Tip for Uploading Forms:

You will need to first have an image saved on your computer, phone, or tablet to upload. If uploading from your phone or tablet, you can simply take a picture of the vaccine form and select that image to upload from your photos. If using a computer, you can email yourself the picture, open the image from your email on the computer, save it to your computer desktop, and upload the image from your computer desktop. (Word document, PDF, photo image, etc. are acceptable attachments.)

Tip for Form Verification:

Prior to uploading your form, it is important to ensure that all fields on the form are completed. If there is missing information you will be contacted by beBetter via phone call or email. If the corrected form is not submitted to beBetter your completion status and points will be removed for that corresponding form and you will need to resubmit your completed form through your beBetter wellness portal.
