2011/2012 for normal cost pension, accrued liability and the NCGI premium. For fiscal years 2010/2011 and 2009/2010, the State contributed \$619,510 and \$711,137, respectively, for the NCGI premium only.

Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$13,398,675 during the year ended June 30, 2012 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. This amount, along with the on-behalf TPAF pension contribution, has been included in the district-wide financial statements and the fund financial statements as a revenue and expenditure in accordance with GASB No. 24.

**E. Post-Retirement Medical Benefits**

The State of New Jersey sponsors and administers the post-retirement health benefit program plans for school districts. The Plans are cost sharing multiple employer defined benefit plans.

As a result of implementing Governmental Accounting Standards Board (GASB) Statement No. 43, *Financial Reporting for Post-employment Benefit Plans Other than Pension Plans* (OPEB), effective for Fiscal Year 2007, the State Health Benefits Program (SHBP), and the Prescription Drug Program (PDP), and Post-Retirement Medical (PRM) of the PERS and TPAF are combined and reported as Pension and Other employee Benefit Trust Funds in the State's Comprehensive Annual Financial Report (CAFR). Specifically, SHBP-State, PDP-State, and the PRM of the PERS are combined and reported as a Health Benefits Program Fund – State classified as a single employer plan. The SHBP-Local, PDP-Local, and the PRM of the TPAF are combined and reported as Health Benefits Program Fund –Local Government classified as a cost-sharing multiple-employer plan in the State's CAFR. The post-retirement benefit programs had a total of 514 state and local participating employers and contributing entities for Fiscal Year 2011.

The State of New Jersey sponsors and administers the following health benefit programs covering certain state and local government employees, including those Board employees and retirees eligible for coverage.

**Health Benefits Program Fund (HBPF) – Local Education** (including Prescription Drug Program Fund) – The State of New Jersey provides free coverage to members of the Teachers' Pension and Annuity Fund who retire from a board of education or county college with 25 years of service or on a disability retirement. Under the provisions of P.L. 1992, c.126, the State also provides free coverage to members of the Public Employees' Retirement System and Alternate Benefits Program who retire from a board of education or county college with 25 years of service or on a disability retirement if the member's employer does not provide this coverage. Certain local participating employers also provide post-retirement medical coverage to their employees. Retirees who are not eligible for employer paid health coverage at retirement can continue in the program if their employer participates in this program or if they are participating in the health benefits plan of their former employer and are enrolled in Medicare parts A and B by paying the cost of the insurance for themselves and their covered dependents. Also, education employees are eligible for the PDP coverage after 60 days of employment.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above Fund. The financial reports may be accessed via the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, website at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

**Basis of Accounting**

The financial statements of the health benefit programs are prepared on the accrual basis of accounting. Employer contributions are recognized when payable to the health benefit programs. Benefits or refunds are recognized when due and payable in accordance with the terms of the health benefit programs.

**Significant Legislation**

P.L. 2011, c.78, effective October 2011, sets new employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to this new legislation's effective date with a minimum contribution required to be at least 1.5% of salary.

**NOTE 4 OTHER INFORMATION (Continued)**

**E. Post-Retirement Medical Benefits (Continued)**

**Investment Valuation**

Investments are reported at fair value. Investments that do not have an established market are reported at estimated fair values.

**Funded Status and Funding Progress**

As of July 1, 2010, the most recent actuarial valuation date, the State had a \$59.3 billion unfunded actuarial accrued liability for other post-employment benefits (OPEB) which is made up to \$2.1 billion for state active and retired members and \$38.2 billion for education employees and retirees that become the obligation of the State of New Jersey upon retirement.

The funded status and funding progress of the OPEB is based on actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events in the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under the terms of the OPEB in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at the point in time. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal contractual funding limitations on the pattern of cost sharing between the employer and members in the future.

**Actuarial Methods and Assumptions**

In the July 1, 2010, actuarial valuation, the projected unit credit was used as the actuarial cost method, and the market value was used as asset valuation method for the OPEB. The actuarial assumptions included 4.50 percent for investment rate of return for the OPEB.

**Post-Retirement Medical Benefits Contributions**

P.L. 1987, c. 384 and P.L. 1990, c.6 required the Teachers' Pension and Annuity Fund (TPAF) and Public Employees' Retirement System (PERS), respectively to fund post-retirement medical benefits for those State employees and education employees who retire after accumulating 25 years of credited service or on a disability retirement. As of June 30, 2011, there were 93,323 retirees receiving post-retirement medical benefits and the State contributed \$935.5 million on their behalf. The cost of these benefits is funded through contributions by the State and in accordance with P.L. 1994, c.62. Funding of post-retirement medical benefits changed from a pre-funding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributable to P.L. 1992, c.126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education with 25 years of service. The State paid \$144 million toward Chapter 126 benefits for 15,709 eligible retired members in fiscal year 2011.

**NOTE 4 OTHER INFORMATION (Continued)**

**E. Post-Retirement Medical Benefits (Continued)**

**Post-Retirement Medical Benefits Contributions (Continued)**

The State sets the contribution rate based on a pay as you go basis and not on the *annual required contribution of the employers (ARC)*, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The State's contributions to the State Health Benefits Program Fund for TPAF retirees' post-retirement benefits on behalf of the School District for the years ended June 30, 2012, 2011 and 2010 were \$13,402,192, \$13,158,412 and \$13,356,158, respectively, which equaled the required contributions for each year. The State's contributions to the State Health Benefits Program Fund for PERS retirees' post-retirement benefits on behalf of the School District was not determined or made available by the State of New Jersey.

**NOTE 5 PRIOR PERIOD ADJUSTMENT**

The District recorded a prior period adjustment to reflect expenditures made in prior years that were reported in the Special Revenue Fund but should have been reported in the General Fund. The effect of this prior period adjustment is to reduce by \$1,578,731, the net assets of the Governmental Activities as well as the fund balance, beginning of year, of the General Fund.

REQUIRED SUPPLEMENTARY INFORMATION  
BUDGETARY COMPARISON SCHEDULE  
FOR THE FISCAL YEAR ENDED JUNE 30, 2012**

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America, with the exception of the legally mandated revenue recognition of certain state aid payments for budgetary purposes only and the treatment of encumbrances in the special revenue fund as described below. Encumbrance accounting is also employed as an extension of formal budgetary integration of the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the Special Revenue Fund is maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The following presents a reconciliation of the General and Special Revenue Funds from the budgetary basis of accounting as presented in the Budgetary Comparison Schedule - General Fund and Special Revenue Fund to the GAAP basis of accounting as presented in the Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Funds.

Note:

Beginning with Fiscal Year 2011, the District implemented GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions". The Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. This Statement established fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Reclassification of prior year fund balance amounts to comply with Statement No. 54 is not required.

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable President and Members  
of the Board of Trustees  
Paterson Public Schools  
Paterson, New Jersey

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Paterson Public Schools as of and for the fiscal year ended June 30, 2012, which collectively comprise the Paterson Public Schools' basic financial statements and have issued our report thereon dated November 20, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

### Internal Control Over Financial Reporting

Management of the Paterson Public Schools is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Paterson Public Schools' internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Paterson Public Schools' internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Paterson Public Schools' internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined previously.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the of Paterson Public Schools' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

We noted certain matters that we reported to management of the Paterson Public Schools in a separate report entitled, "Auditors' Management Report on Administrative Findings – Finance, Compliance and Performance" dated November 20, 2012.

This report is intended solely for the information and use of management, the Board of Trustees, others within the District, New Jersey State Department of Education, federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

## REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR 04-04

### Independent Auditor's Report

Honorable President and Members  
of the Board of Trustees  
Paterson Public Schools  
Paterson, New Jersey

### Compliance

We have audited the Paterson Public Schools' compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement and the New Jersey OMB Circular 04-04 State Aid/Grant Compliance Supplement that could have a direct and material effect on each of Paterson Public Schools' major federal and state programs for the fiscal year ended June 30, 2012. Paterson Public Schools' major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirement of laws, regulations, contracts and grants applicable to each of its major federal and state programs is the responsibility of the Paterson Public Schools' management. Our responsibility is to express an opinion on Paterson Public Schools' compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and New Jersey OMB Circular 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards and circulars require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about Paterson Public Schools' compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Paterson Public Schools' compliance with those requirements.

In our opinion, Paterson Public Schools complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2012. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements which are described in the accompanying schedule of findings and questioned costs as items 2012-1 through 2012-4.

### Internal Control Over Compliance

Management of Paterson Public Schools is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered Paterson Public Schools' internal control over compliance with requirements that could have a direct and material effect on a major federal or state program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and New Jersey OMB Circular 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Paterson Public Schools' internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, we identified a certain deficiency in internal control over compliance that we consider to be a significant deficiency as described in the accompanying schedule of findings and questioned costs as item 2012-1. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

The District's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the District's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of management, the Board of Trustees, others within the District, the New Jersey State Department of Education and other federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**PATERSON PUBLIC SCHOOLS  
NOTES TO THE SCHEDULES OF EXPENDITURES OF  
FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE  
FOR THE FISCAL YEAR ENDED JUNE 30, 2012**

**NOTE 1 GENERAL**

The accompanying schedules present the activity of all federal and state financial assistance programs of the Paterson Public Schools. The District is defined in Note 1(A) to the District's basic financial statements. All federal financial assistance received directly from federal agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

**NOTE 2 BASIS OF ACCOUNTING**

The accompanying schedules are presented using the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Notes 1(C) to the District's basic financial statements. The information in these schedules is presented in accordance with requirements of U.S. OMB Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations" and New Jersey OMB Circular 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid". Therefore, some amounts presented in these schedules may differ from the amounts presented in, or used in the preparation of, the basic financial statements.

**NOTE 3 RELATIONSHIP TO BASIC FINANCIAL STATEMENTS**

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on a modified accrual basis with the exception of the revenue recognition of the delayed state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2.. For GAAP purposes, those payments are not recognized until the subsequent year due to the state deferral and recording of certain state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, which may include the delayed state aid payments, whereas the GAAP basis does not. The special revenue fund also recognizes the delayed state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is a decrease of \$1,801,490 for the general fund and an increase of \$198,877 for the special revenue fund. See the Notes to Required Supplementary Information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the District's basic financial statements on a GAAP basis as presented as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>

**NOTE 4 RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS**

Amounts reported in the accompanying schedules may not necessarily agree with the amounts reported in the related federal and state financial reports due to timing differences between the District's fiscal year and grant program years.

**NOTE 5 OTHER INFORMATION**

Revenues and expenditures reported under the National School Lunch Program as non-cash assistance represent current year value received and current year distributions, respectively of the Federal Food Distribution Program. TPAF Social Security contributions in the amount of \$13,398,675 represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the year ended June 30, 2012. The amount reported as TPAF Pension System Contributions in the amount of \$6,666,892 and TPAF Post-Retirement Medical Benefits Contributions in the amount of \$13,402,192 represents the amount paid by the State on behalf of the District for the year ended June 30, 2012. The School Development Authority's ("SDA") Educational Facilities Construction and Financing Act on-behalf payments totaling \$3,632,487 represent the amounts paid by SDA on behalf of the District for the facility project expenditures of the District for the year ended June 30, 2012.

**NOTE 6 ON-BEHALF PROGRAMS NOT SUBJECT TO STATE SINGLE AUDIT**

On-behalf State Programs for TPAF Pension and Post-Retirement Medical Benefits Contributions as well as on-behalf School Development Authority Educational Facility Construction and Financing Act Program payments are not subject to a State single audit and, therefore, are excluded from major program determination. The Schedule of State Financial Assistance provides a reconciliation of State financial assistance reported in the District's basic financial statements and the amount subject to State single audit and major program determination.

**NOTE 7 SCHOOLWIDE PROGRAM FUNDS**

Schoolwide programs are not separate federal programs as defined in OMB Circular A-133; amounts used in schoolwide programs (i.e., school based budgets) are included in the total expenditures of the program contributing the funds in the Schedule of Expenditure of Federal Awards. The following funds by program are included in schoolwide programs in the District.

<u>Federal Program</u>	<u>Amount</u>
Title I, Part A: <i>Improving Basic Programs Operated by Local Education Agencies</i>	\$5,837,999
Title II, Part A: <i>Teacher and Principal Training and Recruiting</i>	59,557
Title III, English Language Acquisition	<u>335,556</u>
Total	<u>\$6,233,112</u>

*Part 3 – Schedule of Federal and State Award Findings and Questioned Costs*

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance, including questioned costs, related to the audit of major federal and state programs, as required by OMB Circular A-133 and New Jersey OMB's Circular 04-04.

**CURRENT YEAR FEDERAL AWARDS**

**Finding 2012-1:**

Our audit of the Federal No Child Left Behind (NCLB) Programs revealed that final grant report expenditures filed on the Electronic Web-Enabled Grant ("EWEG") system were not in agreement with the District's accounting records.

**Federal Program Information:**

84.010A Title I  
84.367A Title II – Part A

**Criteria or Specific Requirement:**

OMB Circular A-133 Compliance Supplement

**Condition:**

Grant expenditures per the final reports were not in agreement with the expenditures reported in the District accounting records and annual audit reports for the respective program year.

**Questioned Costs:**

Unknown.

**Context:**

The final reports filed on the EWEG system for the 2010-11 program year for Title I and Title II-A reflected variances of \$888,895 and \$254,685, respectively, when comparing program expenditures to the District's accounting records. Expenditures reported in the District records were higher than amounts reported on the final program reports.

**Effect:**

The District was not in compliance with reporting requirements of the grant program.

**CURRENT YEAR FEDERAL AWARDS**

**Finding 2012-2**

Our audit of the federal IDEA grant program indicated that individuals and their respective salaries charged to the grant program were not approved in the minutes as grant funded salaries.

**State program information:**

IDEA Part B, Basic  
ARRA – IDEA Part B, Basic  
IDEA Preschool

**Criteria or specific requirement:**

OMB Circular A-133 Compliance Supplement

**Condition:**

Employees' salaries charged to the federal IDEA grant program were not specifically identified and approved in the minutes as grant funded salaries.

**Questioned Costs:**

Unknown.

**Context:**

The District charged salaries to the federal IDEA grant program in the amounts noted below. The individuals whose salaries are charged to these programs were not approved as grant funded salaries.

IDEA Part B, Basic	\$1,175,778
ARRA – IDEA Part B, Basic	\$68,786
IDEA Preschool	\$65,742

**Effect:**

The District is not in compliance with compliance requirements of the grant program.

**Recommendation:**

In all instances, individuals and their respective salaries charged to federal grant programs be approved in the minutes as grant funded expenditures.

**Management's Response:**

Management has reviewed this finding and has indicated procedures will be implemented to ensure all grant funded individuals and their salaries will be identified and approved in the minutes.

**CURRENT YEAR STATE AWARDS**

**Finding 2012-3**

Our audit revealed that certain salaries of Assistant Superintendents were allocated to Improvement of Instructional Services rather than to the appropriate General or School Administration salary budget line accounts.

**State program information:**

Equalization Aid	12-495-034-5120-078
Security Aid	12-495-034-5120-084
Special Education Aid	12-495-034-5120-089

**Criteria or specific requirement:**

State Aid/Grant Compliance Supplement

**Condition:**

See Finding.

**Questioned Costs:**

Unknown.

**Context:**

Salaries totaling \$465,720 for the titles of Special Assistant Superintendent and Assistant Superintendent – School Administration were charged to 11-000-221-101, Improvement of Instructional Services rather than 11-000-230-100, General Administration or 11-000-240-103, School Administration as appear appropriate.

**Effect:**

The District was not in compliance with specific requirements of the State Aid – Public Grant Compliance supplement.

**Recommendation:**

The District reference The Uniform Minimum Chart of Accounts for New Jersey Public Schools, 2008 Edition and other available reference materials, such as the Budget Guidelines, for the proper classifications required to be in compliance with N.J.A.C. 6A:23A-16.2(f).

**Management's Response:**

Management has reviewed this finding and has indicated it will review these positions to determine the appropriate budget line accounts to be charged based on their job description.

**State program information:**

Transportation Aid 12-495-034-5120-014

**Criteria or specific requirement:**

State Aid/Grant Compliance Supplement

**Condition:**

Student counts claimed as Regular-Public, Special Education-Public and Special Needs-Public were not in agreement with the respective supporting workpapers and documentation.

**Questioned Costs:**

Unknown.

**Context:**

The District over-reported the students reported as Regular-Public by 14 and Special Education-Public by 46. The District under-reported the students reported as Special Needs-Public by 25.

**Effect:**

The District is not in compliance with Transportation Aid program requirements.

**Recommendation:**

Amounts reported on the DRTRS reflect amounts included in the respective supporting workpapers and documentation to support student eligibility.

**Management's Response:**

Management has reviewed this finding and has indicated it will revise its procedures over reporting of student accounts on the DRTRS.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2012**

This section identifies the status of prior-year findings related to the basic financial statements and federal and state awards that are required to be reported in accordance with Chapter 6.12 of *Government Auditing Standards*, U.S. OMB Circular A-133 (Section .315(a)(b)) and New Jersey OMB's Circular 04-04.

**STATUS OF PRIOR YEAR FINDINGS**

**Finding 2011-1:**

Our audit of purchase orders and expenditures revealed the following:

- Salaries and wages are encumbered at the beginning of the fiscal year for the full amount of the respective budget line item appropriation rather than for projected obligations of existing personnel of the District for the fiscal year.
- Budget appropriations and related encumbrances were not modified or adjusted to reflect new hires or the transfer/termination of existing employees.
- Purchase orders for employee health benefits were encumbered on a monthly basis as invoices were received rather than at the beginning of the fiscal year for the projected obligation of the District for the fiscal year.

**Current Status**

Corrective action has been taken.

**Finding 2011-2:**

Our audit of the capital assets revealed the following:

- Records were not presented for audit in a timely manner.
- Certain assets acquired during the fiscal year were not included in the capital assets accounting system at year end.
- Certain supplies and materials purchased were charged to the capital outlay budget (Fund 12) rather than to the operating budget (Fund 11) line accounts.
- The District provided a reconciliation of variances between the financial accounting records and the capital assets accounting system. However, adjustments to the respective budget and capital assets system records were not made to account for such reconciled variances.

**Current Status**

Corrective action has been taken.

**Finding 2011-3:**

Our audit indicated that the District did not always provide notification to the Office of the State Comptroller of contracts awarded for amounts exceeding \$2 million in accordance with NJSA 52:15C-10.

**Current Status**

Corrective action has been taken.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2012**

This section identifies the status of prior-year findings related to the basic financial statements and federal and state awards that are required to be reported in accordance with Chapter 6.12 of *Government Auditing Standards*, U.S. OMB Circular A-133 (Section .315(a)(b)) and New Jersey OMB's Circular 04-04.

**STATUS OF PRIOR YEAR FINDINGS (Continued)**

**Finding 2011-4:**

**Finding** – Our audit of the Federal No Child Left Behind Program revealed the following:

- Grant receipts were not allocated to the proper program year as reflected in the Electronic Web-Enabled Grant (“EWEG”) system.
- Final grant report expenditures filed on the EWEG system were not always in agreement with the District’s accounting records and reports of audit.

**Current Status**

See Finding 2012-1.

**Finding 2011-5**

Our audit revealed that salaries of two (2) Assistant Superintendents of Operations were allocated to Improvement of Instructional Services rather than to General Administration salary budget line accounts. In addition, we noted certain capital improvements and equipment acquisitions were charged to the operating budget (Fund 11) rather than the capital outlay budget (Fund 12) line accounts.

**Current Status**

See Finding 2012-3.
